Carnival Games: the Perfect Crimes Richard Margittay, 2009-12-02 This book written primarily as a training guide for law enforcement personnel demonstrates how easily police officers can get sucked in by professional con artists Secondly the book was written to alert potential victims of the lack of police protection Thought of by many as just nickel and dime the reality is that most midway games which start with 2 or 5 per play sometimes builds to more than 100 in losses It was evident these openly brazen career criminals who primarily target children these days account for several million dollars annually in Michigan alone while they proclaim that their good natured fraud and gambling enterprises are not crimes at all but merely games of skill For more information please visit www.carnivalcongames.com You may email the author at carnivalcongames.comcast.net You may visit http://www.wxyz.com/dpp/money/consumer/call_for_action before you head out to a summer carnival we tell you why you need to beware of some carnival games to view the WXYZ TV exposure of rigged Carnival Games
