*Update on Obesity, An Issue of Endocrinology and Metabolism Clinics of North America* Caroline M. Apovian, Dong Wook Kim, 2025-02-11 In this issue of Endocrinology and Metabolism Clinics guest editors Drs Caroline M Apovian and Dong Wook Kim bring their considerable expertise to the topic of Update on Obesity Top experts in the field cover the latest research regarding weight loss drugs drug safety pharmacotherapy AI and nutritional lifestyle changes for managing obesity Contains 15 relevant practice oriented topics including drug safety and pharmacovigilance of anti obesity medications obesity stigma non pharmacological treatment for obesity artificial intelligence and obesity management intermittent fasting and obesity and more Provides in depth clinical reviews on obesity offering actionable insights for clinical practice Presents the latest information on this timely focused topic under the leadership of experienced editors in the field Authors synthesize and distill the latest research and practice guidelines to create clinically significant topic based reviews Cancer: Improving Your Odds John G. Herron, 2019-12-16 Are you looking for actionable things that you can do to help your cancer treatment or possibly prevent cancer in the first place Something with scientific evidence that it works Something that you won't be embarrassed to discuss with your family doctor or oncologist Something that can improve your immune system and general health That is exactly what you will find in this book Read on for Actionable methods for naturally treating and preventing cancer the scientific way not the internet blogger way Simple things that you can add to your medical treatment to Improve Your Odds of successfully fighting cancer 100% backed by science that you or your doctor can easily verify Easy to read and understand but formatted so that you can share the science with your doctor Improve your immune system and general health Evidence that some of the recommendations may significantly improve immunotherapy outcomes as well as benefit chemotherapy and radiotherapy treatments New research information that has the potential to save many lives My hope is you'll use this information to improve your medical treatment not replace it Even though some of the natural treatments have been scientifically shown to be very effective on their own they are even more effective when used in conjunction with modern medicine This is called adjuvant therapy You should strive to Improve Your Odds of beating cancer not thumb your nose at modern medicine You do not need a scientific or medical background to understand this narrative but its claims are evidenced with scientific abstracts that your doctor will appreciate abstracts that you can skip if you wish to cut your reading time in half You will find that all recommendations have solid evidence behind them this isn't just another book where someone is simply making it all up and telling you what you want to hear You should read this book with a highlighter and pencil at your side This book has been extensively researched and some of the information found here you will probably find in no other book or medical website There is a special emphasis on how you can improve your immune system to better fight almost any cancer even before you know you have it You aren't trying to fire your doctor you just want to help Improve Your Odds This book will help you do that Your oncologist will want to know all of the supplements you are taking and why This

book includes the scientific abstracts and the information they need to find the full research studies This will explain the why so you don't have to They may also want to geek out on all of this science as they rarely get exposed to research on natural cancer treatments Finally this book enables you to take some control over your cancer treatment or genetic predisposition In fact most of the recommendations in this book are great even if you are healthy as they can help prevent cancer and improve your immune system too Whether you may have breast cancer skin cancer lung cancer etc improving the immune system and your body's ability to fight cancer is always beneficial

**5:2 Lifestyle** Delphine De Montalier, Charlotte Debeugny, 2015-02-01 The growing popularity of the 5:2 intermittent fasting diet is not doubted. Increasing numbers of advocates embrace its flexibility: you choose which two days of the week are your fast days; you lose weight and the diet is sustainable and healthy over the long term, unlike many other diets. This book has 100 recipes, 4 weeks of sample menus and is packed with tips on how to integrate the 5:2 diet into your lifestyle. It explains the benefits of intermittent fasting and how it works both for weight loss and also for health and sets out the Golden Rules for the non-fast days. There are 30 recipes for fast days that are 500 calories and under. These Super 500 recipes are composed of wholegrain fibre to slow digestion, protein, healthy fats and fresh vegetables for delicious food with all important texture, colour and taste so fasting day food is tasty and satisfying.

*Tools Of Titans* Timothy Ferriss, 2016-12-06 The latest groundbreaking tome from Tim Ferriss, the 1 New York Times best-selling author of *The 4 Hour Workweek*. From the author: For the last two years I've interviewed more than 200 world-class performers for my podcast *The Tim Ferriss Show*. The guests range from super-celebs like Jamie Foxx and Arnold Schwarzenegger etc. and athletes icons of powerlifting, gymnastics, surfing etc. to legendary Special Operations commanders and black-market biochemists. For most of my guests it's the first time they've agreed to a two to three hour interview. This unusual depth has helped make *The Tim Ferriss Show* the first business interview podcast to pass 100 million downloads. This book contains the distilled tools, tactics and inside baseball you won't find anywhere else. It also includes new tips from past guests and life lessons from new guests you haven't met. What makes the show different is a relentless focus on actionable details. This is reflected in the questions. For example: What do these people do in the first sixty minutes of each morning? What do their workout routines look like and why? What books have they gifted most to other people? What are the biggest wastes of time for novices in their field? What supplements do they take on a daily basis? I don't view myself as an interviewer. I view myself as an experimenter. If I can't test something and replicate results in the messy reality of everyday life, I'm not interested. Everything within these pages has been vetted, explored and applied to my own life in some fashion. I've used dozens of the tactics and philosophies in high-stakes negotiations, high-risk environments or large business dealings. The lessons have made me millions of dollars and saved me years of wasted effort and frustration. I created this book, my ultimate notebook of high-leverage tools for myself. It's changed my life and I hope the same for you.
