

“Personalities, rather than policies, win elections”

Evaluate this statement

Democratic political analysis remains equivocated about whether personality or policy holds greater significance in Australian electoral outcomes.<sup>1</sup> A preference of personality or policy is subjective to the idiosyncrasies of each voter though it always remains favourable if the candidate exhibits a likable

<sup>1</sup> Lohr, Marina Costa, and John Curtice, eds. *Personality politics? The role of leader evaluations in democratic elections*. Oxford, 2014.

# Politics And Personality

**John T. Jost, Jim Sidanius**

## **Politics And Personality:**

**Political Psychology: The Role of Personality in Politics** Scott Pruysers, Julie Blais, Philip Gordon Chen, 2021-11-05

**Politics, Personality, and Social Science in the Twentieth Century** Harold Dwight Lasswell, 1969-08-15 Harold Lasswell is one of America's most distinguished political scientists a man whose work has had enormous impact both in the United States and abroad upon not only his own field but also those of sociology psychology and psychiatry economics law anthropology and communications This collection of essays is the first full scale effort to deal with the voluminous writings of Lasswell and explore his at once charming and baffling personality which is perhaps inseparable from the inventiveness unconventionality and unusual scope of his work The authors of these essays many of whom are former students or collaborators view their subject from a variety of perspectives What emerges is a full assessment of Lasswell's many faceted contribution to the social scholarship of his time *Personality and the Foundations of Political Behavior* Jeffery J.

Mondak, 2010-05-31 *Personality and the Foundations of Political Behavior* is the first study in more than 30 years to investigate the broad significance of personality traits for mass political behavior Drawing on the Big Five personality trait framework Jeffery J Mondak argues that attention to personality provides a valuable means to integrate biological and environmental influences in rich nuanced theories and empirical tests of the antecedents of political behavior Development of such holistic accounts is critical Mondak contends if inquiry is to move beyond simple blank slate environmental depictions of political engagement Analyses examining multiple facets of political information political attitudes and participation reveal that the Big Five trait dimensions openness to experience conscientiousness extraversion agreeableness and emotional stability produce both direct and indirect effects on a wide range of political phenomena **Introduction to Political**

**Psychology** Martha L. Cottam, Beth Dietz-Uhler, Elena Mastors, Thomas Preston, Beth Dietz, 2010-01-21 This comprehensive user friendly introductory textbook to political psychology explores the psychological origins of political behavior The authors introduce readers to a broad range of theories concepts and case studies of political activity to illustrate that behavior The book examines many patterns of political behaviors including leadership group behavior voting race ethnicity nationalism terrorism war and genocide It explores some of the most horrific things people do to one another for political purposes as well as how to prevent and resolve conflict and how to recover from it The goal is to help the reader understand the enormous complexity of human behavior and the significant role political psychology can play in improving the human condition The book contains numerous pedagogical features including text boxes highlighting current and historical events to help students see the connection between the world around them and the concepts they are learning Different research methodologies used in the discipline are employed such as experimentation and content analysis The Political Being is used throughout to remind the reader of the psychological theories and concepts to be explored in each chapter New to the second edition is coverage of recent political events including the 2008 US presidential election Darfur Iraq and Afghanistan

There are now separate chapters on race ethnic conflicts terrorism and conflict resolution In addition instructor resources are available online This accessible and engaging introductory textbook is suitable as a primary text on a range of upper level courses in political psychology political behavior and related fields including policymaking

**Handbook of Personology and Psychopathology** Stephen Strack, 2005-01-07 Personology is the study of human character in all of its complexities covering the range of normal and pathological individuals from evolutionary development classification diagnosis and measurement to intervention at the individual family and societal levels This volume sure to become a classic in the field provides a state of the art overview of the field of personology including personality theory taxonomy and assessment diagnosis and treatment of personality disorders and the interface between normal and abnormal personlity The breadth and depth of this monumental work and the caliber of its contributors is unsurpassed Many of the leading clinicians and researchers in psychology are contributors including Otto Kernberg John Livesley Robert Bornstein Jeffrey Magnavita Drew Westen Irving Weiner and Lorna Benjamin Represents the culmination of a professional career and a capstone to our publishing program in the area of personality and psychopathology

**Political Psychology** John T. Jost, Jim Sidanius, 2004 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company

**The Psychological Assessment of Political Leaders** Jerrold M. Post, 2010-02-11 In an age when world affairs are powerfully driven by personality politics require an understanding of what motivates political leaders such as Hussein Bush Blair and bin Laden Through exacting case studies and the careful sifting of evidence Jerrold Post and his team of contributors lay out an effective system of at a distance evaluation Observations from political psychology psycholinguistics and a range of other disciplines join forces to produce comprehensive political and psychological profiles and a deeper understanding of the volatile influences of personality on global affairs Even in this age of free flowing global information capital and people sovereign states and boundaries remain the hallmark of the international order a fact which is especially clear from the events of September 11th and the War on Terrorism Jerrold M Post M D is Professor of Psychiatry Political Psychology and International Affairs and Director of the Political Psychology Program at George Washington University He is the founder of the CIA s Center for the Analysis of Personality and Political Behavior

**Revitalizing Political Psychology** William Ascher, Barbara Hirschfelder-Ascher, 2004-11-16 The goal of this book is to recapture the diminished roles of affect psychological needs and the psychodynamic mechanisms that are crucial for understanding political behavior by explaining and extending the contributions of Harold D Lasswell the dominant figure in political psychology in the mid twentieth century Although Lasswell was best known for applying psychodynamic theories to politics this book also demonstrates how his framework accommodated for cognitive processes and social interactions ranging from communications to policy making The authors use Lasswell s contributions and the debates over his ideas as a springboard for examining current policy political and leadership issues Revitalizing Political Psychology presents and extends four aspects of Lasswell s contributions to the field

the psychodynamic mechanisms drawn from psychoanalytic theory the use of symbol associations to understand political propaganda the analysis of democratic character for both the public and the elites and the structure of belief systems In so doing the authors link personality and political communication theory to democratic practice The authors also critique leadership studies using Lasswell s concerns over the risks to democratic accountability and the current preoccupation with strengthening the roles of charismatic and transformational leaders Intended for researchers practitioners and students in the areas of political and historical psychology political strategy and political communication the book s emphasis on psychodynamics also appeals to psychoanalysts and the material on leadership appeals to professionals in management and industrial organizational psychology The Saturday Review of Politics, Literature, Science and Art ,1890 **Personality**

**in Politics** William Bennett Munro,1934 Personality and Politics Fred I. Greenstein,2014-07-14 Fred Greenstein an acknowledged authority in this field lays out conceptual and methodological standards for carrying out personality and politics inquiries ranging from psychological case studies of single actors through multi case analyses of types of political actors to aggregative analyses of the impact of individuals and types of individuals on political systems and processes Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Saturday Review of Politics, Literature, Science and Art* ,1914 **The Canadian Magazine of Politics, Science, Art & Literature** J. Gordon Mowat,John Alexander Cooper,Newton MacTavish,1894 **Psychology and Social Issues** J. Herbert Hamsher,Harold Sigall,1973

**Cyclopædia of Political Science, Political Economy, and of the Political History of the United States** John Joseph Lalor,1884 **Personality In Politics** Thomas, David,2023-10-01 Personality in Politics Understanding the Role of Character in Governance explores the profound impact of individual character on political leadership and decision making Written by Thomas and David this insightful book takes readers deep into the realm of political psychology unraveling the intricate ways in which personality traits shape governance influence policies and determine the success or failure of leaders Through a compelling blend of theory and real world case studies the book examines how different leadership styles emerge from unique personality traits The authors analyze historical and contemporary political figures shedding light on how their personal characteristics drive their actions shape their communication styles and influence public perception More than just a study of political figures this book delves into the psychology behind decision making exploring the cognitive biases emotional intelligence and ethical considerations that define governance It presents a critical analysis of leadership beyond party lines emphasizing the universal human traits that shape the world s most influential decision makers in Politics is an

essential read for political enthusiasts students of leadership and anyone curious about the intersection of personality and power Whether you seek to understand the qualities that define great leaders or wish to explore how character flaws can lead to political downfall this book provides valuable insights that will change the way you view governance A thought provoking and well researched exploration of political leadership Thomas and David masterfully analyze how personality influences governance using compelling real world examples A must read for anyone interested in leadership and political psychology An insightful and engaging book that provides a fresh perspective on political decision making The case studies are particularly fascinating though some sections could have been expanded with more global examples Still an excellent read for those curious about leadership dynamics This book provides a deep dive into the psychology of leadership offering both historical context and modern relevance While some areas felt slightly academic the overall analysis is captivating and well structured A great addition to political science literature An interesting read that brings a new dimension to understanding political figures However some arguments felt repetitive and I would have liked more diverse examples Still a solid book for those interested in political psychology Brilliantly written and incredibly insightful The authors break down complex political and psychological concepts into an engaging narrative making it accessible to both scholars and casual readers Highly recommended for anyone wanting to understand the human side of politics

**The Two Majorities and the Puzzle of Modern American Politics** Byron E. Shafer, 2003 Where did the Era of Divided Government come from What sustains split partisan control of the institutions of American national government year after year Why can it shift so easily from Democratic or Republican presidencies coupled with Republican or Democratic Congresses How can the vast array of issues and personalities that have surfaced in American politics over the last forty years fit so neatly within indeed reinforce the sustaining political pattern of our time These big questions constitute the puzzle of modern American politics The old answer a majority and a minority party plus dominant and recessive public issues will not work in the Era of Divided Government Byron Shafer a political scientist who is regarded as one of the most comprehensive and original thinkers on American politics provides a convincing new answer that has three major elements These elements in combination not divided government as a catch phrase are the real story of politics in our time The first element is comprised of two great sets of public preferences that manifest themselves at the ballot box as two majorities The old cluster of economic and welfare issues has not so much been displaced as simply joined by a second cluster of cultural and national concerns The second element can be seen in the behavior of political parties and party activists whose own preferences don't match those of the general public That public remains reliably left of the active Republican Party on economic and welfare issues and reliably right of the active Democratic Party on cultural and national concerns The third crucial element is found in an institutional arrangement the distinctively American matrix of governmental institutions which converts those first two elements into a framework for policymaking year in and year out In the first half of the book Shafer examines how dominant

features of the Reagan first Bush Clinton and second Bush administrations reflect the interplay of these three elements Recent policy conflicts and institutional combatants in Shafer s analysis illuminate this new pattern of American politics In the second half he ranges across time and nations to put these modern elements and their composite pattern into a much larger historical and institutional framework In this light modern American politics appears not so much as new and different but as a distinctive recombination of familiar elements of a political style a political process and a political conflict that has been running for a much much longer time

**The Political Personality Test** Erik Wolf,2020-04-13 This is a simple guide to the world of politics So often in today s culture tests that are given are either obviously trying to guide you towards the option the author of the test wants you to be or your results reveal you to be a nazi or a communist This text gives a non biased test with real results that connect the reader to their true personality type The only ideology that is pushed in this book is that none of us are truly represented in the two choices we are given at the ballet box Forget the Coke and Pepsi parties welcome to the wide array of choice that you deserve

*Dark Politics* Alessandro Nai,Jürgen Maier,2023-12-11 Recent years have seen the rise of political figures with particularly abrasive controversial and aggressive personalities who seem to take pleasure in introducing an uncivil tone into the political debate From Trump in the USA to Bolsonaro in Brazil the media increasingly spotlights political figures who adopt a transgressive political style that incorporates spectacular acts exaggeration calculated provocations and political and socio cultural taboos Who are these aggressive political figures Why are they successful And what does it mean for democracy *Dark Politics* is a novel exploration of the rise of aversive and antagonistic political figures worldwide Drawing on new data from 100 recent elections post election surveys and original experimental evidence Alessandro Nai and Jürgen Maier provide the first large scale comparative investigation into the darker sides of human personality in politicians the Dark Triad of narcissism psychopathy and Machiavellianism Nai and Maier show that dark traits are acutely present in populists go hand in hand with more aggressive forms of campaign rhetoric such as incivility and negativity and are particularly appreciated by voters who themselves score high on such dark personality traits Their analyses reveal that dark candidates are more likely to be electorally successful when running as an incumbent and tend to be associated with a better economic performance if elected However dark leaders can lead to increased cynicism in the public democratic deconsolidation and even a poorer response to the COVID 19 pandemic *Dark Politics* provides a new way to understand contemporary politics by looking at the crucial role of dark personality traits in leaders and voters

*Introduction to Political Science* Hendrik Van Dalen,Luther Harmon Zeigler,1977

## Unveiling the Magic of Words: A Report on "**Politics And Personality**"
