Rationality And Relativism In Search Of A Philosophy And History Of Anthropology:

Rationality and Relativism I.C. Jarvie, 2015-07-03 Anthropology revolves round answers to problems about the nature development and unity of mankind problems that are both philosophical and scientific In this book first published in 1984 Professor Jarvie applies Popper's philosophy of science to understanding the history and theory of anthropology Jarvie describes how the ancient view that the aim of science and philosophy was to get at the truth is challenged in anthropology by the doctrine of cultural relativism that is that truth varies with the cultural framework He shows how philosophers as various as Peter Winch W V O Quine W T Jones Nelson Goodman and Richard Rorty were influenced by this doctrine Yet these philosophers also accept the value of rational argument Jarvie believes that there is a contradiction between relativism and any notion of human rationality that centres around argument Forced by the contradiction to choose between rationality and relativism he argues strongly that logical scientific and moral considerations favour rationality and urge repudiation of relativism The central argument of the book is that relativism is intellectually disastrous and has fostered intellectual attitudes from which anthropology still suffers

Thinking about Society: Theory and Practice Ian Jarvie, 2012-12-06 I C Jarvie was trained as a social anthropologist in the center of British social anthropology the London School of Economics where Bronislaw Malinowski was the object of ancestor worship Jarvie's doctorate was in philosophy however under the guidance of Karl Popper and John Watkins He changed his department not as a defector but as a rebel attempting to exorcise the ancestral spirit He criticized the method of participant observation not as useless but as not comprehensive it is neither necessary nor sufficient for the making of certain contributions to anthropology rather it all depends on the problem situation And so Jarvie remained an anthropologist at heart who in addition to some studies in rather conventional anthropological or sociological molds also studied the tribe of social scientists but also critically examining their problems especially their overall rather philosophical problems but not always so a few of the studies included in this volume exemplify his work on specific issues whether of technology or architecture or nationalism in the academy or moviemaking or even movies exhibiting excessive sex and violence These studies attract his attention both on account of their own merit and on account of their need for new and powerful research tools such as those which he has forged in his own intellectual workshop over the last two decades

The Impact of Critical Rationalism Raphael Sassower, Nathaniel Laor, 2018-07-13 As a student and disciple of Karl Popper and longtime managing editor of *Philosophy of the Social Sciences* Ian C Jarvie extended the notion of Critical Rationalism to be useful in anthropology aesthetics film studies and various social sciences In this Festschrift contributors from a range of interests and disciplines engage with the Popperian legacy and Jarvie's scholarly and editorial work in *Critical Rationalism* to contextualize it in the broader contemporary intellectual landscape These original essays not only honor Jarvie's legacy but expand it to cross the philosophical divide between analytic and continental schools of thought In so doing the authors bring the state of the art achievements of Critical Rationalism to the forefront of current academic

debates European and Non-European Societies, 1450-1800 Robert Forster, 2019-07-16 First published in 1997 this is the first of two volumes It looks at the process of European expansion which brought into contact societies and cultures across the world which had been initially alien to one another Conflict and violent conflict was one aspect of this interaction but accommodation mutual adaptation and institutional and behavioural synthesis were also present though often biased in favour of European norms The intent of this book is to avoid treating colonization dominance and exploitation as the only focuses of attention In the first volume Robert Forster explores issues of formative influences the impact of Eurocentrism on historiography and the reaction against it and the differing approaches and perceptions of the Europeans notably the Spanish French and English In this period he distinguishes three modes of interaction that of the trading empires generally in Africa and Asia where the European control of the encounter was slighter and those of the regions of settlement as in North America and of exploitation typified by the Caribbean where the European impact was profound The second volume focuses on the Americas and uses the topics of religion class gender and race as its points of entry *Handbuch der Ethnologie* Thomas Schweizer, Margarete Schweizer, Waltraud Kokot, 1993 *Kulturkonzepte in Alfred Döblins Amazonas-Trilogie* Dagmar Heinze, 2003 Die vorliegende Studie befasst sich mit einem der wohl interessantesten deutschsprachigen Romane die Interkulturalität zum Thema haben Alfred Döblins Amazonas Trilogie Die Qualität dieses Textes der bis heute etwas am Rande der Döblin Forschung steht wurde bislang unterschätzt Die einschlägige Werkinterpretation soll deshalb deutlich machen dass Döblins romanhafter Darstellung europäisch-sämerikanischer Kulturbegegnungen auch vor dem Hintergrund aktueller Debatten eine anspruchsvolle Konzeptualisierung von Interkulturalität zugrunde liegt Zu den wichtigsten Befunden der Untersuchung zählt daher die Erkenntnis dass die Darstellung von Fremdem und Eigenem sich nicht wie oft behauptet am Muster fundamentaler Dichotomien wie Natur und Kultur Männlichem und Weiblichem orientiert sondern dass sie auf den Vorstellungen von relativer Differenz basiert Daneben liefert die Arbeit einen wertvollen Beitrag zur interkulturellen Literaturwissenschaft indem sie sich mit grundlegenden Fragen wie Gleichsetzung von Kultur und Text intensiv auseinandersetzt Ihr interdisziplinärer literaturwissenschaftlich ethnologischer Ansatz eröffnet weiterführende Perspektiven für den germanistischen Umgang mit Interkulturalität Oriens extremus ,1997 The Journal of Psychoanalytic Anthropology ,1987 Enzyklopädie Philosophie und Wissenschaftstheorie Siegfried Blasche, Jürgen Mittelstrass, Gereon Wolters, 1980 Grundlagen der Literaturästhetik András Horn, 1993 **Poznan Studies in the Philosophy of the Sciences and Humanities** ,1989 Human Rights, Culture and Context Richard Wilson, 1997 Drawing on case studies from around the world including Iran Guatemala USA and Mexico this collection documents how transnational human rights discourses and legal institutions are materialised imposed resisted and transformed in a variety of contexts **Journal of the History of Philosophy** ,1985 Knowing One Another Merryl Wyn Davies, 1988 The Nature of Man and Culture Baidyanath Saraswati, 2001 Contributed articles presented at a scientific session **South African journal of ethnology**

,1999 Islams and Modernities 'Azīz 'Azmah,1996 Al Azmeh traces how political Islam breaks with core elements of the Muslim tradition and at the same time roots many of its concepts in European reactionary and romantic thought Surveying both its social origins and its intellectual genealogy he rethinks the relationship between Islam and the West uncovering a rich actual history of interaction This second edition enriched by three new essays will challenge the clichés of crusaders and fanatics on both sides and help to dispel the ignorance which breeds such fear and distrust **Alcohol Use and Intracultural Variation Among U.S. Socialized and Mexican Socialized Families in an Urban Context** Magdalena Maria Avila,1997 **Sick Societies** Robert B. Edgerton,1992-11-02 Author and scholar Robert Edgerton challenges the notion that primitive societies were happy and healthy before they were corrupted and oppressed by colonialism He surveys a range of ethnographic writings and shows that many of these so called innocent societies were cruel confused and misled **The British National Bibliography** Arthur James Wells,1968
