Dan Ungurianu

Sevastopol Istoricheskaja Povest:

Russia Gregory Carleton, 2017-04-24 Outsiders view Russia as an aggressor but Russians see themselves as surrounded by enemies defensively fighting off invader after invader or called upon by history to be the savior of Europe or Christianity or civilization itself often at immense cost As Gregory Carleton shows war is the unifying thread of Russia's national epic

Plotting History Dan Ungurianu, 2007-12-10 Balanced precariously between fact and fiction the historical novel is often viewed with suspicion Some have attacked it as a mongrel form a bastard son born of history's flagrant adultery with imagination Yet it includes some of the most celebrated achievements of Russian literature with Alexander Pushkin Nikolai Gogol Leo Tolstoy and scores of other writers contributing to this tradition Dan Ungurianu's *Plotting History* traces the development of the Russian historical novel from its inception in the romantic era to the emergence of Modernism on the eve of the Revolution Organized historically and thematically the study is focused on the cultural paradigms that shaped the evolution of the genre and are reflected in masterpieces such as *The Captain's Daughter* and *War and Peace* Ungurianu examines the variety of approaches by which Russian writers combined fact with fiction and explores the range of subjects that inspired the Russian historical imagination Outstanding Academic Title Choice Magazine Ungurianu has produced a most valuable work for literary scholars Andrew M Drozd Slavic and East European Journal Ungurianu's overwhelming knowledge impeccable documentation erudite notes and valuable addenda make for a treasure house of information and keen analysis Essential Choice

The Revolution of 1905 Abraham Ascher, 1988 The first of two volumes this is the most comprehensive account of the Revolution of 1905 a decisive turning point in modern Russian history to appear in any Western language in a generation

Treasures Into Tractors Anne Odom, Wendy R. Salmond, 2009 Sixteen scholars from Russia Vienna and the United States explore the fate of Russian art collections and libraries following the Russian Revolution in 1917 the institutions and individuals responsible for their sale and the prominent collectors libraries and museums that acquired them Unlike the widely publicized controversy surrounding Soviet Nazi war loot and its restitution the sales of the interwar period are not well known outside a small scholarly community This volume reveals the extent of the Soviet government's voluntary realization of Russia's cultural patrimony between 1918 and 1938 and its consequences for both the international art market and the perception of Russian art The imperial Easter eggs by Fabergé and Old Master paintings purchased by Andrew Mellon from the State Hermitage and now in the National Gallery of Art in Washington D C are the most celebrated works that

changed hands Equally significant are the bibliographic rarities from imperial libraries icons and liturgical art from churches and monasteries and antiques furnishings and fine art from estates palaces and private homes See the review in the New York Times <http://www.nytimes.com/gift/guide/holiday/2009/ggantiques/list.html>
