The Outline of Parapsychology Jesse Hong Xiong, 2009-11-09 This is a work of systematic parapsychology The book aims to construct a framework and system of parapsychology taking a comprehensive approach to the field The Outline of Parapsychology states that parapsychology has a different philosophical background from the existing science and religions and posits that pantheism could be the theoretical basis of parapsychology The book also integrates parapsychology with oriental philosophies and New Age movement thought

The New Age Movement and the Biblical Worldview John P. Newport, 1998 John Newport delivers a comprehensive study of the impact of New Age beliefs on contemporary culture and on Christianity itself while also offering an effective biblical antidote to today's worldview crisis After first surveying the historical development of the New Age worldview from ancient times through important tendencies in nineteenth century America to recent Far Eastern influences Newport explores in depth eleven key areas of the New Age worldview and contrasts each area of belief with the traditional biblical worldview

The Delight Makers Catherine L. Albanese, 2023-01-17 An ambitious history of desire in Anglo American religion across three centuries The pursuit of happiness weaves disparate strands of Anglo American religious history together In The Delight Makers Catherine L Albanese unravels a theology of desire tying Jonathan Edwards to Ralph Waldo Emerson to the religiously unaffiliated today As others emphasize redemptive suffering

this tradition stresses the metaphysical connection between natural beauty and spiritual fulfillment In the earth's abundance these thinkers see an expansive God intent on fulfilling human desire through prosperity health and sexual freedom Through careful readings of Cotton Mather Andrew Jackson Davis William James Esther Hicks and more Albanese reveals how a theology of delight evolved alongside political overtures to natural law and individual liberty in the United States **Mystic**

The Individual and the Nature of Mass Events Jane Roberts,2011-07-08 From the Bestselling Author of *Seth Speaks* Speaking exclusively through Jane Roberts Seth has repeatedly stressed the concept that we create our own reality according to our individual beliefs But how do our realities merge and combine to form mass reactions such as the overthrow of governments the birth of a new religion wars epidemics earthquakes and new periods of art architecture and technology In this pioneering work Seth explores the connection between personal beliefs and world events He pinpoints the unconscious and often negative beliefs pervading science and religion medicine and mythology and offers thought provoking reflections on Darwinism Freudianism religions cults and medical beliefs With fascinating and inspiring implications Seth asserts that the personal impulses we are often taught to see as dangerous chaotic or contradictory are instead crucial to the best interests of the species and the natural world for they lead us to live not only as loving caretakers but as partners with other species Only people who trust their spontaneous impulses can be consciously wise enough to choose from a myriad of probable futures the most promising events Jane Roberts Speaking for Seth **St. Augustini, of the citie of God, with the learned comments of I.L.
