The Seven-point Mind Training B. Alan Wallace, 2004 In this society with its hurly burly pace demanding of our time it is ever so easy to let life slip by The process of simply existing is not necessarily meaningful And yet there is an unlimited potential for meaning and value in this human existence The Seven Point Mind Training is one eminently practical way of tapping into that meaning The central theme of the Seven Point Mind Training is to make the liberating passage from the constricting solitude of self centeredness to the warm kinship with others which occurs with the cultivation of cherishing others even more than oneself This mind training technique is especially well suited for an active life It does not require that we withdraw into seclusion but that we re examine all of our relationships to family friends enemies and strangers and gradually transform our responses to whatever life throws our way Book jacket The Crystal Mirror of Philosophical **Systems** Blo-bzang-chos-kyi-nyi-ma (Thu'u-bkwan III),2009-04 The Crystal Mirror of Philosophical Systems by Thuken Losang Ch kyi Nyima 1737 1802 is probably the widest ranging account of religious philosophies ever written in pre modern Tibet Thuken was a cosmopolitan Buddhist monk from Amdo Mongol by heritage Tibetan in education and equally comfortable in a central Tibetan monastery or at the imperial court in Beijing Like most texts on philosophical systems his Crystal Mirror covers the major schools of India both non Buddhist and Buddhist but then goes on to discuss in detail the entire range of Tibetan traditions as well with separate chapters on the Nyingma Kadam Kagy Shij Sakya Jonang Geluk and B n Not resting there Thuken goes on to describe the major traditions of China Confucian Daoist and Buddhist as well as those of Mongolia Khotan and Shambhala The Crystal Mirror is unusual too in its concern not just to describe and analyze doctrines but to trace the historical development of the various traditions All this makes the Crystal Mirror an eloquent erudite and informative textbook on the religious history and philosophical systems of an array of Asian cultures and provides evidence that serious and sympathetic study of the history of religions has not been a monopoly of Western scholarship
