Randolph Wright,2010-04-30 This book outlines prophecies that Gorbachev has fulfilled according to biblical scriptures In the authors view he has fulfilled more than ten prophecies related to the antichrist Did Gorbachev plan the coup de tat in 1991 in order to fulfill bibilical prophecies A coming showdown between Russia Iran vs America Israel that will lead to WWIII The Gorbachev Osama Bin Laden connection Proof that we are living in the final days before the second coming of Jesus Christ *A Kingdom of the Truth or Deception?* David K. Hebert Th.D.,2024-12-18 This book has been the culmination of over forty years of study on the concept of defending the Christian faith against false religions and cults that oppose that faith by exposing them Since 2007 the study took on a more academic researched scholarly tone while writing one chapter in the doctoral work It was during that time frame that studying the false religions and cults took on a more focused biblical historical and Christian orthodox direction So the foundation of this book uses the Parable of the Wheat and the Weeds Tares in Matthew 13 24 30 36 43 and a clear understanding of the core orthodox Christian beliefs as the standard for Christians to compare the kingdom of God versus the kingdom of darkness and God s truth versus Satan s lies error throughout biblical history from the Garden of Eden to the present day especially as the day of Jesus Christ s return so rapidly approaches

Unmasking the Monsters ! Victor Olabimtan,2004 *The Catholic Church's Most Influential Religious Military Orders* Charles River Editors,2025-05-01 For centuries Christians and Muslims were embroiled in one of the most infamous territorial disputes of all time viciously and relentlessly battling one another for the Holy Land In the heart of Jerusalem sat one of the shining jewels of the Christian faith the Church of the Holy Sepulchre Legend has it that this was where their Savior had been buried before his fabled resurrection What was more it was said to house the very cross Jesus Christ had died upon It was for precisely these reasons that fearless pilgrims near and far risked their lives and made the treacherous trek to Jerusalem The Order of the Temple of Solomon also known as the Templars or the Knights Templar is one of the best known and least understood groups in history They appear prominently in everything from novels The Da Vinci Code to films as the Knights of the Cruciform Sword in Indiana Jones and the Last Crusade to videogames Assassin s Creed In these stories they are a sinister cult that manipulated historical events since the Middle Ages via intimidation and assassination They are

usually connected to the Freemasons and sometimes to other historical cults like the Hindu Thuggees The real Templars were both more mundane and more fascinating than the myths and legends They were the first military religious order monks who were also knights The founding members were veterans of the First Crusade in Palestine and their main goal was in fact benign They formed their group as a small tertiary order Lay people who took monastic vows but lived in the larger community in Jerusalem policing the pilgrim routes and shrines of the Levant and protecting travelers from the many bandits that infested the area Even though they were used as the core of Crusader armies during the later crusades the Templars never wavered from their original goal The Templars were split into knights about ten percent of the Order sergeants and chaplains the other ninety percent with the non noble sergeants comprising the majority of the Order according to historians like Malcolm Barber in his history of the Order The New Knighthood The knights fought in the main part of the Templar army but the sergeants appear to have backed up the knights in battle both as horsemen and as a small infantry The sergeants also worked as servants and in non military support functions on the Templar farms granges that supported the Order The chaplains were a small group of priests who were rotated into the Order on a temporary basis and served the monks religious needs As the dissipating fog gave way to an unnerving sight the mass of frightening figures clad head to toe in gleaming armor would have been enough to take anyone's breath away Some of them were mounted on the backs of handsome stallions while others leaned forward with squared shoulders ready to attack In one swift motion the men unsheathed their swords and raise it over their heads their weapons winking as the glare of the sunlight bounces off the blade To the somewhat trained eye these warriors in Norman inspired gear would have appeared to be one of the Crusader forces but it is that bold black cross painted across their chests and shields that give them away These men were none other than the fabled Teutonic Knights The knights of the Teutonic Order have since been compared to the surreal creature that appeared to the biblical Ezekiel one that bore 2 faces one of a man's and one of a lion's The human side of the creature is said to symbolize the order's charity whereas the lion was a metaphor for its valor and gallant spirit which they relied on to vanquish the heathens of the world

secrecy as a cross cultural category in the study of religion Urban s reflections on the ethical and epistemological dilemmas involved in studying traditions that wish to remain secret will set a new standard for discussion of this controversial issue
