French theory that have proven most useful to American feminists social theory and psychoanalytic theory Both of these trends move away from any traditional discussions of nature toward discussions of socially constructed notions of sex sexuality and gender roles While feminists interested in social theory focus on the ways in which social institutions shape these notions feminists interested in psychoanalytic theory focus on cultural representations of sex sexuality and gender roles and the ways that they affect the psyche This collection includes selections by Simone de Beauvoir Christine Delphy Colette Guillaumin Monique Wittig Michele Le Doeuff Julia Kristeva Luce Irigaray and Helene Cixous **Handbuch Frauen- und Geschlechterforschung** Ruth Becker, Beate Kortendiek, 2010-09-08 Das Handbuch der Frauen und Geschlechterforschung bietet mit seinen Beiträgen zu über 100 Stichworten einen fundierten Überblick über die Entwicklung und den aktuellen Stand der deutschsprachigen und internationalen Frauen und Geschlechterforschung Es eignet sich insbesondere als Nachschlagewerk für Forschung und Lehre Die Aufsätze behandeln zentrale Fragen der Frauen und Geschlechterforschung aus unterschiedlichen Disziplinen Soziologie Pädagogik Politik Geschichte Theologie Philosophie Kultur Medizin Psychologie Wirtschaft Recht Technik und Naturwissenschaften und auf unterschiedlichen Ebenen Das Spektrum der Beiträge reicht von den theoretischen Konzepten zum Geschlecht über Methoden der Frauen und Geschlechterforschung bis zu zentralen Forschungs- und Arbeitsfeldern Die Artikel bieten einen Überblick über die jeweiligen zentralen Definitionen grundlegenden Studien und Debatten sowie über die aktuellen Forschungsergebnisse des vorgestellten Themenbereichs und geben einen Ausblick auf Forschungsfragen und Zukunftsvisionen *Feminist Collections* University of Wisconsin System. Feminist Bookstore News, 1996 **Imagined Sisterhood** Sandra Reineke, 2004 This dissertation examines a selection of postwar women's writing to investigate how women reacted to persisting political and social inequalities after they acquired full active citizenship in 1944 In particular this study is concerned with one of the most striking examples of continued repressive state laws that is abortion laws which denied women the right to control their own bodies a right included in the liberal republican ideal of citizenship To this end the study analyses three types of political writing high feminist literature mass cultural texts and feminist reviews to show how women's writing creates a politically potent community for women which I have called imagined sisterhood My main point throughout the study is that this alternative social space represents and promotes women's collective political agency despite women's continued political

marginalization in postwar French public culture Through analysis of the symbolic representations of women and their bodies in these texts I show how personal experiences of the body related to sexuality and reproduction are central to postwar women s activism In fact women s corporeality represents something very unique and historically specific to postwar gender politics I argue thus that women s political activism or the politics of sisterhood constitute an historically unique expression of French feminism as women demanded for the first time equal rights based on their corporeal difference from men Exemplified is this effort in the struggle for reproductive freedom in which women collectively challenged the French state to abandon its laws criminalizing abortion and to recognize women s rights It is in this way that an analysis of the politics of sisterhood contributes to our understanding of women s political activism an issue so far undertheorized in the field of democratic theory

On Feminist Ethics and Politics Claudia Card, 1999 For years mainstream feminist ethics focused criticism on male supremacy Feminist philosophers in this volume adopt a less male focused stance to look closely at oppression s impact on women s agency and on women s relations with women Examining legal social and physical relationships these philosophers confront moral ambiguity moral compromise and complicity in perpetuating oppression Combining personal experience with philosophical inquiry they vividly portray their daily engagement with oppression as both victims and perpetrators They explore such issues as how pornography silences women and radical feminist politics complicity in racism Among these insightful essays Sandra Bartky argues that women share guilt for racism when they benefit from it without protest Susan Brison reflects on uses of narrative in trauma recovery from such experiences as being targeted for rape or murder Joan Callahan examines fallout of derogatory speech directed at lesbians Virginia Held proposes carrying care into marketplaces and governments and in her introduction Claudia Card draws on Primo Levi s conception of gray zones in exploring dangers of character damage to victims of misogyny A fitting companion to Card s highly regarded *Feminist Ethics* this volume interweaves observations on character political ethics violence and love into an accessible sourcebook for students It tackles some of feminism s most pressing issues and helps readers to identify and then overcome the real damage caused by oppression
