## **Reading Faulkner Wisconsin Project On American Writers:**

Reading Faulkner Wesley Morris, Barbara Alverson Morris, 1989 The general argument advanced by the Morrises in this ambitious work revolves around the idea that William Faulkner is deeply critical of the prevailing Southern myth and discourse furthermore that his narratives are an attempt to discover and amplify alternative voices within that dominant milieu Those voices and the stories they tell are most often those of the unprivileged in race class and gender the black the poor white the woman the neurotic and so forth who act out the disintegration of Southern culture even as they may be said to hold it together in a communal act of mythmaking This reading thus makes the case a largely revisionary one for Faulkner as a fully engaged political writer a writer embroiled in the process of the subversion and dissolution not only of dominant Southern myth but of dominant Southern reality as well Structured in the way Faulkner imagined his entire fictional universe as a single narrative Reading Faulkner's incremental design results in a story that has much of the drive and force of Faulkner's story itself **The Faulkner Newsletter & Yoknapatawpha Review**, 1987 Kenneth Burke in Greenwich Village Jack Selzer, 1996-12-01 Capturing the lively modernist milieu of Kenneth Burke's early career in Greenwich Village where Burke arrived in 1915 fresh from high school in Pittsburgh this book discovers him as an intellectual apprentice conversing with the moderns Burke found himself in the midst of an avant garde peopled by Malcolm Cowley Marianne Moore Jean Toomer Katherine Anne Porter William Carlos Williams Allen Tate Hart Crane Alfred Stieglitz and a host of other fascinating figures Burke himself who died in 1993 at the age of 96 has been hailed as America's most brilliant and suggestive critic and the most significant theorist of rhetoric since Cicero Many schools of thought have claimed him as their own but Burke has defied classification and indeed has often been considered a solitary eccentric genius immune to intellectual fashions But Burke's formative work of the 1920s when he first defined himself and his work in the context of the modernist conversation has gone relatively unexamined Here we see Burke living and working with the crowd of poets painters and dramatists affiliated with Others magazine Stieglitz's 291 gallery and Eugene O'Neill's Provincetown Players the leftists associated with the magazines The Masses and Seven Arts the Dadaists and the modernist writers working on literary journals like The Dial where Burke in his capacity as an associate editor saw T.S. Eliot's The Wasteland into print for the first time and provided other editorial services for Thomas Mann e.e. cummings Ezra Pound and many other writers of note Burke also met the iconoclasts of the older generation represented by Theodore Dreiser and H.L. Mencken the New Humanists and the literary nationalists who founded Contact and The New Republic Jack Selzer shows how Burke's own early poems fiction and essays emerged from and contributed to the modernist conversation in Greenwich Village He draws on a wonderfully rich array of letters between Burke and his modernist friends and on the memoirs of his associates to create a vibrant portrait of the young Burke's transformation from aesthete to social critic American Superrealism Jonathan Veitch, 1997-10-15 Nathanael West has been hailed as an apocalyptic writer a writer on the left and a precursor to

postmodernism But until now no critic has succeeded in fully engaging West's distinctive method of negation In American Superrealism Jonathan Veitch examines West's letters short stories screenplays and novels some of which are discussed here for the first time as well as West's collaboration with William Carlos Williams during their tenure as the editors of Contact Locating West in a lively American avant garde tradition that stretches from Marcel Duchamp to Andy Warhol Veitch explores the possibilities and limitations of dada and surrealism the use of readymades scatological humor human machines exquisite corpses as modes of social criticism American Superrealism offers what is surely the definitive study of West as well as a provocative analysis that reveals the issue of representation as the central concern of Depression era America
