**The Playful Politics of Memes** Mette Mortensen, Christina Neumayer, 2023-05-22 Memes work as rhetorical weapons and discursive arguments in political conflicts Across digital platforms they confirm contest and challenge political power and hierarchies They simultaneously create social distortion hostility and a sense of community Memes thus not only reflect norms but also work as a tool for negotiating them At the same time memes meld symbolic and cultural elements with technological functionalities allowing for replicability and remixing This book studies how memes disrupt and reimagine politics in humorous ways Memes create a playful activity that follows a shared set of rules and gives a shared voice which may generate togetherness and political identities but also increase polarization As their template travels memes continue to appropriate new political contexts and to re negotiate frontiers in the political The chapters in this book allow us to chart the playful politics of memes and how they establish or push frontiers in various political cultural and platform specific contexts Taken together memes can challenge and regenerate populism carve out spaces for new identity formations and create togetherness in situations of crises They can also however lead to the normalization of racist discourses This book will be of interest to researchers and advanced students of Media and Communication Studies Information Studies Politics Sociology and Cultural Studies It was originally published as a special issue of the journal Information Communication Society

**Mememonics** Said Dawlabani, 2013-09 The term vMEME the superscript v is for value refers to a core value system expressed through a culture s memes i e its ideas habits and cultural preferences and practices that spread from person to person In MEMEnomics Said E Dawlabani reframes our economic history and the future of capitalism through the unique prism of a culture s value systems Focusing on the long term effects of economic policies on society he expands psychologist Clare W Graves concepts of the hierarchical nature of human development and the theories of value systems of Beck and Cowan s Spiral Dynamics He presents our economic history in terms of the hierarchy of five of the eight value systems or vMEMEs of human existence that we can now identify These new value preferences emerge as people interact with their environment to solve the problems of their life conditions

**PRACTICAL MONEY ADVICE FOR YOUNG MEN 2.0** Malik McCotter-Jordan, 2021-12-25 I m not suggesting that you fire your boss i e quit your job In fact I advise you to keep your job in this book I have a job That s called having more than one stream of income and I talk about that in this book This is definitely not a BS Tony Robbins personal finance book with over 680 pages about compound interest him shamelessly promoting financial firms that he has an ownership stake in and saving 10% to 20% of your income This is a raw and real book written by a guy who is only a few steps ahead of you That s it I m not a guru This is not a scam I put my heart and soul into making this I wrote this book as if it was for the 18 year old me Anyone who leaves a review saying that this book lacks realistic actionable advice is just plain wrong I even did what most of these personal finance authors don t have the guts to do I talk about my personal life and the mistakes I made that cost me thousands of dollars That s why this genre is called

personal finance right I get really personal Some might say it's too personal If you're a young man who is tired of being broke living paycheck to paycheck not owning any assets being clueless about taxes and not being able to get ahead in the United States then this is the book for you I started off as a poor black boy in a small town in Alabama on section 8 I currently have a 6 figure net worth If I can do it you can too Buy this book today *Hardware Retailing*, 1982 **Online Virality** Valérie Schafer, Fred Pailler, 2024-08-19 The book *Online Virality* edited by Valérie Schafer and Fred Pailler C2DH University of Luxembourg aims to provide a comprehensive examination of online virality It explores the many ways we can think about this modern phenomenon and analyse the circulation reception and evolution of viral born digital content Virality and content sharing always intertwine material infrastructural visual and discursive elements This involves various platforms stakeholders intermediaries social groups and communities that are constantly re-defining themselves Regulation curation and content moderation politics as well as affects and emotions fears humour empathy hatred are also at the core of online virality The publication offers an interdisciplinary overview on online virality by including different types of scientific inputs such as precise case studies various methodological approaches including close and distant reading visual studies discourse analysis etc as well as historical and socio-technical analyses The book is organised around three main topics Expressions and Genres Mobilisations and Engagements Circulation and Infrastructures The first part explores the semiotics of virality the diverse and creative forms of expression specific genres the relation to other media and the affective side of virality such as using humour or provocation The second part focuses on the political dimension of memes and viral content and their use in the context of controversy or political and ideological opposition Finally the third part delves into the often understudied but essential side of virality by examining the role of platforms and their curation in short the infrastructural dimension of virality These three parts allow us to question such fundamental notions linked to virality as among others circulation reception economy of attention instrumentalisation and affect This volume brings together authors from various disciplines including semiotics history information and communication sciences computer science digital humanities media studies In addition the contributors approach the question via case studies that allow for a perspective that is not exclusively US and European centred Some chapters explore virality in Brazil Chile while the book also examines a wide variety of platforms YouTube Twitter Instagram TikTok video game platforms etc **Environmental Communication and the Public Sphere** Phaedra C. Pezzullo, Robert Cox, 2021-04-22 The best selling *Environmental Communication and the Public Sphere* provides a comprehensive introduction to the growing field of environmental communication This groundbreaking book focuses on the role that human communication plays in influencing the ways we perceive the environment Authors Phaedra C Pezzullo and Robert Cox examine how we define what constitutes an environmental problem and how we decide what actions to take concerning the natural world The Sixth Edition explores recent events and research including fast fashion global youth climate strikes biodiversity loss disability rights advocacy single use plastic ban controversies and the COVID 19 pandemic
