Arkanpharmazeuten des 20. Jahrhunderts **Praxis Spagyrica Philosophica Ot Plain and Honest Directions on How to Make the Stone** Frater Albertus, 1998-02-01 Encompassing two works in one book this volume will interest occult historians and book collectors alike A window on 18th century alchemical practice Albertus's translation of Praxis Spagyrica Philosophica the simple instruction for producing the philosopher's stone mirrors the original text and art of which a facsimile is included making this a worthy primary resource Albertus's copious annotations to the text are of inestimable value when unraveling the more arcane references From One to Ten is Albertus's own treatise on the fundamental manifestation of numbers This work requires a great deal of concentration to follow but it will reward readers with a nonmathematical theory transcending religious and magical systems reaching straight into the heart of numbers themselves

Практическое руководство по алхимической лабораторной работе Брат Альберт, 2024-04-15 *Antique Trader Book Collector's Price Guide* Richard Russell, 2006-07-05 This new edition of Antique Trader Book Collector's Price Guide provides readers with the information and values to carve a niche for themselves in a market where rare first editions of Jane Austen's Emma and J. K. Rowling's Harry Potter and the Philosopher's Stone recently sold at auction for 254 610 dollars and 40 355 dollars respectively Organized in 13 categories including Americana banned paranormal and mystery this guide discusses identifying and grading books and provides collectors with details for identifying and assessing books in 8 000 listings Men and the Cycles of the Universe Albertus (Frater.), 1970 In the foregoing pages an attempt was made to provide the reader with information about the cycles of the universe as they make themselves felt upon this earth and all that is to be found thereon and therein Here is a different approach to that commonly used by astrologers and those who by qabalistic methods alone try to fathom and interpret cosmic influences Due to the fact that in other systems incomplete answers confront the serious inquirer further research into these cycles will produce more accurate results than are presently available through other media alone The Paracelsus Research Society plans to enlarge this portfolio with additional

cycles These maps will explain in more detail the life of an individual who is making a serious attempt to find himself as an integrated part of cyclic events during his present sojourn upon this earth Conclusion page 43 of accompanying booklet
