Rationality And Dynamic Choice Foundational Explorations:

Rationality and Dynamic Choice Edward F. McClennen, 1990-05-25 In this major contribution to the theory of rational choice the author sets out the foundations of rational choice and then sketches a dynamic choice framework in which principles of ordering and independence follow from a number of apparently plausible conditions However there is potential conflict among these conditions and when they are weakened to avoid it the usual foundations of rational choice no longer prevail The thrust of the argument is to suggest that the theory of rational choice is less determinate than many suppose

Langfristiges Entscheiden Stephan Sellmaier, 2007 *David Gauthiers moralischer Kontraktualismus* Raffael Iturrizaga, 2013-05-02 Rationalität hat religiöse und andere metaphysisch anspruchsvolle Grenzen in ihrer ehemals privilegierten Stellung als Begründungsinstanzen in der Moralphilosophie abgelöst David Gauthier hat mit *Morals by Agreement* hierfür den moralischen Kontraktualismus die bisher am besten elaborierte Theorie vorgelegt die auch die Methoden der modernen Entscheidungs- und Spieltheorie einbezieht Die zentrale Herausforderung besteht in dem Erbringen des Nachweises dass es in einer Gesellschaft mit ungleicher Machtverteilung für alle Personen rational ist einen Kooperationsvertrag einzugehen der von Anfangsbedingungen der Gleichheit ausgeht Iturrizaga stellt in seiner tief greifenden kritischen Analyse diesen

Nachweis in Frage und liefert dabei zugleich eine umfassende Darstellung der Theorie Gauthiers **Blackwell Handbook of Judgment and Decision Making** Derek J. Koehler, Nigel Harvey, 2008-04-15 The Blackwell Handbook of Judgment and Decision Making is a state of the art overview of current topics and research in the study of how people make evaluations draw inferences and make decisions under conditions of uncertainty and conflict Contains contributions by experts from various disciplines that reflect current trends and controversies on judgment and decision making Provides a glimpse at the many approaches that have been taken in the study of judgment and decision making and portrays the major findings in the field Presents examinations of the broader roles of social emotional and cultural influences on decision making Explores applications of judgment and decision making research to important problems in a variety of professional contexts including finance accounting medicine public policy and the law **An Essay on the Modern State** Christopher W.

Morris, 2002-07-29 This important book is the first serious philosophical examination of the modern state It inquires into the justification of this particular form of political society It asks whether all states are nation states what are the alternative ways of organizing society and which conditions make a state legitimate The author concludes that while states can be legitimate they typically fail to have the powers e.g. sovereignty that they claim Christopher Morris has written a book that will command the attention of political philosophers political scientists legal theorists and specialists in international relations Reasons and Intentions Bruno Verbeek, 2016-12-05 There are a number of problems in philosophy that seem to share a similar possible solution Why do promises and contracts bind Why ought citizens and judges obey the law and Can we realize the gains to be made from cooperation All three problems as well as some others share a possible solution in the form

of rational internal commitment Reasons and Intentions is a state of the art overview of the relevant positions on the possibility of such commitment including critical ones The introduction provides a survey of the central problem of the volume how the will can bind itself and still be instrumental in nature and the various positions which are further examined in the contributions Addressing the question of the relation between intentions and action the considerations which make an intention rational and how this translates into our conception of moral agency this book brings together specially commissioned essays by the leading scholars in the field

Preferring Justice Eric Cave, 2019-07-11 This manuscript is about the sense of justice that limits what individuals can do in pursuit of their ends and opens them to exploitation It shows how flawed agents choosing under partial information advance those of their ends having nothing to do with justice by maintaining such a disposition

Rationale Motivation Erich Ammereller, Wilhelm Vossenkuhl, 2005 Die Beiträge dieses Bandes untersuchen die Natur menschlicher Motivation unter einem philosophischen Gesichtspunkt d.h. sie sind darum bemüht verschiedene begriffliche Fragen zur Motivation menschlicher Handlungen zu klären Genauer gesagt betreffen diese Fragen die Natur rationaler Motivation Denn die intentionalen Handlungen eines Menschen werden typischerweise durch etwas motiviert bzw. erklärt was die betreffende Handlung rational verständlich macht Wenn wir danach fragen was einen Menschen veranlasst hat etwas Bestimmtes zu tun dann wollen wir normalerweise wissen was sein Grund für diese Handlung war Wir wollen wissen was ihn bewogen hat so zu handeln Indem wir seine Handlung durch die Angabe des Grundes erklären machen wir sie als etwas verständlich was aus seiner Sicht in seiner Situation und im Lichte seines Selbstverständnisses seiner Wertvorstellungen Ziele Neigungen Interessen und Gefühlen zu tun vernünftig war Vier Fragen werden von den Autoren dieses Bandes untersucht 1 Welche Rolle spielen gute Gründe für das Verständnis der rationalen Motivation einer Handlung 2 Was sind die Gründe die uns zum Handeln motivieren 3 Auf welche Weise motivieren bzw. erklären diese Gründe unser Handeln 4 Welche Rolle für das Verständnis rationaler Motivation spielen Absichten und Gefühle

Zeitschrift für Wissenschaftsforschung, 1994 Symposium, 2003 **Québec Studies in the Philosophy of Science** Mathieu Marion, Robert S. Cohen, 1996 By North American standards philosophy is not new in Quebec the first mention of philosophy lectures given by a Jesuit in the College de Quebec founded 1635 dates from 1665 and the oldest logic manuscript dates from 1679 In English speaking universities such as McGill founded 1829 philosophy began to be taught later during the second half of the 19th century The major influence on English speaking philosophers was at least initially that of Scottish Empiricism On the other hand the strong influence of the Catholic Church on French Canadian society meant that the staff of the faculties of the French speaking universities consisted until recently almost entirely of Thomist philosophers There was accordingly little or no work in modern Formal Logic and Philosophy of Science and precious few contacts between the philosophical communities In the late forties Hugues Leblanc was a young student wanting to learn Formal Logic He could not find anyone in Quebec to teach him and he went to study at Harvard University under the supervision of W.V. Quine His best friend Maurice L. Abbe had left a year earlier for Princeton to study with Alonzo Church After receiving his Ph.D. from

Harvard in 1948 Leblanc started his professional career at Bryn Mawr College where he stayed until 1967 He then went to Temple University where he taught until his retirement in 1992 serving as Chair of the Department of Philosophy from 1973 until 1979

Moralische Entscheidung und rationale Wahl Martin Hollis, Wilhelm Vossenkuhl, 1992 Klugheit und Moralität werden gewöhnlich für gegensätzlich gehalten Die Klugheit sagt uns, was das was Deinen Interessen am besten entspricht Die Moralität dagegen verlangt von jedem von uns das Richtige zu tun Unter dem Richtigen wird meist das verstanden was für jeden oder zumindest für die meisten das Beste ist Die Autoren des Bandes wenden sich dem Problemfeld eine Entscheidung zwischen Klugheit und Moralität aus dem Blickwinkel der Spieltheorie zu Sie versuchen nicht weniger als eine Theorie der praktischen Vernunft aufzustellen für eine Welt die naturwissenschaftlich und individualistisch bestimmt ist
