Politics And Policy Making In Developing Countries:

Politics and Policy Making in Developing Countries Gerald M. Meier,1991 **Politics and Policy Making in Developing Countries** Gerald M. Meier,1991 *The Development Dimension Trade, Agriculture and Development Policies Working Together* OECD,2006-04-18 These conference proceedings explore why policy coherence is important how it affects global agricultural trade and whether it can help reduce poverty and hunger **The Development Dimension Policy Coherence for Development Promoting Institutional Good Practice** OECD,2005-10-20 This book presents the latest thinking to help governments achieve policy coherence in support of development It provides a synthesis of lessons learned from peer reviews specific case studies and recent workshops *Clientelism and Implementing Social Security Programmes in Post-conflict Iraqi Kurdistan Region* Muslih Irwani,2015-10-19 Clientelism and Implementing Social Security Programmes in Post conflict Iraqi Kurdistan Region investigates social policy in a politically less developed entity and examines the mainstream top down and bottom up models of policy implementation in light of a detailed study of the Kurdistan Regional Government In addition it introduces the innovative clientelistic model of policy implementation a political and preferential tool which utilises a public nationalistic dichotomy in social welfare provision The book argues that politicians in the Kurdistan region deal with social policy programmes according to their political preferences attaching importance to policies on the basis of the way they feel about those social programmes and interest groups concerned As such as it stands policy implementation is subject to interference by politicians and high government officials under the pretext of supporting and monitoring the way such policy is implemented Through an investigation of the most prominent actors in the implementation of social security programmes this book demonstrates how beneficiaries of these programmes can themselves become focal points in the implementation process Indeed within the Kurdistan Regional Government s social policy context today the benefits of social security schemes are being distributed based on the socio political status of recipients not on their socio economic conditions and needs **Social Policy in Developing Countries** Arthur Livingstone,2012-07-26 This reissue first published in 1969 is a study of contemporary social policy in developing countries which places the emphasis upon the human needs and requirements for social change which confront any people and any government wherever their political and international affiliations lie whatever their economic and social convictions may be **Abstracts of Public Administration, Development, and Environment** ,1993 *Politics in the Developing World* Peter Burnell,Vicky Randall,Lise Rakner,2011 The third edition of this acclaimed anthology explores the changing nature of politics in the developing world in the twenty first century Featuring work from an esteemed line up of international contributors *Politics in the Developing World Third Edition* provides comprehensive coverage of the field by combining theoretical approaches with discussions on social and cultural context state governance and such key policy issues as the environment and human rights In addition a section of in depth case studies allows students to compare the political situations in a wide range of developing

countries from Indonesia and Iraq to India and China Revised and updated the third edition features New chapters on Institutional Approaches and From Conflict to Peace Building and a reworked chapter on governance aid and globalization Three new extended case studies on India Iraq and China Updated material throughout that reflects the ongoing evolution of political regimes and development policies in the wake of recent events including the 2008 global financial crisis A Companion Website featuring student resources including case studies updated with new material including cases on Iran and Brazil a flashcard glossary study questions and links

Knowledge to Policy Fred Carden,2009-04-06 Does research influence public policy and decision making and if so how This book is the most recent to address this question investigating the effects of research in the field of international development It starts from a sophisticated understanding about how research influences public policy and decision making It shows how research can contribute to better governance in at least three ways by encouraging open inquiry and debate by empowering people with the knowledge to hold governments accountable and by enlarging the array of policy options and solutions available to the policy process Knowledge to Policy Making the Most of Development Research examines the consequences of 23 research projects funded by Canada s International Development Research Centre IDRC Key findings and case studies from Asia Africa and Latin America are presented in a reader friendly journalistic style giving the reader a deeper grasp and understanding of approaches contexts relationships and events The book will be useful to academics researchers and students of political science public administration development studies and international affairs professionals in donor and development organizations worldwide policy and decision makers in government local and national levels and international arenas particularly trade and finance and development agencies and civil society non governmental organizations concerned with integrating the voice of citizens into policy and decision making processes

Political Science ,2007 *Making Politics Work for Development* World Bank,2016-07-14 Governments fail to provide the public goods needed for development when its leaders knowingly and deliberately ignore sound technical advice or are unable to follow it despite the best of intentions because of political constraints This report focuses on two forces citizen engagement and transparency that hold the key to solving government failures by shaping how political markets function Citizens are not only queueing at voting booths but are also taking to the streets and using diverse media to pressure sanction and select the leaders who wield power within government including by entering as contenders for leadership This political engagement can function in highly nuanced ways within the same formal institutional context and across the political spectrum from autocracies to democracies Unhealthy political engagement when leaders are selected and sanctioned on the basis of their provision of private benefits rather than public goods gives rise to government failures The solutions to these failures lie in fostering healthy political engagement within any institutional context and not in circumventing or suppressing it Transparency which is citizen access to publicly available information about the actions of those in government and the consequences of these actions can play a crucial role by nourishing political engagement
