## Rayuela Punto De Lectura:

*The Oxford Handbook of the Latin American Novel* Juan E. De Castro, Ignacio López-Calvo, 2023 The Latin American novel burst onto the international literary scene with the Boom era led by Julio Cortázar, Gabriel García Márquez, Carlos Fuentes and Mario Vargas Llosa and has influenced writers throughout the world ever since. García Márquez and Vargas Llosa each received the Nobel Prize in literature and many of the best known contemporary novelists are inspired by the region's fiction. Indeed, magical realism, the style associated with García Márquez, has left a profound imprint on African American, African, Asian, Anglophone Caribbean and Latinx writers. Furthermore, post-Boom literature continues to garner interest from the novels of Roberto Bolaño to the works of César Aira and Chico Buarque to those of younger novelists such as Juan Gabriel Vásquez, Alejandro Zambra and Valeria Luiselli. Yet for many readers, the Latin American novel is often read in a piecemeal manner, delinked from the traditions, authors and social contexts that help explain its evolution. *The Oxford Handbook of the Latin American Novel* draws literary, historical and social connections so that readers will come away understanding this literature as a rich and compelling canon. In forty-five chapters by leading and innovative scholars, the Handbook provides a comprehensive introduction helping readers to see the region's intrinsic heterogeneity; for only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century and its flourishing from the 1960s onward. Furthermore, the Handbook explores the region's representations of identity, narrative trends and authors that make this literature so diverse and fascinating, reflecting on the Latin American novel's position in world literature. *Amores adversos y apasionados* Melvin Ledgard, 2002 **El libro de Aurora** Aurora

Bernárdez, 2017-07-01 Una privilegiada vía de acceso a los hasta ahora desconocidos y múltiples textos literarios de Aurora Bernárdez. Creo que siempre tuve una vocación de oscuridad y de secreto. Con esa frase anotada hacia el final de su vida en un cuaderno, resume Aurora Bernárdez su vínculo tan particular con la literatura. Por seguir esa vocación, nunca traicionada, restringi su actuación pública a lo estrictamente necesario y mantuvo para sí misma el ejercicio de su propia creación. El libro de Aurora reúne poemas, relatos y notas de quien fue una traductora brillante, la primera lectora de la obra de Julio Cortázar y su albacea literaria y contiene además la transcripción de la larga y extensa entrevista que concedió. En estos textos que ven la luz por primera vez, quedan plasmados su inteligencia, su delicadeza, su talento y su humor, configurando el retrato de una mujer del siglo XX, una mujer de letras a quien el amor llevó a París y cuya amistad con sus editores nos la devuelve hoy en este libro encantador. **The Latin American Short Story at its Limits** Lucy Bell, 2017-07-05 The Latin American short story has often been viewed in terms of its relation to orality, tradition and myth. But this desire to celebrate the difference of Latin American culture unwittingly contributes to its exoticization, failing to do justice to its richness, complexity and contemporaneity. By re-reading and re-viewing the short stories of Juan Rulfo, Julio Cortázar and Augusto Monterroso, Bell

reveals the hybridity of this genre It is at once rooted in traditional narrative and fragmented by modern experience its residual qualities are revived through emergent forms Crucially its oral and mythical characteristics are compounded with the formal traits of modern emerging media photography cinema telephony journalism and cartoon art **Un mundo de novela.
