The Search for Anna Fisher Florence Fisher, 1973 **New Essays on Life Writing and the Body** Christopher Stuart, Stephanie Todd, 2009-03-26

In light of materialist revisions of the Cartesian dual self and the increased recognition of memoir and autobiography as a crucial cultural index the physical body has emerged in the last twenty five years as an increasingly inescapable object of inquiry speculation and theory that intersects all of the various subgenres of life writing New Essays on Life Writing and the Body thus offers a timely original focused and yet appropriately interdisciplinary study of life writing This collection brings together new work by established authorities in autobiography such as Timothy Dow Adams G Thomas Couser Cynthia Huff and others along with essays by emerging scholars in the field Subjects range from new interpretations of well known autobiographies by Edith Wharton Gertrude Stein and Lucy Grealy as well as scholarly surveys of more recently defined subgenres such as the numerous New Woman autobiographies of the late 19th century adoption narratives and sibling memoirs of the mentally impaired Due to their wide interdisciplinary focus these essay will prove valuable not only to more traditional literary scholars interested in the classic literary autobiography but also to those in Women s Studies Ethnic and African American Studies as well as in emerging fields such as Disability Studies and Cognitive Studies

Psychoanalytic Perspectives on Illegitimacy, Adoption and Reproduction Technology Prophecy Coles, 2020-06-07

In this book Prophecy Coles traces the existential history of the unwanted child with particular attention to the illegitimate child linking myth literature and clinical practice in the historical and legal context of adoption From the time of the Reformation in the sixteenth century until the early twentieth century the lives of such children were short lived The Adoption Act of 1926 did much to change the moral climate and the fate of the illegitimate child It provided the child with a legal family and a name There follows some unexpected difficulties that emerged after World War Two Adopted children did not necessarily thrive and young mothers who had been forced to give up a child born out of wedlock revealed their suffering The sealed records of the illegitimate child s origins became an issue Attachment theory and the development of neuroscience underpin the theoretical approach of this book Today the children who are available for adoption are older and may be distressed by several years in care Fundamental to helping these adopted children and their families there needs to be a multi disciplined therapeutic approach to try and mitigate the damage that has often been done to the early infant brain through trauma This book brings to life some of the adoption issues through the study of personal memoirs Each chapter considers adoption from a different angle the adopted child the birth mother the birth father foster parents and adopting parents The final chapter discusses some of the problems around adoption that have arisen again with reproductive technology and surrogate mothering This book will be of interest to all those who have been involved in or affected by adoption It will be of special interest to those adopting parents who have not been properly prepared or supported in their magnificent work of taking on some of the most troubled children in our society

Family Matters E. Wayne Carp, 1998

Wayne Carp, 2014 Adoption activist Jean Paton 1908 2002 fought tirelessly to reform American adoption dedicating her life to overcoming American society's prejudices against adult adoptees and women who give birth out of wedlock From the 1950s until the time of her death Paton wrote widely and passionately about the adoption experience corresponded with policymakers as well as individual adoptees promoted the psychological well being of adoptees and facilitated reunions between adoptees and their birth parents She also led the struggle to re open adoption records creating a national movement that continues to this day While open adoption is often now the rule for adoptions within the United States for those in earlier eras adopted in secrecy the records remain sealed many adoptees live and die without vital information that should be a birthright and birth parents suffer a similar deprivation At this writing only seven of fifty states have open records Kansas and Alaska have never closed theirs E Wayne Carp's masterful biography of Jean Paton brings this neglected civil rights pioneer and her accomplishments into the light Paton's ceaseless activity created the preconditions for the explosive emergence of the adoption reform movement in the 1970s She founded the Life History Study Center and Orphan Voyage and was also instrumental in forming two of the movement's most vital organizations Concerned United Birthparents and the American Adoption Congress Her unflagging efforts over five decades helped reverse social workers harmful policy and practice concerning adoption and sealed adoption records and change lawmakers enactment of laws prejudicial to adult adoptees and birth mothers struggles that continue to this day Read more about Jean Paton at <http://jeanpaton.com> *Adoption Politics* E.
