Return to the Caffè Cino Steve Susoyev, 2007-01-01 RETURN TO THE CAFFÈ CINO gives a fresh exciting portrait of the non commercial NY theater scene in the 1960 s The scene is painted here by dozens of short essays by the artists that were a part of the creative fission that flared so brightly there and that still influences so much of today s theatre The eyewitness stories are usually hysterically funny filled with that sense of freedom that ignited a movement that continues today in small independent theaters And the editors of the anthology have filled the pages with vintage pictures including one of a fifteen year old Bernadette Peters getting her start at the Caffè Cino **Stage Money** Tim Donahue, Jim Patterson, 2012-12-07

Stage Money is a groundbreaking guide to understanding professional theater finances today through the use of the tools and metaphors of the business world at large This approach results in a comprehensive picture of the economic realities of theater production that is radically different from the assessments typically espoused elsewhere Tim Donahue and Jim Patterson combine their experiences in the financial and creative aspects of theater production to present in straightforward prose their keen insights into the micro and macro economic aspects of the commercial stage Tangible data charts and graphs are counterbalanced with illuminating intermissions between chapters and interspersed sidebars throughout to provide specific examples of key concepts collectively presenting an expansive overview of the contemporary theater business Stage Money is an unparalleled tool for theater professionals and enthusiasts interested in garnering a better understanding of the business s inner workings at present and its challenges for the future Among the topics addressed in Stage Money are the risks and returns on Broadway in the early twenty first century the financial organization of theater performances today and comparisons between the business models of commercial theater and not for profit theater In concise language and clear examples the authors explain where the money comes from and where it goes **Financial and**

Decades of Decline, 1945-65 Sam Manning, 2020-03-31 Cinema going was the most popular commercial leisure activity in the

first half of the twentieth century peaking in 1946 with 1.6 billion recorded admissions. Though going to the pictures remained a popular pastime, the transition to peacetime altered citizens' leisure habits. During the 1950s, increased affluence, the growth of television ownership, and the diversification of leisure led to rapid declines in attendance. Cinema attendances fell in all regions, but the speed, nature, and extent of decline varied widely across the United Kingdom. By linking national developments to detailed case studies of Belfast and Sheffield, this book adds nuance to our understanding of regional variations in film exhibition, audience habits, and cinema-going experiences during a period of profound social and cultural change. Drawing on a wide range of quantitative and qualitative sources, *Cinema and Cinema-Going* conveys the diverse nature of this important industry and the significance of place as a determinant of film attendance in post-war Britain.
