A. Hayward,1998 By the time Hitler declared war on the Soviet Union in 1941 he knew that his military machine was running out of fuel In response he launched Operation Blau a campaign designed to protect Nazi oilfields in Romania while securing new ones in the Caucasus All that stood in the way was Stalingrad The Secret History of the CIA Joseph John Trento,2001 In The Secret History of the CIA celebrated investigative reporter and intelligence expert Joseph J Trento uncovers the whole story of America s most secret organization from its formation after World War II to steer Cold War intelligence operations through its sordid illegal attempts to assassinate foreign leaders arm vicious dictators and topple democratically elected governments to the awful failure of 9 11 And despite its obsession with security it was riddled with double agents traitors and moles Jacket *Intelligence, Espionage, Counterespionage, and Covert Operations* Paul W. Blackstock, Frank L. Schaf,1978

**Deutschland Archiv** ,1981 **The Soviet Estimate** John Prados,1982 **Newsletter** American Committee on the History of the Second World War,1979 **The American Home** ,1972-07 Spy Chiefs: Volume 2 Paul Maddrell, Christopher Moran, Ioanna Iordanou, Mark Stout,2018-02-01 Throughout history and across cultures the spy chief has been a leader of the state security apparatus and an essential adviser to heads of state In democracies the spy chief has become a public figure and intelligence activities have been brought under the rule of law In authoritarian regimes however the spy chief was and remains a frightening and opaque figure who exercises secret influence abroad and engages in

repression at home This second volume of *Spy Chiefs* goes beyond the commonly studied spy chiefs of the United States and the United Kingdom to examine leaders from Renaissance Venice to the Soviet Union Germany India Egypt and Lebanon in the twentieth century It provides a close up look at intelligence leaders good and bad in the different political contexts of the regimes they served The contributors to the volume try to answer the following questions how do intelligence leaders operate in these different national institutional and historical contexts What role have they played in the conduct of domestic affairs and international relations How much power have they possessed How have they led their agencies and what qualities make an effective intelligence leader How has their role differed according to the political character of the regime they have served The profiles in this book range from some of the most notorious figures in modern history such as Feliks Dzerzhinsky and Erich Mielke to spy chiefs in democratic West Germany and India *War at Any Price* M. K. Dziewanowski, 1991 A multifaceted exploration of the panorama of World War II that draws from contemporary historical research *TV Guide*, 1972

*Ms. Magazine* Gloria Steinem, Robin Morgan, Joanne Edgar, Patricia Theresa Carbine, Nina Finkelstein, Letty Cottin Pogrebin, 1972 **The British National Bibliography** Arthur James Wells, 1973 **"The Greatest Deception in the History of Warfare"** Svein Lorents Myklebust, 1980 This study covers a short but decisive period in the development of World War II Adolf Hitler had achieved great success on the battlefields of Continental Europe but Great Britain was still not subdued Hitler gathered his invasion force in the summer of 1940 but the attack was called off at least for the winter season of 1940-41 The fall and winter gave Hitler a break to plan for the next spring He chose to gamble on an attack on the Soviet Union In order to confuse his present foes he staged the greatest deception in the history of warfare This study is about that deception Emphasis is put on those operations which took place along the coasts of Scandinavia and Western France Preface

*American Intelligence, 1775-1990* Neal H. Petersen, 1992 *Czechoslovakia* John O. Crane, Sylvia Crane, 1991 This groundbreaking work presents a revisionist history of Czechoslovakia's struggle for independence from 1917 to the death of Jan Masaryk in March 1948 The authors focus on three critical events in Czechoslovak history the year of its founding in the midst of the Bolshevik Revolution in 1918 the Munich betrayal in 1938 and the Communist coup of 1948 The account is informed by John Crane's longstanding personal acquaintance with the Masaryk family and by Sylvia Crane's extensive research into previously inaccessible original archival sources The Cranes argue that throughout the period in question Czechoslovakia was victimized by the rival Great Powers as they attempted to forge their own separate spheres of influence in Europe Among their startling new findings is their assessment that Jan Masaryk their brother in law committed suicide on March 10 1948 correcting the Cold War myth that claims he was murdered The book begins with an examination of the early years of the Czechoslovakian independence movement during World War I Among the Cranes most notable discoveries are documents until recently classified by the British Foreign Office that demonstrate how Great Britain used the Czechoslovak Legions in Bolshevik Russia to fight the Soviets contrary to President Thomas Masaryk's desires and the arrangements he

had made for their withdrawal The next set of chapters addresses the events leading up to Munich 1938 and demonstrates the various roles played by the Great Powers in the ultimate betrayal of Czechoslovakia to Hitler Finally the Cranes turn their attention to the immediate post World War II period They argue that American policies based on strong anti Soviet attitudes were a major contributing factor in the defeat of democratic forces within Czechoslovakia by hardline Communists Throughout the Cranes rely on both their extensive research into primary sources and their intimate knowledge of the Masaryk family to offer the reader an unusually revealing account of the critical events in Czechoslovakia s turbulent history Must reading for Cold War historians this book will also be of significant interest to students of European politics particularly in light of the recent events in Eastern Europe     The Second World War: a Bibliography ,1972
