in the theological disputes at the University of Wittenberg and lost his job The volume which goes back to the XIII Spring Conference on the History of the Wittenberg Reformation brings together 18 essays in which the Crucigers are extensively acknowledged in their significance for the Wittenberg Reformation Correspondence and publications of the older Cruciger are listed comprehensively for the first time *Music and Performance in the Book of Hours* Michael Alan

Anderson,2022-06-14 This study uncovers the musical foundations and performance suggestions of books of hours guides to prayer that were the most popular and widespread books of the late Middle Ages Exploring a variety of musical genres and sections of books of hours with musical implications this book presents a richly textured sound world gleaned from dozens of extant manuscript sources from fifteenth century France It offers the first overview of the musical content of these handbooks to liturgy and devotional prayer together with cues that show scribal awareness for the articulation of sacred plainchants Although books of hours lack musical notation this survey elucidates the full range of musical genres and styles suggested both within and beyond the liturgical offices prescribed in books of hours Privileging sound and ritual enactment in the experience of the hours the survey complements studies of visual imagery that have dominated the category The book's interdisciplinary approach within a musical context and beautiful full color illustrations will attract not only specialists in musicology liturgy and late medieval studies but also those more broadly interested in the history of the book memory performance studies and art history **A Commentary on the Prayer Book, Etc** Richard ADAMS (Rector of St. Thomas's,

Manchester.),1876 *A commentary on the Prayer book* Richard Adams,1876 **The Making of Martin Luther** Richard Rex,2019-11-05 This book is a major new account of the most intensely creative years of Luther's career The Making of Martin Luther takes a provocative look at the intellectual emergence of one of the most original and influential minds of the sixteenth century Richard Rex traces how in a concentrated burst of creative energy in the few years surrounding his excommunication by Pope Leo X in 1521 this lecturer at an obscure German university developed a startling new interpretation of the Christian faith that brought to an end the dominance of the Catholic Church in Europe Luther's personal psychology and cultural context played their parts in the whirlwind of change he unleashed But for the man himself it was always about the ideas the truth and the Gospel Focusing on the most intensely important years of Luther's career Rex teases out the threads of his often paradoxical and counterintuitive ideas from the tangled thickets of his writings explaining their significance their interconnections and the astonishing appeal they so rapidly developed Yet Rex also sets these ideas firmly in the context of Luther's personal life the cultural landscape that shaped him and the traditions of medieval Catholic thought from which his ideas burst forth Lucidly argued and elegantly written The Making of Martin Luther is a splendid work of intellectual history that renders Luther's earthshaking yet sometimes challenging ideas accessible to a new generation of readers Some aspects of the Cross, 7 discourses William Henry Hutchings,1888 Commentary on the Old Testament
