## **Polls Politics And Populism:**

**Polls, Politics, and Populism** John Clemens, 1983      **Polls, Politics, and Populism** John Clemens, 1983      **The Oxford Handbook of Populism** Cristóbal Rovira Kaltwasser, Paul A. Taggart, Paulina Ochoa Espejo, Pierre Ostiguy, 2017-11-09

Populist forces are becoming increasingly relevant across the world and studies on populism have entered the mainstream of the political science discipline. However, so far, no book has synthesized the ongoing debate on how to study the populist phenomenon. This handbook provides state-of-the-art research and scholarship on populism and lays out not only the cumulated knowledge on populism but also the ongoing discussions and research gaps on this topic. The Oxford Handbook of Populism is divided into four sections. The first presents the main conceptual approaches on populism and points out how the phenomenon in question can be empirically analyzed. The second focuses on populist forces across the world and includes chapters on Africa, Australia, and New Zealand, Central and Eastern Europe, East Asia, India, Latin America, the Post-Soviet States, the United States, and Western Europe. The third reflects on the interaction between populism and various relevant issues, both from a scholarly and political point of view. Amongst other issues, chapters analyze the relationship between populism and fascism, foreign policy, gender, nationalism, political parties, religion, social movements, and technocracy. Finally, the fourth part includes some of the most recent normative debates on populism, including chapters on populism and cosmopolitanism, constitutionalism, hegemony, the history of popular sovereignty, the idea of the people, and socialism. The handbook features contributions from leading experts in the field and is indispensable, positioning the study of populism in political science.

**The Politics of Market Reform in Fragile Democracies** Kurt Weyland, 2021-01-12. This book takes a powerful new approach to a question central to comparative politics and economics: Why do some leaders of fragile democracies attain political success, culminating in reelection victories when pursuing drastic, painful economic reforms, while others see their political careers implode? Kurt Weyland examines in particular the surprising willingness of presidents in four Latin American countries to enact daring reforms and the unexpected resultant popular support. He argues that only with the robust cognitive psychological insights of prospect theory can one fully account for the twists and turns of politics and economic policy in Argentina, Brazil, Peru, and Venezuela during the 1980s and 1990s. Assessing conventional approaches such as rational choice, Weyland concludes that prospect theory is vital to any systematic attempt to understand the politics of market reform. Under this theory, if actors perceive themselves to be in a losing situation, they are inclined toward risks; if they see a winning situation around them, they prefer caution. In Latin America, Weyland finds where the public faced an open crisis, it backed draconian reforms. And where such reforms yielded an apparent economic recovery, many citizens and their leaders perceived prospects of gains. Successful leaders thus won reelection, and the new market model achieved political sustainability. Weyland concludes this accessible book by considering when his novel approach can be used to study crises generally and how it might be applied to a wider range of cases from Latin America, Africa, and Eastern Europe.

**Populism**

**and New Patterns of Political Competition in Western Europe** Daniele Albertazzi, Davide Vampa, 2021-01-05 This book analyses how party competition has adjusted to the success of populism in Western Europe whether this is non populists dealing with their populist competitors or populists interacting with each other The volume focuses on Western Europe in the period 2007 2018 and considers both right wing and left wing populist parties It critically assesses the concept and rise of populism and includes case studies on Austria France Germany the Netherlands Switzerland Denmark Finland the United Kingdom Greece and Italy The authors apply an original typology of party strategic responses to political competitors which allows them to map interactions between populist and non populist parties in different countries They also assess the links between ideology and policy the goals of different populist parties and how achieving power affects these parties The volume provides important lessons for the study of political competition particularly in the aftermath of a crisis and as such its framework can inform future research in the post Covid 19 era This wide ranging study will appeal to students and scholars of political science interested in populism and political competition and will appeal to policy makers and politicians from across the political spectrum

**Political Populism in the Twenty-First Century** Maria Hsia Chang, A. James Gregor, 2021-04-06 At the end of the Cold War which was ushered in by the disintegration of the Soviet Union the West celebrated the end of history the endpoint of mankind's ideological evolution only to find itself caught in internal conflicts of political populism This book focuses on so called right wing populist movements and parties in democratic polities those in Russia Central and Western Europe and the United States Central to the definition and dynamics of populism are its anti globalism and anti elitism the latter a reaction against the elites arrogance and dismissive contempt

*Populist Political Communication in Europe* Toril Aalberg, Frank Esser, Carsten Reinemann, Jesper Stromback, Claes De Vreese, 2016-07-01 In an increasing number of countries around the world populist leaders political parties and movements have gained prominence and influence either by electoral successes on their own or by influencing other political parties and the national political discourse While it is widely acknowledged that the media and the role of communication more broadly are key to understanding the rise and success of populist leaders parties and movements there is however very little research on populist political communication at least in the English speaking research literature Originating from a research project funded by the European Cooperation in the field of Scientific and Technical Research COST this book seeks to advance this research It includes examinations 24 European countries and focuses on three areas within the context of populism and populist political communication populist actors as communicators the media and populism and citizens and populism

**Mapping Populism** Amit Ron, Majia Nadesan, 2020-03-05 This collection which can serve as an introduction to the field of populism provides an array of interdisciplinary approaches to populist mobilizations theories meanings and effects In so doing it rejects essentialized ideas regarding what populism is or is not Rather it explores the political social and economic conditions that are conducive for the emergence of movements labelled populist the rationalities and affective tenor of those

movements the political issues pertaining to the relationship between populists and elites and the relationship between populist groups and political pluralism Grappling with accord and discord in assumptions and methodologies the book will appeal to scholars of sociology political science communication and cultural studies interested in populism social movements citizenship and democracy Public Opinion, Polls, And Democracy Irving Crespi,1989-12-10 **Future Survey** ,1985 *Future Survey Annual* ,1994 **The Survey Method in the Social and Political Sciences** William Lockley Miller,1983 Europe at the Crossroads Pieter Bevelander,Ruth Wodak,2020-10-01 The far right is on the rise And there are signs that part of the political mainstream in Europe the US and beyond is considering accommodating far right populist parties and their divisive ethno nationalist programs Europe at the Crossroads is an urgent scholarly response to the sociopolitical challenges that far right programs pose to the idea of a more egalitarian world It offers an interdisciplinary analysis and critique of the dynamics of the far right in Europe from Poland to the UK from Sweden to Greece The authors present pertinent alternatives when tackling the exclusionary rhetoric and the politics of resentment Each contributor investigates the current advance of far right populism and the threat to liberal democracy Their texts address the historical roots and activities of the ideologies behind Orbanism or Brexit for example The slogan Fortress Europe once a pejorative term now appeals to large numbers of voters The authors analyze the power balance in the European Parliament particularly in connection with the elections in the spring 2019 **The Politics of Popular Identity** Dennis Westlind,1996 In this study the author aims to provide a critique of existing ideas about populism as well as develop an analytical view of populism which he then applies to two case studies *Woman and the republic, a survey of the woman-suffrage movement in the United States* Helen Kendrick Johnson,1897 *Monthly Public Opinion Surveys* Indian Institute of Public Opinion,2000 *Errors of Populism* Hermon Wilson Craven,1896 Prairie Populism Jeffrey Ostler,1993 Ostler shows that economic conditions alone cannot explain why populism flourished or foundered Through a study of populism in Kansas Nebraska and Iowa Ostler demonstrates that the strength or weakness of the two dominant political parties within a state had a significant effect on the success of a third party challenge **Congressional Populism and the Crisis of the 1890s** O. Gene Clanton,1998 The Populist Party reacted to the anxiety that America was moving towards a new form of slavery after the Industrial Revolution with a stand against imperialism This study of the party reveals the personalities that shaped the movement *The Hand Book of the National American Woman Suffrage Association and Proceedings of the ... Annual Convention* National American Woman Suffrage Association,1894
