Human Sexuality Vern L. Bullough, Bonnie Bullough, 2014-01-14 First Published in 1994 The purpose of an encyclopedia is to gather in one place information that otherwise would be difficult to find Bring together a collection of articles that are authoritative and reflect a variety of viewpoints The contributors come from a wide range of disciplines from nursing to medicine from biology to history and include sociologists psychologists anthropologists political scientists literary specialists academics and non academics clinicians and teachers researchers and generalists *The Sexual Demon of Colonial Power* Greg Thomas, 2007 Interrogates the language of body politics in the context of neo colonialist domination **Sexuality, Intimacy, Power** Muriel Dimen, 2023-11-28 This book offers Dimen's classic take on psychosexuality drawing on relational theory feminism and postmodernism with a new foreword by Virginia Goldner and Velleda Ceccoli honouring the late Muriel Dimen and introducing a new audience to her profound legacy For Dimen the shift from dualism to multiplicity that has reshaped a range of disciplines can also be brought to bear on our thinking about sexuality She urges us to return to the open mindedness hiding between the lines and buried in the footnotes of Freud's writings and to replace the determinism into which his thought has hardened with more fluid notions of contingency paradox and thirdness By unveiling the colloquy among psychoanalysis social theory and feminism Dimen challenges clinicians and academicians alike to rethink ideas about gender eroticism and perversion She explores among other topics the relations between lust and libido the limitations of Darwinian thought in theorizing homosexuality the body as projective test and the intimate tangle of love and hate between women Generous clinical examples illustrate the ways in which a radical re-visioning of psychosexuality benefits therapists and patients alike A brilliant example of contemporary psychoanalytic theory at its destabilizing best Sexuality Intimacy Power covers both clinical insights and theoretical rethinking that is invaluable for psychoanalysts psychotherapists and students of women's gender and queer studies *The Publishers' Trade List Annual*, 1975 Preparing For Marriage Dr Anthony Grugni, 1983 The Routledge Guidebook to Foucault's The History of Sexuality Chloe Taylor, 2016-11-03 Michel Foucault's *The History of Sexuality* is one of the most influential philosophical works of the twentieth century and has been instrumental in shaping the study of Gender Feminist Theory and Queer Theory But Foucault's writing can be a difficult book to grasp as Foucault assumes a familiarity with the intellectually dominant theories of his time which renders many passages obscure for newcomers to his work *The Routledge Guidebook to Foucault's The History of Sexuality* offers a clear and comprehensive guide to this groundbreaking work examining The historical context in which Foucault wrote A critical discussion of the text which examines the relationship between *The History of Sexuality* *The Use of Pleasure* and *The Care of The Self* The reception and ongoing influence of *The History of Sexuality* Offering a close reading of the text this is essential reading for anyone studying this enormously influential work The Sexual Instinct James Foster Scott, 1898 *Giving Offense* J. M. Coetzee, 1996 A coherent unorthodox analysis of censorship from the perspective of one who has lived and

worked under its shadow The essays attempt to understand the passion that plays itself out in acts of silencing and censoring and argue that a destructive dynamic of belligerence and escalation tends to overtake the rivals in any field ruled by censorship Sex, Time, and Power Leonard Shlain, 2004-08-03 As in the bestselling *The Alphabet Versus the Goddess* Leonard Shlain's provocative new book promises to change the way readers view themselves and where they came from *Sex Time and Power* offers a tantalizing answer to an age old question Why did big brained Homo sapiens suddenly emerge some 150 000 years ago The key according to Shlain is female sexuality Drawing on an awesome breadth of research he shows how long ago the narrowness of the newly bipedal human female's pelvis and the increasing size of infants heads precipitated a crisis for the species Natural selection allowed for the adaptation of the human female to this environmental stress by reconfiguring her hormonal cycles entraining them with the periodicity of the moon The results however did much more than ensure our existence they imbued women with the concept of time and gave them control over sex a power that males sought to reclaim And the possibility of achieving immortality through heirs drove men to construct patriarchal cultures that went on to dominate so much of human history From the nature of courtship to the evolution of language Shlain's brilliant and wide ranging exploration stimulates new thinking about very old matters Sex Energy Robert Sylvester De Ropp, 1972 *The Publishers Weekly*, 1971 **American Book Publishing Record**, 1971 *Sex Energy* Robert S.
