Politics and Administration in Nigeria 'Ladipo Adamolekun,1993 State-Directed Development Atul

Kohli,2004-08-30 Why have some developing country states been more successful at facilitating industrialization than others An answer to this question is developed by focusing both on patterns of state construction and intervention aimed at promoting industrialization Four countries are analyzed in detail South Korea Brazil India and Nigeria over the twentieth century The states in these countries varied from cohesive capitalist mainly in Korea through fragmented multiclass mainly in India to neo patrimonial mainly in Nigeria It is argued that cohesive capitalist states have been most effective at promoting industrialization and neo patrimonial states the least The performance of fragmented multiclass states falls somewhere in the middle After explaining in detail as to why this should be so the study traces the origins of these different state types historically emphasizing the role of different types of colonialisms in the process of state construction in the developing world

National Security, Democracy, and Good Governance in Postmilitary-Rule Nigeria, Volume Two Dr. Dan Mou, 2017-01-12 This book shows that the security economic political and social problems challenging national security democracy and good governance currently in Nigeria would get better or worse depending on what happens to the 71 percent of Nigerias population still living below the poverty line This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth this country will witness worse civil disobedience violence revolts militancy breakdown of law and order more kidnappings and more of the citizens trying to check out of the country to other parts of the world in the future It concludes however that under such intense pressures the Government of Nigeria even if it is simply for its self preservation will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria These are the ones who have for long captured and hijacked state power and the resources of the country for their exclusive use There is this perception that Nigerians dont write and read This perception is deep seated even among intellectuals who see our authors as shallow researchers But Dr Dan Mou has debunked that myth and shown that Nigerians can write well researched and detailed books It is quite prophetic in its assessment of the Nigerian State Agbo Agbo deputy editor The Nation Dr Dan Mou has proven himself a world class scholar and an intellectual colossus His reputation as an internationally renowned public policy expert has continued to soar I congratulate him for these remarkable achievements Professor Justice Abdul Fatai Kuti first justice of Abuja High Court and former dean faculty of law University of Ado Ekiti Ekiti State of Nigeria Dr Mou is certainly one of the best scholars we have on the African continent As an educationist myself before I became a traditional ruler I agree totally with his analysis and conclusions I share the optimism Dr Mou has expressed that once the recommendations therein are adopted and meticulously implemented with proper monitoring and evaluation of such resultant policies and programmes Nigeria and indeed Africa would be able to solve most of these challenges HRH Alh Dr Sheban Audu Nizazo III Etsu Kwali Etsu Kwalis Palace Abuja Nigeria *Joint Acquisitions List of Africana* ,1986 Fachkatalog Afrika: Pt. 3.
