Ravaged And Reborn The Iranian Army 1982:

Ravaged and Reborn William F. Hickman, 1982 **Khomeini's Incorporation of the Iranian Military** Mark J. Roberts, 1996 **Iran at War** Kaveh Farrokh, 2011-12-20 Following on from his award winning book on the history of ancient Persia Kaveh Farrokh goes on to examine Iran's wartime history from the Safavid dynasty of the 16th and 17th century through to the 1979 Revolution and beyond He shows how the early military successes were followed by centuries of defeat as the external influences of nations like Russia and Britain began to shape the internal history of Iran before unraveling the complex violent 20th century military history of the country which encompasses two world wars regional movements foreign intervention anti government revolts conflicts on the Soviet border a revolution and an eight year war with Iraq Illustrated with contemporary illustrations and photographs this book provides an unparalleled investigation into the bloody martial history of Iran *Der irakisch-iranische Krieg 1980-1988* Henner Fürtig, 1992 **Der Krieg Irak-Iran, 1980-88** Harald Möller, 1995 **Revolution and War** Stephen M. Walt, 2013-08-07 Revolution within a state almost invariably leads to intense security competition between states and often to war In *Revolution and War* Stephen M Walt explains why this is so and suggests how the risk of conflicts brought on by domestic upheaval might be reduced in the future In doing so he explores one of the basic questions of international relations What are the connections between domestic politics and foreign policy Walt begins by exposing the flaws in existing theories about the relationship between revolution and war Drawing on the theoretical literature about revolution and the realist perspective on international politics he argues that revolutions cause wars by altering the balance of threats between a revolutionary state and its rivals Each state sees the other as both a looming danger and a vulnerable adversary making war seem both necessary and attractive Walt traces the dynamics of this argument through detailed studies of the French Russian and Iranian revolutions and through briefer treatment of the American Mexican Turkish and Chinese cases He also considers the experience of the Soviet Union whose revolutionary transformation led to conflict within the former Soviet empire but not with the outside world An important refinement of realist approaches to international politics this book unites the study of revolution with scholarship on the causes of war **Der Kooperationsrat Arabischer Staaten am Golf, eine neue Kraft?** Ursula Braun, 1986 [Die Islamische Republik Iran](#), 1987 □□□□□□□□□□□□□□□□ **1982-1983**, 1985 **The Iranian Military Under the Islamic Republic** Nikola Schahgaldian, Gina Barkhordarian, Rand Corporation, 1987 This study assesses the Iranian military as a factor in internal Iranian politics It examines successive influences on the Iranian armed forces since the Islamic Revolution of February 1979 The analysis includes both the professional military and the new paramilitary organizations the Pasdaran and the Basij The findings of the study are based primarily on interviews with former Iranian military personnel living outside Iran who have seen service since the revolution and with nonmilitary individuals The interview data were supplemented by an analysis of open source literature in local and Western languages The findings suggest that the long term U S policy

objective ought to be to reestablish a working relationship with Iran and to prevent it or any part of it from coming under Soviet influence A directory of Iranian military officials and a chronology of events in Iran since 1979 are included in appendixes Die Schiiten und der Kampf um den Libanon Andreas Rieck,1989 **The Iranian Military in Revolution and War (RLE Iran D)** Sepehr Zabir,2012-04-27 This book is a fascinating critical examination of the characteristics and development of the armed forces in Iran their role under the Shah and their re creation in the war against Iraq as the fighting forces of Islam The author examines the contradictory accounts including the Shah s own Answer to History as well as newly available accounts by highly placed ex officials and interviews with exiled army officers He examines in detail the apparent shift of allegiance within the forces from the Shah to Imam and the ways in which this was accomplished Major Iranian offensives changing strategies from human wave assault to the Tankers War and the delicate balance between the regular Army and the Revolutionary Guards are also extensively examined The book concludes with an analysis of the potential role of the armed forces in a succession crisis *International Affairs* ,1988 *Security in the Arabian Peninsula and Gulf States, 1973-1984* John Peterson,1985 **The Islamic Republic and the World** Maryam Panah,2007-09-20 A contemporary history of Iran focusing on the Islamic Revolution **Jihad for Jerusalem** M.A. Khan,2004-10-30 Explores the agent structure dynamics in politics and advances a constructivist theory of choice that explains the role of identity religion and core values in Middle Eastern politics **Middle East Contemporary Survey** ,1982 **Paperbound Books in Print** ,1992 **International Journal on World Peace** ,1992 **The Encyclopedia of the Arab-Israeli Conflict** Spencer C.
