

The background of the entire page is a historical painting depicting a battle scene from the American Civil War. In the foreground, several soldiers are shown in various states of action or rest. One soldier in the center-left is crouching, possibly taking cover or tending to someone. To his right, another soldier is lying on the ground. In the background, a large group of soldiers is gathered, some standing and some sitting, near a small structure that looks like a tent or a simple building. The scene is set in a grassy field with trees in the distance.

**The Randolph Hornets in the Civil War** Wallace E. Jarrell, 2015-07-11 The turbulent years of 1861 1865 were especially rough for the people of Randolph County North Carolina Sentiment to stay in the Union was high and remained so throughout the war yet hundreds of Randolph County boys marched off to fight many never to return The Randolph Hornets Company M 22nd Regiment North Carolina Troops earned a reputation for their grit and determination in battle This history of the Randolph Hornets includes articles written by Sergeant John T Turner in 1914 recalling his experiences and information on the company battle flag its capture and its eventual return A complete roster of the company includes genealogical information and short biographies for several of the men The final chapter covers the local reenactment group based on the company

*Civil War in the North Carolina Quaker Belt* William T. Auman, 2014-01-23 This is an account of the seven military operations conducted by the Confederacy against deserters and disloyalists and the concomitant internal war between secessionists and those who opposed secession in the Quaker Belt of central North Carolina It explains how the outliers deserters and draft dodgers managed to elude capture and survive despite extensive efforts by Confederate authorities to hunt them down and return them to the army The author discusses the development of the secret underground pro Union organization the Heroes of America and how its members utilized the Underground Railroad dug out caves and an elaborate system of secret signals and communications to elude the hunters Numerous instances of murder rape torture and other brutal acts and many skirmishes between gangs of deserters and Confederate and state troops are recounted In a revisionist interpretation of the Tar Heel wartime peace movement the author argues that William Holden s peace crusade was in fact a Copperhead insurgency in which peace agitators strove for a return of North Carolina and the South to the Union on the Copperhead basis that is with the institution of slavery protected by the Constitution in the returning states

*The Historical Archaeology of Military Sites* Clarence Raymond Geier, Lawrence E. Babits, Douglas Dowell Scott, David G. Orr, 2010-12-15 The recent work of anthropologists historians and historical archaeologists has changed the very essence of military history While once preoccupied with great battles and the generals who commanded the armies and employed the tactics military history has begun to emphasize the importance of the common man for interpreting events As a result military historians have begun to see military forces and the people serving in them from different perspectives The Historical Archaeology of Military Sites has encouraged efforts to understand armies as human communities and to address the lives of those who composed them Tying a group of combatants to the successes and failures of their military commanders leads to a failure to understand such groups as distinct social units and in some instances self supporting societies structured around a defined social and political hierarchy regulated by law needing to be supplied and nurtured and often at odds with the human community whose lands they occupied be they those of friend or foe The Historical Archaeology of Military Sites will afford students professionals dealing with military sites and the interested public examples of the latest

techniques and proven field methods to aid understanding and conservation of these vital pieces of the world's heritage

Linebaugh, 2012-01-27 Developed just after the close of the Civil War the Springfield Gas Machine was a unique commercial and domestic gas lighting system marketed for use in homes and businesses outside of a city's gas works The self contained unit was perfectly suited to accommodate an expanding rural and suburban U S landscape as middle and upper class American families were looking to find simplicity in the countryside without losing any modern comforts of the city Industries too were looking for a means to operate more efficiently and implement longer work hours for various production operations Perhaps more important owners of the Springfield system could retain control of their light production during a time when corporations were reaping large benefits from their monopolistic hold over municipal gas works In addition to detailing preserved Springfield systems across the country Donald W Linebaugh uses newspapers and magazine articles advertisements patents and even mail order catalogs to tell the story of this one of a kind unit The Gilbert and Barker Manufacturing Company's innovative business plan established them as a leader in the manufacture of gas lighting devices By taking gasoline from an oft discarded byproduct of refining crude oil to a viable fuel source the company paved the way for other gas powered appliances to improve household management strategies and industrial production In capturing the pre automobile market for gasoline Gilbert and Barker attracted the attention of the Standard Oil Trust presaging the oil industry dominance over gasoline production that continues today The story of the Springfield gas machine ends in the early twentieth century as the advent of electricity proved more available to the masses with considerably less expense However gas lighting was for its time a major innovation in domestic and commercial lighting and it changed daily life and social behaviors in the late nineteenth century as the comforts of home became a reality for suburban and rural Americans

**Personnel of the Civil War** William Frayne Amann, 1961     *The Soldier's Words* Kenn Woods, 2015-06-17 Since I began Civil War re enacting in 1988 there have been two schools of thought regarding the uniform of the Confederate soldiers One is that the Rebels were never ragged that was just a romantic myth started after the war The other school of thought is that the Rebels were always ragged and wore whatever they could get their hands on I decided that the best way to discover the truth is by investigating what the soldiers themselves said regarding their clothing through letters diaries and memoirs This book uses the soldiers own words regarding Confederate uniforms and includes many surprising anecdotes and some firsts regarding incidents of the Civil War     The North Carolina Historical Review ,2005     America, History and Life ,2005 Article abstracts and citations of reviews and dissertations covering the United States and Canada     *Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur* ,2003     *North & South* ,2004     **American Book Publishing Record** ,2004     Civil War Times Illustrated ,1980     **The Civil War Roster of Davidson County, North Carolina**
