Althusser
& Etienne
Balibar

Reading Capital

**Duncan's Manual of British and foreign
tramway companies**

Reading Capital:

Reading Capital's Materialist Dialectic Nick Nesbitt, 2024-05-27 While the explicit Althusserian engagement with Marx's Capital remained largely limited to Reading Capital after 1968 Nick Nesbitt argues this theoretical intervention remained insistent adopting the form of a general theory of materialist dialectic The book thus analyzes the Althusserianist theory of a materialist dialectic across diverse sites including Althusser's unpublished archive Macherey's exposition of Spinoza's Ethics and Badiou's Logics of Worlds while simultaneously bringing this fully developed theory of materialist dialectic to bear anew on the reading of Capital itself to show that Spinoza's influence on Marx is far greater and that of Hegel increasingly diminishing than has been previously thought

Reading Capital Louis Althusser, 1977

Reading Capital Louis Althusser, Etienne Balibar, 2009-06-09 Establishing a rigorous program of symptomatic reading that cuts through the silences and lacunae of Capital to reveal its philosophical core Louis Althusser interprets Marx's structural analysis of production as a revolutionary break the basis of a completely new science Building on a series of Althusser's conceptual innovations that includes overdetermination and social formation Etienne Balibar explores the historical and structural facets of production as Marx understood them scrutinizing many of the most fundamental points in Capital as though for the first time

The Concept in Crisis Nick Nesbitt, 2017-07-20 The publication of Reading Capital by Louis Althusser Etienne Balibar Roger Establet Pierre Macherey and Jacques Rancière in 1965 marked a key intervention in Marxist philosophy and critical theory bringing forth a stunning array of concepts that continue to inspire philosophical reflection of the highest magnitude The Concept in Crisis reconsiders the volume's reading of Marx and renews its call for a critique of capitalism and culture for the twenty-first century The contributors who include Alain Badiou Etienne Balibar and Fernanda Navarro interrogate Althusser's contributions in particular within the context of what is surely the most famous collective reading of Marx ever undertaken Among other topics they offer a symptomatic critique of Althusser consider his writing as a materialist production of knowledge analyze the volume's conceptualization of value and crisis examine how leftist Latin American leaders like Che Guevara and Subcomandante Marcos engaged with Althusser and Reading Capital and draw out the volume's implications and use for feminist theory and praxis Retrieving the inspiration that drove Althusser's reinterpretation of Marx The Concept in Crisis explains why Reading Capital's revolutionary inflection retains its critical appeal prompting readers to reconsider Marx's relevance in an era of neoliberal capitalism Contributors Emily Apter Alain Badiou Etienne Balibar Bruno Bosteels Adrian Johnston Warren Montag Fernanda Navarro Nick Nesbitt Knox Peden Nina Power Robert J C Young
