Andrew C. Janos

Politics And Paradigms Changing Theories Of Change In Social Science:

Politics and Paradigms Andrew C. Janos, 1986 Recent economic and political developments in the Third World and in Communist and advanced industrial societies have challenged some of the most cherished assumptions of social science forcing social scientists to rethink many of the categories of their discipline In a concisely written and provocative book the author traces this process of rethinking He does so by going back to the nineteenth century origins of political sociology and economy and by exploring more recent attempts by American scholarship to fashion from the writings of Smith Marx Spencer Weber and Durkheim a new universal theory of modernization and political change The author argues that these attempts led to a new intellectual crisis which could be resolved only by a paradigm shift that is by refocusing the discipline from the classical concept of social relations to a new global concept of the division of labor and systems of exchange Overall the volume may be read both as an intellectual history of modern political science and as an attempt to fashion an analytical tool for empirical research As such it will be of interest to students of political philosophy as well as of comparative politics

Transformation in Ungarn und der DDR Christof E. Ehrhart, 2013-07-02 Seit 1974 haben sich in fast einem Drittel aller Staaten der Erde Veränderungen des politischen Systems vollzogen wobei in erster Linie unterschiedliche Typen von demokratischen Regierungssystemen entstanden sind Seit 1989 waren zahlreiche kommunistische Einparteiensysteme zu Repräsentativsystemen zu beobachten Diese Systemtransformationen fordern die Politikwissenschaft dazu heraus Methoden und Vorgehensweisen zu entwickeln mit deren Hilfe solche Vorgänge erfasst und in ihrem Ablauf erklärt werden können Die Studie Transformation in Ungarn und der DDR eine vergleichende Analyse von Christof Ehrhart stellt auf der Grundlage eines systematischen Vergleichs der Geschehnisse in Ungarn und der DDR einen Zusammenhang zwischen den spezifischen Ursachen der Transformation und deren Verlauf her In der politikwissenschaftlichen Forschungspraxis werden Transformationen bisher weniger als Chance denn als Herausforderung wahrgenommen Trotz des Aufkommens neuer Erklärungsansätze die anstelle der Makro Ebene des politischen Systems die Mikro Ebene der Akteure oder die Meso Ebene der Institutionen in den Mittelpunkt der Analyse rücken steht die Disziplin noch am Beginn einer theoriegeprägten Beschäftigung mit den Phänomenen des Systemwandels und Systemwechsels in kommunistischen Einparteiensystemen Christof Ehrhart unternimmt vor diesem Hintergrund eine Expedition in das weitgehend unerforschte Gebiet der Desiderata der Transformationsforschung Dabei steht im Kern die Suche nach jenen Faktoren die den Verlauf und die Dynamik von Systemtransformationen im allgemeinen und von kommunistischen Einparteiensystemen im besonderen bestimmen Die Untersuchung von Christof Ehrhart besticht durch den souveränen Umgang mit Forschungstraditionen Theorien und Methoden auf der einen sowie auf den historisch politischen Fakten auf der anderen Seite Dem Politikwissenschaftler dem Studenten wie auch dem interessierten Laien erschließt sich auf diese Weise nicht nur die Political Change in the Third World Charles F. Andrain, 2010-11-26 In this informative and highly readable book first published in 1988 Charles Andrain

explores the ways in which public policies and socio political beliefs and structures cause political change in the Third World The author examines 3 types of political change 1 transitions in political leaders and their policies 2 fundamental transformations in political structures policy priorities and political strategies for dealing with policy issues and 3 the impact of economic education and health care policies on the society itself including changes in unemployment inflation economic growth literacy and birth and death rates In the first part of the book Professor Andrain presents a general overview of political change in the Third World explaining how different models of political systems explain the dynamics of political events in Latin America Asia Africa and the Middle East In the second part of the book he then applies these models to specific changes in five developing nations Vietnam Cuba Chile Nigeria and Iran The book is unique in its careful blending of a policy focus with a structural analysis of nation states domestic social groups and international institutions in the often turbulent regions of the developing world It thus provides a very useful systematic approach to political developments in the Third World that will be welcomed by students faculty and general readers
