The assistant soccer coach Denis Silva Puig, 2020-06-13 The assistant soccer coach has existed for decades and is a standard figure within the coaching staff with specific roles functions and responsibilities However I find it strange that nobody has yet described this profession formally I used to only be a head coach until one day I was proposed to be the assistant coach of U18 team of FC Barcelona That is when I started thinking about writing this book moved by my desire to continue learning If I wanted to train in my new role I could only do it by asking others and observing training sessions But I was missing one of the pillars

that has forever supported my training studying and reading With this book I hope to cover that lack of information The book is divided into two parts the first is based on describing the assistant coach in professional soccer and I have not found a more practical way to do it than through interviews with assistant coaches Each interviewee has contributed his experiences from working with the most recognized soccer coaches I am talking about people who have worked with Vicente del Bosque Ernesto Valverde Luis Enrique Pep Guardiola Mauricio Pochettino Sergio Gonz lez Quique S nchez Flores and Paulo Sousa The second part of the book is related to Youth soccer which I have experienced in clubs like Atl tico de Madrid and FC Barcelona I propose the role of the assistant coach working in Youth soccer to be more formative and educational than what is currently given and I want to direct their effort towards two dimensions the team s sporting performance which the vast majority do and the individualized analysis of the young player which very few do This second dimension is described in the last chapter to demonstrate a new vision of assistant coaches in Youth soccer who in my view have to dedicate their time to improving the players as an athlete and as a person in a more personalized and integral way
