Eloise Buker

Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives:

The Concept of Political Culture Stephen Welch, 2016-07-27 erudite thought provoking and well written Archie Brown Professor of Politics Oxford University The return to prominence of the concept of political culture offers an opportunity to re evaluate its contribution to the social sciences This study casts a broader net embracing not only political science with equal emphasis placed on the concept's use in communist studies but also sociology and history On this basis a distinctive theory of political culture and not merely another typology is developed Political culture instead of being a token in the sterile debate between interest and culture based explanation offers the means of transcending that debate Politics Through a Looking Glass Eloise Buker, 1987 Politics Through a Looking Glass is a ground breaking exploration of the connection between storytelling and politics Author Eloise Buker examines how stories both imaginative narratives and historical narratives offer new ways of understanding social and political life Basing her analysis on extensive field studies she conducted in two diverse political cultures a rural working class community in Hawaii and a suburban upper middle class community in Ohio Buker begins by developing a model for interpreting narratives which builds upon structural analysis and philosophical hermeneutics She then applies her model to the interpretation of narratives from political leaders in the two different communities arguing that stories are windows through which we gain insight into a community's experiences values struggles and conflicts Feminism, Identity, and Difference Susan J. Hekman, 1999 This study focuses on a set of issues at the forefront of feminist thought in the late 1990s identity difference and their implications for feminist politics As feminism moves into an era in which differences among women the multiple identities of woman and identity politics are all at the centre of feminist discussions new approaches methods and politics are called for *Memory, Identity, Community* Lewis P. Hinchman, Sandra K. Hinchman, 1997-04-17 This anthology documents the resurrection in the last few decades of the importance of narrative to the study of individuals and groups The editors propose that the human sciences are undergoing a paradigm shift away from nomological models and toward a more humanistic language in which narrative plays a complex and controversial role Narratives they claim help to make experience intelligible to crystallize personal identity and to constitute and nurture community The fifteen articles in this collection organized into sections dealing with memory identity and community are by noted scholars representing a wide variety of disciplines including philosophy history religion communication environmental studies political science sociology anthropology psychology and law They advocate diverse political and ideological positions supporting the editors belief that because narrative has not been captured by any academic bloc it has the potential to become a lingua franca of future debates in the human sciences Legendary Rivals: Collegiality and Ambition in the Tales of Early Rome Jaclyn Neel, 2014-10-23 In *Legendary Rivals* Jaclyn Neel argues for a new interpretation of the foundation myths of Rome Instead of a negative portrayal of the city's early history these tales offer a

didactic paradigm of the correct way to engage in competition Accounts from the triumviral period stress the dysfunctional nature of the city's foundation to capture the memory of Rome's civil wars Republican evidence suggests a different emphasis Through diachronic analyses of the tales of Romulus and Remus Amulius and Numitor Brutus and Collatinus and Camillus and Manlius Capitolinus Neel shows that Romans of the Republic and early Principate would have seen these stories as examples of competition that pushed the bounds of propriety

Conducting Interpretive Policy Analysis Dvora

Yanow, 2000 This book in the QRM series is designed for a wide variety of research methods courses taught in various departments It will be of most interest to those in Public Policy Political Science and Public Administration departments but will also be of interest to researchers in Sociology Anthropology Communication and Education departments among others The book fills a gap in the traditional policy analysis coverage which is usually heavily quantitative It will also fill a gap in the QRM series in covering the discipline of political science which is warming to qualitative methodology slowly There has been much in the journal literature in the past 15 years calling for more interpretive approaches to the study of public policy Yanow has been in the middle of it

Ibss: Political Science: 1987 British Library of Political and Economic Science, 1991 IBSS is the essential tool for librarians university departments research institutions and any public or private institutions

whose work requires access to up to date and comprehensive knowledge of the social sciences *Politics Through a Looking-Glass* Eloise Buker, 1987 *Politics Through a Looking Glass* is a ground breaking exploration of the connection between storytelling and politics Author Eloise Buker examines how stories both imaginative narratives and historical narratives offer new ways of understanding social and political life Basing her analysis on extensive field studies she conducted in two diverse political cultures a rural working class community in Hawaii and a suburban upper middle class community in Ohio Buker begins by developing a model for interpreting narratives which builds upon structural analysis and philosophical hermeneutics She then applies her model to the interpretation of narratives from political leaders in the two different communities arguing that stories are windows through which we gain insight into a community's experiences values struggles and conflicts

Domestic Policy Narratives and International Relations Theory Michael Dalton

McCoy, 2000-03 China is rapidly changing and its role in the world is becoming larger with each transformation As China's economic and political power grows Western nations must develop better ways of dealing with Chinese ambitions on the world stage In this compelling work Michael McCoy urges American policy makers to move beyond past perceptions of China as a political threat and an economic gold mine to consider Chinese political identity and actions from a Chinese perspective He investigates American and Chinese interpretations of various sociopolitical concepts arguing that a discernment of the different meanings is necessary to understand subsequent actions and avoid confusion and fear Specifically McCoy explores how Chinese domestic policy narratives reflect Chinese political identity which in turn authorizes specific actions at the national and international level Using post modern discourse analysis he examines the implementation of a Chinese domestic

policy known as Ecological Agriculture considering it as ritual myth and metaphor His analysis reveals the power relations and forms of interaction within and between diverse social groups that are an integral part of Chinese political identity and culture Highly original and insightful McCoy s study will be of great value to those with an interest in Chinese development international relations comparative politics and policy analysis **CIRA Bulletin** ,1999 Talking Feminist Politics Eloise A. Buker,1999-08-25 Feminist political theory now flourishes in the discourses of the law science and postmodern philosophy Analyzing these three feminist discourses Eloise A Buker uses feminist legal conversations to refine our understanding of justice feminist science to examine the connections between truth and politics and postmodern feminism to analyze habits symbols and speech that frame ethical codes which in turn shape political relationships Centering her analysis on American feminist work since 1980 Buker demonstrates how feminist theories offer strategies for social change that can energize U S citizens today She draws these three conversations together by showing that storytelling serves as a metaphor for understanding feminist thought and as a political practice that can energize all citizens in talking about justice truth and ethics Finally Buker argues that such conversations can serve as a basis for building a better policy for the next century for both women and men **Philosophy of Education Proceedings** Far Western Philosophy of Education Society,1999

The State and Public Bureaucracies Metin Heper,1987-11-06 This study offers an unprecedented examination of the state politics and bureaucracy from a historical and comparative perspective Case histories of a wide variety of bureaucratic traditions are provided in an effort to text a new theoretical approach in which the theory of the state and the theory of bureaucracy both of which have so far developed without systematic interaction are merged Beginning with a chapter elucidating the editor s theoretical framework the volume proceeds to compare state tradition and bureaucratic structures in both developed countries Essays are included on nonstate societies the United States and Great Britain as well as classical state societies such as France and Germany **The Philosopher's Index** ,1990 Vols for 1969 include a section of abstracts

Bureaucratic Politics and Regulatory Reform Brian Cook,1988-01-13 Based on interviews with key EPA decision makers and an analysis of the public record this informative case study demonstrates how the contemporary movement for regulatory reform has actually affected the internal organizational politics of a highly visible administrative agency The volume offers an in depth look at how a specific agency effort at regulatory reform can be drastically influenced by the machinations of bureaucratic politics Evidence is offered to support Cook s claim in contrast to conventional views that senior political and career leadership has considerable influence over the policy direction of an administrative agency

Besieged Bedfellows Benjamin M. Joseph,1988-02-22 Of the several books that deal with the relationship between Israel and South Africa this is the most scholarly and sophisticated Joseph argues that the relationship took a long time to evolve and that it rests on a community of interests and complementary resources Most important as the world s two remaining political systems committed to separatist philosophies that exclude indigenous Third World majorities they have developed an

underlying sense of solidarity and kinship This is a valuable and solid contribution to an understanding of what is widely held to be a highly anomalous relationship Choice A provocative look at the surprisingly close relationship between Israel and South Africa Besieged Bedfellows draws on a wealth of Western South African Israeli sources including materials previously published only in Hebrew The book examines the commercial and military spheres of this relationship as well as the available information on Israeli South African nuclear cooperation A separate chapter addresses the familiar objection Everyone does it business with South Africa why focus on Israel The book next gives a profile of South African Jewry and what if any role this community might have played in forging the connection Besieged Bedfellows goes on to present a compelling case that there is a great deal more to the Israeli South African relationship than expediency and realpolitik The author demonstrates that as well as conducting business South African whites and Israelis have shown a considerable amount of solidarity and understanding towards each other He then carefully examines the backgrounds and ruling ideologies of these two political groups

Toward a Postpositivist World Katrina Suzanne Rogers, 1996 One of the oldest philosophies in European intellectual history Hermeneutics emerged as a process for interpreting scripture and for analyzing jurisprudence history and linguistics In a contemporary context Hermeneutics offers important opportunities for theory development in the social sciences This new analysis of Hermeneutics addresses its theoretical possibilities for political science in general and for international relations in particular It discusses the history and development of both Hermeneutic philosophy and international relations theory and explores approaches for deriving new methodologies appropriate for the study of international relations The work argues that political scientists face a crucial juncture in their field The fissure between the scientific and the interpretive between the empirical and the qualitative has revealed inadequacies in these traditions while at the same time world events have called into question old theoretical approaches This study offers Hermeneutics as a fertile field for the growth of new theories to political scientists seriously engaged in the reexamination of their discipline

Japan's Civil Service System Paul Kim, 1988-03-25 Japan's Civil Service System is a comprehensive description of the organization staffing and actual daily workings of the postwar Japanese government bureaucracy Written for students of Japanese government comparative government and public policy the book is based on research in both the U S and Japan and numerous interviews with Japanese government officials At a time when the present system is the subject of fierce debate within Japan between critics who seek to remove Western influence and supporters who cite the system's productivity and efficiency this systematic study of its history personnel and policy making process is especially valuable

Revolution and Rescue in Grenada Reynold Burrowes, 1988-03-30 The Burrowes book is well written and provides a balanced if familiar assessment of events He finds fault in the East West perspective of U S foreign policy in the Third World but his call for greater assertiveness by regional groupings to control their own affairs is wishful thinking given the divisions exhibited in this case Choice Why were so many of America's staunch allies as well as many Congressmen and opinion leaders opposed to

the joint invasion of Grenada by the United States and the Caribbean neighbors of that tiny island nation What led to the Grenadian government crisis of 1983 and above all was the threat perceived by the Reagan administration real These and related issues are explored in Reynold Burrowes comprehensive account of the Grenada affair a chapter in modern diplomacy and warfare that remains an enigma to many observers *The Interpretive Turn* David R. Hiley, James Bohman, Richard Shusterman, 1991

Narratives Introduction

In today's digital age, the availability of Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives books and manuals for download and embark on your journey of knowledge?

FAQs About Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives Books

1. Where can I buy Politics Through A Looking Glass Understanding Political Cultures Through A Structuralist Interpretation Of Narratives books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
