Buddhism Vs Hinduism Dharam Vir Mangla, 2010 This book informs us about the basic essence of Buddhism in comparison to Hinduism. It is essential to start with the first chapter to understand the correct meaning of the basic spiritual terms used in this book. In most of the books spiritual terms may have been used differently. Many people think and propagate that all religions basically teach the same and have same objectives but may have different paths. But in fact there are basic philosophical contradictions. Unless we understand these differences properly and try to remove them the unity of all the religions may not be achieved. The aim of this book is to understand the essence of Buddhism and its differences with Hinduism if any. Why and how it spread in most of the countries. Why and how in India Buddhists adopted to Hinduism later. Basically Buddhism evolved from Hindu Dharma as Buddha was a Hindu. But he discarded God, soul, Scriptures and Brahmanism. More or less it was a contrast to Hinduism. Buddha has been controversial and misunderstood by many. Many people think that Buddha was an incarnation of Lord Vishnu and his enlightenment was Self realization or God realization. But this does not seem to be correct. Is it not ridiculous to call some one as an Avatara of God if he doesn't believe in God? The book clarifies the difference between Moksha, Nirvana and Buddhist and Hindus meditations.
