

ADVANCING SERVICE LEARNING: FROM IDEAS TO ACTION: A TWO DAY SERVICE LEARNING WORKSHOP

Service learning is a reliable and effective process that can help schools integrate the 3-dimensions of the Australian Curriculum by connecting learning areas to general capabilities and cross-curriculum priorities. It can also help IB World Schools strengthen student agency and integrate service-learning outcomes.

Traditions of Eloquence Cinthia Gannett,John Brereton,2016-05-25 This groundbreaking collection explores the important ways Jesuits have employed rhetoric the ancient art of persuasion and the current art of communications from the sixteenth century to the present Much of the history of how Jesuit traditions contributed to the development of rhetorical theory and pedagogy has been lost effaced or dispersed As a result those interested in Jesuit education and higher education in the United States as well as scholars and teachers of rhetoric are often

unaware of this living 450 year old tradition Written by highly regarded scholars of rhetoric composition education philosophy and history many based at Jesuit colleges and universities the essays in this volume explore the tradition of Jesuit rhetorical education that is constructing a more usable past and a viable future for eloquentia perfecta the Jesuits chief aim for the liberal arts Intended to foster eloquence across the curriculum and into the world beyond Jesuit rhetoric integrates intellectual rigor broad knowledge civic action and spiritual discernment as the chief goals of the educational experience Consummate scholars and rhetors the early Jesuits employed all the intellectual and language arts as contemplatives in action preaching and undertaking missionary educational and charitable works in the world The study pedagogy and practice of classical grammar and rhetoric adapted to Christian humanism naturally provided a central focus of this powerful educational system as part of the Jesuit commitment to the Ministries of the Word This book traces the development of Jesuit rhetoric in Renaissance Europe follows its expansion to the United States and documents its reemergence on campuses and in scholarly discussions across America in the twenty first century Traditions of Eloquence provides a wellspring of insight into the past present and future of Jesuit rhetorical traditions In a period of ongoing reformulations and applications of Jesuit educational mission and identity this collection of compelling essays helps provide historical context a sense of continuity in current practice and a platform for creating future curricula and pedagogy Moreover it is a valuable resource for anyone interested in understanding a core aspect of the Jesuit educational heritage

Waddock, 1997 This volume examines research in corporate social performance and policy Topics covered in this volume include political strategies and industry environments evaluating corporate claims of social responsibility and self deception and interviews with the founders of the Sim Oral History Project

Human Service Education ,1999 **Michigan Journal of Community Service Learning** ,2001 **Program Evaluation Handbook** Robert C. Serow, 1998 **The National Directory of Internships** ,1996 *The Utne Reader* ,1995 **Humanity & Society** ,2002 *Active Learning* Patricia Ann Mabrouk, 2007 This symposium series book focuses on the application of active learning methods in teaching analytical science broadly defined at both the undergraduate and graduate levels The volume includes a wide range of examples of how these methods are being applied at public and private community colleges four year colleges and graduate research universities in the United States and abroad

Emergency Medical Services ,2000 **Colorado Learn and Serve** ,1996 **Reading and Reader Development** Judith Elkin, Briony Train, Debbie Denham, 2003 Reader development focuses on readers rather than reading skills The purposes of reader development are to enhance the reading experience to make it a more pleasurable and creative act for the reader to increase people s confidence in their reading and to make reading a more communal activity by bringing readers together to share their experiences The focus of reader development is pleasure reading which the authors interpret as reading fiction They observe that public libraries were not at the forefront of this movement but librarians are responding by changing library culture to focus on

readers rather than books The ways in which librarians responded and additional responses they could undertake are described within the context of the broader social movements in the United Kingdom to promote reader development Three themes dominate the chapters First the authors tirelessly celebrate reading Reading is good Reading will make one happy Reading elevates The second theme is opportunism If society is paying attention to reading librarians should get on board and seize the opportunity to build their status and to secure the place of libraries as critically important institutions The third theme is social inclusiveness Librarians should always keep in mind the political dimensions of public library service and assure that all sectors of the populations share in the benefits of library service Readers in search of guidance concerning what librarians should do will find plenty of that here EDITOR
