**John Louis Slack**

## Rare Breed:

*The Quest to Conserve Rare Breeds* Lawrence Alderson, 2020-06-19 This book challenges often repeated facts about livestock farming straight from the horse's mouth. In it, rare breeds expert Lawrence Alderson CBE argues for a reasoned and evidence-based approach from political and public circles. Correcting misconceptions as he goes, he recounts the creation and development of the rare breed conservation movement, addresses extinctions and genetic safe guarding measures, and considers where we go from here. Challenged as we are by climate change, sustainability, and feeding the world, perhaps it is these endangered animals that hold the answer. Perhaps with them we can adapt to our changing environment and see a way forward to a more certain future.

**The Master Plan: Ten Secrets to Success** John Louis Slack, 2012-11 Many people never fulfill their potential, but it's not because they lack intelligence or drive. They just never develop a master plan to enjoy and achieve success. Dr. John Louis Slack shares ten proven strategies to help you build a master plan in this inspirational autobiography. You'll learn how to identify prerequisite strategies to building a master plan, exhibit qualities that make others believe in your abilities, harness social and emotional intelligence, and respond to new situations and life transitions. By building a plan and always focusing on it, Slack overcame every obstacle and achieved true success. Join him as he looks back at growing up in rural Pennsylvania and learning the importance of family, appreciating what you have, and hard work. You can't achieve personal and professional success until you learn the strategies in this guidebook to living. No matter what you're trying to accomplish, your mission will be much easier with the tools and strategies you'll find in *The Master Plan: Ten Secrets to Success*.

Brian Haara recounts the development of commercial laws that guided the United States from an often reckless laissez faire mentality through the growing pains of industrialization, past the overcorrection of Prohibition, and into its final state as a nation of laws.
