Sex In The Head Visions Of Femininity And Film In D H Lawrence:

Sex in the Head Linda Ruth Williams,1993 On D H Lawrence and visual sex *Sex In The Head* Linda R. Williams,2016-07-01 In *Sex in the Head* Linda Ruth Williams uses psychoanalysis and recent feminist film theory to analyze a network of ideas which link looking with sexuality and difference in the work of a writer who disavowed yet covertly enjoyed the pleasures and power of vision The book is a departure from the long history of feminist readings of Lawrence in that it discusses his engagement with theories of the gaze and its cultural forms cinema photography painting and the visual dynamics and metaphors of literary texts as a way of thinking through gender It shows him arguing on the one hand against the evils of cinema and visual sex while relishing through the eyes of women the moving spectacle of those male bodies which populate the pages of his books It also questions what it is about the work of such an adamant cinephobe which has made it so thoroughly adaptable for film and television The Problem with Pleasure Laura Frost,2013-07-16 A revealing study of the sensual tensions powering the period s formal and ideological innovations *Modernism and Perversion* A. Schaffner,2015-12-11 Charting the construction of sexual perversions in nineteenth and early twentieth century medical psychiatric and psychological discourse Schaffner argues that sexologists preoccupation with these perversions was a response to specifically modern concerns and illuminates the role of literary texts in the formation of sexological knowledge *Androgyny in Modern Literature* T. Hargreaves,2004-11-10 *Androgyny in Modern Literature* engages with the ways in which the trope of androgyny has shifted during the late nineteenth and twentieth centuries Alchemical platonic sexological psychological and decadent representations of androgyny have provided writers with an icon which has been appropriated in diverse ways This fascinating new study traces different revisions of the psycho sexual embodied cultural and feminist fantasies and repudiations of this unstable but enduring trope across a broad range of writers from the fin de si cle to the present **Writing the Body in D.H. Lawrence** Paul Poplawski,2001-02-28 One of Lawrence s main concerns in his art was to explore and experiment with new ways of writing about the body But with one or two notable exceptions few critics have systematically interrogated the broader ramifications of this concern especially in terms of contemporary theoretical debates about language representation and sexuality This book remedies that situation by considering some of the social cultural and ideological contexts of Lawrence s writings of the body and by engaging closely with his texts from a range of pertinent theoretical positions The essays included in this volume are written by experts from around the world The contributors provide detailed discussions of specific major works by Lawrence and employ theoretical approaches which give special attention to language representation and sexuality including postmodernism Marxism structuralism the sociology of censorship Freudian and Jungian psychoanalysis feminism and gender studies and narrative theory While Lawrence s major novels and short stories provide the main focus for the volume the book also examines his lesser known writings including unfinished story fragments introductions and forewords and literary and journalistic essays Modernism and Cultural

Conflict, 1880-1922 Ann L. Ardis, 2002-10-31 In *Modernism and Cultural Conflict* Ann Ardis questions commonly held views of the radical nature of literary modernism. She positions the coterie of writers centred around Pound, Eliot and Joyce as one among a number of groups in Britain intent on redefining the cultural work of literature at the turn of the twentieth century. Ardis emphasizes the ways in which modernists secured their cultural centrality; she documents their support of mainstream attitudes toward science, their retreat from a supposed valuing of scandalous sexuality in the wake of Oscar Wilde's trials in 1895 and the conservative cultural and sexual politics masked by their radical formalist poetics. She recovers key instances of opposition to modernist self-fashioning in British socialism and feminism of the period. Ardis goes on to consider how literary modernism's rise to aesthetic prominence paved the way for the institutionalization of English studies through the devaluation of other aesthetic practices.

Reading 1922 Michael North, 2001-12-20 This engaging study returns to a truly remarkable year: the year in which both *Ulysses* and *The Waste Land* were published, in which *The Great Gatsby* was set and during which the Fascists took over in Italy, the Irish Free State was born, the Harlem Renaissance reached its peak, Charlie Chaplin's popularity crested and King Tutankhamen's tomb was discovered. In short, the year which not only in hindsight became the primal scene of literary modernism but which served as the cradle for a host of major political and aesthetic transformations resonating around the globe. In his previous study, the acclaimed *Dialect of Modernism* (OUP, 1994), Michael North looked at the racial and linguistic struggles over the English language which gave birth to the many strains of modernism. Here he expands his vision to encompass the global stage and tells the story of how books changed the future of the world as we know it in one unforgettable year.

The Cambridge History of Twentieth-Century English Literature Laura Marcus, Peter Nicholls, 2004 Publisher Description

Political Gender Sally Ledger, Josephine McDonagh, Jane Spencer, 2014-07-10 In recent years, feminist scholars through their insistence on the key role of gender in critical analysis have brought about a profound revitalization of literary and cultural studies. This text draws together work by leading exponents in the field. The essays explore the operations of gender in the production of knowledge and the formation of cultural representations in a wide variety of contexts, from German romantic poetry to the literature of AIDS, from Victorian ethnography to tabloid constructions of race. All of the essays engage in problems of representation intervening in current debates in critical theory.

Englische Literaturgeschichte des 20. Jahrhunderts Ina Schabert, 2006

The Woman who Rode Away David Herbert Lawrence, 2006 In his introduction James Lasdun discusses the theme of liberation and the ways in which it is conveyed in these works. Using the restored texts of the Cambridge edition, this volume includes further reading, a new chronology and notes by Paul Poplawski.

Beyond the Heroic "I" Stephen P. Clifford, 1998 Through narrative and gender theories, this study deconstructs the gender-based assumptions we make in reading narratives and Clifford focuses by way of example on the critical responses that have narrowly defined the fiction of D. H. Lawrence and Ernest Hemingway during the past 60 years. Hemingway and Lawrence have been rigidly defined by formalists and feminists.

alike as overbearingly masculine and as a result many critical readers dismiss their fiction as rather finite in its interpretive possibilities In addressing the gender based assumptions made by readers of these modernist writers this study re evaluates the narrative desire of characters like Brett Ashley and Frederic Henry Ursula Brangwen and Connie Chatterley as they respond to the heroic centers of their narratives whether those centers are characters who inhabit the novel or critical readers who enforce limited reading strategies By responding to the critical legacy surrounding these modernist texts he reveals ways in which these novels and stories actually deny the limitations of a codified heroic narrative

New Literature on Women ,1997 *New Books on Women and Feminism* ,1994 Journal of Narrative Theory ,2008 **The BFI Companion to Horror** British Film Institute,1996 A handbook of horror cinema Oriental Lawrence Gerald Doherty,2001 Oriental Lawrence The Quest for the Secrets of Sex explores D H Lawrence s engagement with Eastern systems of thought especially Buddhism and Yoga which were his main sources of interest It tracks their impact on his thinking and their influence on his fiction Lawrence looked to the East less for social political or cultural resolutions to the chronic problems that beset the West but to engage with limit situations moments of radical transformation when the self sheds its social accoutrements and discovers dynamic new ways of being in the world He sought those new levels of awareness new modes of desire new ways of transmuting the self and new soteriological goals that the West seemed unable to offer
