The Political Culture of the New West Jeff Roche, 2008-10-28 From wildcatting Texas oilmen to Colorado rock climbers from hipster capitalists to populist moralizers westerners have proven themselves to be a highly individualistic breed of American as much in their politics as in their vocations or lifestyles This first book on the landscape of the American West s politics looks beyond red state blue state assumptions to explore how westerners have expanded the boundaries of the political and emerged as a harbinger of America s electoral future Representing a wide range of specialties popular culture business history the environment ethnic history agriculture and more these authors portray a politically heterogeneous region and show how its multiple traditions have strongly shaped the nation s body politic Viewing politics as more than cyclical electioneering they draw on historical evidence to portray westerners imaginatively rethinking democratic practice and constantly forging new political publics These twelve essays move western political history beyond the usual discussions of elections and parties and the standard issues of water progressivism and states rights Some explore claims to western authenticity among those associated with western conservatism not just regional heroes like Barry Goldwater and Ronald Reagan but farmers and evangelicals as well Others examine the transformation of the West s minority communities to reveal a liberalism that celebrates diversity and articulates claims for social justice The final chapters reveal the complexity of contemporary western political culture challenging longstanding assumptions about such notions as space nature and the liberal conservative divide Here then is the paradox of western politics in all its enigmatic glory with frontier individualism going head to head with multiethnic diversity in debates over divergent views of western authenticity and wild cards put into play by counterculturists cyber libertarians fiscally conservative gun toting Democrats and environmentalists The Political Culture of the New West shows how westerners have expressed themselves within a complex often contradictory and constantly changing political culture and helps explain why no electoral outcome in this part of America can be predicted for certain

Reveries of Home Nigel Rapport, Solrun

Williksen, 2020-06-12 *Reveries of Home* considers understandings of home in the world today and the means by which feelings of homeliness are secured. In particular the volume explores the relationship between the phenomenon of globalisation and the ways in which home making entails acts of practical and symbolic emplacement in landscapes felt to be meaningful and authentic. A series of case studies from Norway and West Africa, the mid western USA, Egypt, Scotland and elsewhere offer an illustrative array of homes made in rural communities and urban worksites in personal life histories and the policies of diasporic groups in ceremonial revivals and mundane routines in postcards, house furnishings, dreams, clothes and smells. Home making appears as a kind of work and it is ongoing for place and being emplaced are not givens. Instead home making exists in time in moments of individual and collective performance which are both mundane and memorial. *Reveries of Home* offers a set of cases and a set of arguments that reveal the close connections that remain between home and identity even in a world of movement.

Made In Scotland Billy Connolly, 2018-10-18 THE SUNDAY TIMES BESTSELLER Where do you come from? It's one of the most basic human questions of all. But there is another question which might sound a wee bit similar but is actually very different. What do you come from? And let me tell you that question can take you all sorts of strange places. In *Made in Scotland*, legendary comic and national treasure Billy Connolly returns to his roots reflecting on his life, his homeland and what it means then and now to be Scottish. Full of Billy's distinctive humour, *Made in Scotland* is a hilarious and heartfelt love letter to the place and the people that made him.
