Video Marketing Strategy Jon Mowat, 2018-03-03 Harness the power of video and create effective video marketing campaigns that will raise brand awareness increase sales drive website traffic and deliver ROI on marketing budgets with this invaluable guide to creating engaging content Written by the experienced and award winning video marketer Jon Mowat Video is the single most effective tool that marketers can use to cut through the noise and deliver measurable results Driven by consumer demand and with the backing of the largest social media platforms our world is becoming video first Video Marketing Strategy allows marketers to harness the power of video with an in depth look at the world's most powerful medium and how it can radically magnify a brand's voice by creating a level of emotional engagement that can't be achieved any other way Exploring both theory why are humans so affected by video on mobile devices and practice what's the key to making videos that deliver results this book looks at how multiple videos can form wider campaigns while exploring content hubs activation strategies and testing Filled with invaluable advice tips and strategies for incorporating video into a wider content marketing plan plus insights from prominent industry practitioners and case studies from around the world across sectors and industries this book offers readers the magic formula for using video campaigns successfully Digital Children: A Guide for Adults Andy Phippen, Sandra Leaton Gray, 2021-10-15 The digital world is a place where even the most informed parents and teachers can feel one pace behind children Bombarded with scare stories about the risks of everyday Internet interactions for young people those caring for them are frequently left to navigate online minefields more or less on their own This book is here to help Two leading experts on digital childhoods Dr Sandra Leaton Gray and Professor Andy Phippen explore the realities of growing up online in the 21st century They provide an informative and accessible guide to the issues young people face today based on the latest research and scholarship They also expose the many ways the child safeguarding industry means well but often gets things very wrong The authors explain the latest research on topics such as biometrics encryption cyphertext and sexting and analyse their relevance to the next generation They raise a number of key questions about the contemporary lives of young people including their relationship with digital technologies such as games social media surveillance and tracking devices They also challenge conventional thinking on these issues Rather than relying on technology they argue we should instead focus on the quality of relationships between children their peers their parents and with adults generally Then we can build a healthy digital future for society as a whole *Four Battlegrounds* Paul Scharre, 2023-02-28 An NPR 2023 Books We Love Pick One of the Next Big Idea Club's Must Read Books An invaluable primer to arguably the most important driver of change for our future P W Singer author of *Burn In* An award winning defense expert tells the story of today's great power rivalry the struggle to control artificial intelligence A new industrial revolution has begun Like mechanization or electricity before it artificial intelligence will touch every aspect of our lives and cause profound disruptions in the balance of global power especially among the AI superpowers China the United States and

Europe Autonomous weapons expert Paul Scharre takes readers inside the fierce competition to develop and implement this game changing technology and dominate the future Four Battlegrounds argues that four key elements define this struggle data computing power talent and institutions Data is a vital resource like coal or oil but it must be collected and refined Advanced computer chips are the essence of computing power control over chip supply chains grants leverage over rivals Talent is about people which country attracts the best researchers and most advanced technology companies The fourth battlefield is maybe the most critical the ultimate global leader in AI will have institutions that effectively incorporate AI into their economy society and especially their military Scharre s account surges with futuristic technology He explores the ways AI systems are already discovering new strategies via millions of war game simulations developing combat tactics better than any human tracking billions of people using biometrics and subtly controlling information with secret algorithms He visits China s National Team of leading AI companies to show the chilling synergy between China s government private sector and surveillance state He interviews Pentagon leadership and tours U S Defense Department offices in Silicon Valley revealing deep tensions between the military and tech giants who control data chips and talent Yet he concludes that those tensions inherent to our democratic system create resilience and resistance to autocracy in the face of overwhelmingly powerful technology Engaging and direct Four Battlegrounds offers a vivid picture of how AI is transforming warfare global security and the future of human freedom and what it will take for democracies to remain at the forefront of the world order

Screen Digest ,1998 **The U.S. Army War College Guide to National Security Issues: Theory of war and strategy** J. Boone Bartholomees,2010 This edition of the U S Army War College Guide to National Security Policy and Strategy continues to reflect the structure and approach of the core national security strategy and policy curriculum at the War College The fourth edition is published in two volumes that correspond roughly to the Department of National Security and Strategy s core courses Theory of War and Strategy and National Security Policy and Strategy Like previous editions this one is largely an expansion of its predecessor rather than a major rewriting About a quarter of the chapters are new and several others have undergone significant rewrites or updates However approximately half of the book remains unchanged Although this is not primarily a textbook it does reflect both the method and manner we use to teach strategy formulation to America s future senior leaders The book is not a comprehensive or exhaustive treatment of either strategic theory or the policymaking process Both volumes are organized to proceed from the general to the specific Thus the first volume opens with general thoughts on the nature and theory of war and strategy proceeds to look at the complex aspect of power and concludes with specific theoretical issues Similarly the second volume begins by examining the policy strategy process moves to a look at the strategic environment and concludes with some specific issues This edition adds several short case studies that can be used to illustrate the primary material in the volume *Predicasts F & S Index United States* Predicasts, inc,1983 A comprehensive index to company and industry information in business journals *The Compu-mark Directory of*
