The Magic of Vegetables - Ancient Healing Remedies and Tips John Davidson, 2013-05-15 The Magic of Vegetables Ancient Healing Remedies and Tips Table of Contents Introduction Preserving Tomatoes after the Harvest Is in Getting Rid of Strong Mustard Taste Boiling Old Potatoes Curing Baldness with Cucumber Hair Fall Curing Acidity Fenugreek Leaves and Seeds Getting rid of Jaundice Organic Brown Sugar Tomatoes for More Blood Juice for Blemishes and Black Spots Scars Diabetes Cure Turnips for Controlling Diabetes Healthy Tomato Soup Recipe Preventing Dehydration Burnt Cure Curing Heartburn Curing Night Blindness Tomato Potato Mix Getting Rid of Headaches Sugar Syrup Black Pepper Decoction Tuberculosis Cure Cod Liver Treatment Conclusion Author Bio Introduction Vegetables are such an integral part of our daily lives that we really do not bother much about their natural benefits and value All we know is that they are those greens which we had to eat when we were children because mommy said so and she was bigger than us And she was not a good cook And also she made every vegetable dish taste so boring so blah and so bland that one promised oneself that one would never eat it when one grew up That is the reason why so many of us grow up with an anti vegetable subconscious feeling But did you know that these green and leafy vegetables are the reasons why you kept so healthy so energetic and so bouncing when you were a kid They were the natural mineral resources which provided you with vitamins minerals and other essential nutrients which help your muscles grow healthy your skin glow and made you look so bright eyed and bushy tailed And then you grew up and stopped eating vegetables Instead you began eating and other high protein diet without any greens or yellows or reds which were harvested from plants vines herbs or shrubs And that made your body deficient in all the essential vitamins It also made you less healthy than what you were when you were a kid And you did not get to know it So here are some good reasons why you should eat plant produce especially when they are green and leafy Fibrous leafy and green vegetables fresh from the farm are of course the pride and joy of every health conscious and proud cook If the proportions of these vegetables are increased in your daily diet you are going to lessen your intake of carbohydrates starch and grain This is going to benefit you and the general state of your health in the long run It also means that you will never suffer from constipation Nothing can take the place of cereals and grains in your daily diet in the same manner vegetables have their own invaluable and irreplaceable place in the diet groups which make up your daily meals The benefits of vegetables eaten raw or cooked then means that you are going to have a tasty meal with natural digestive products being added to your system Your blood circulation is going to get invigorated and your digestive system is going to get rid of any small ailments brought about by eating a starchy fatty and high protein high carbohydrate diet Vegetables are amazing toxin eliminators So if you are thinking of detoxifying your body with any star endorsed detoxifying products think again Try increasing the amounts of vegetables in your diet The best thing about fibrous vegetables is that it adds the amount of bulk to the fecal material so that it can be eliminated during the regular bowel movements every day This keeps your system

healthy It also keeps your skin glowing and you energetic That is because there are no toxins accumulating in your body and weakening your system

The Magic of Grapes To Cure and Heal John Davidson, Dueep J. Singh, 2013-05-15

The Magic of Grapes To Cure and Heal Table of Contents Introduction The Global Scope of Grapes Grapes for Health Grapes to cure Possible Incurable Diseases Types of Grapes Difference between Wine Grapes and Table Grapes How Do You Grow Grapes Best Climate for Grapes Best Soil for Grapes Grapes from Seeds or from Young Vines Plenty of Water Making a Trellis for Your Vine Protecting Your Grapes from Birds Harvesting Your Grape Yield Difference between Sultanas Raisins and Grapes How to Get Grape Juice Resveratrol Christmas Fruitcake Traditional Carrot Pudding Using Grapes for Natural Cures Constipation Teething Problems Stress and Strain TB Dry Cough Flatulence and Digestion Related Problems Conclusion

Introduction The moment you hear the word grapes you visualize a bunch of yellow or black purple delicious juicy fruit which you enjoy plucking off their stalks and popping in your appreciated mouth Believe it or not grapes are just about the only fruit which can be eaten in large quantities without any sort of harmful side effects The magic about grapes is that not only is this considered to be an extremely good way which you can cure yourself but it is also such a good and delicious easy to eat fruit that even fussy and finicky eaters who touch fruits and vegetables very rarely cannot resist a fistful of grapes The history of grapes goes back as long as mankind existed In prehistoric times grapes were gathered in the jungles before man decided to cultivate them in his vineyards or gardens The Bible says that Noah grew grapes on his farm But before that the classical age of Greece had already assigned a God Dionysius as the God of grapes and wine and you can see him sporting around with the grape vine leaves around his head as he blesses his worshipers with the gift of the grapes wine The Romans called him Bacchus So when did wine get associated with grapes An old legend talks about a Georgian princess who was suffering from toothache around 8000 years ago No dentist would do anything for her so being a delicate dainty darling she said that she was going to kill herself because she could not bear the pain So she went around looking for something to eat which would put her out of her misery Now one of her could not care less slaves had left some grape juice neglected in an earthenware pot and it had been fermenting over a long time in its corner Naturally it gave out the fermenting aroma of grape wine which no one in that land had smelled before So the Princess grabbed this pot and drank everything and grew tipsy I am sure she woke up with a hangover but according to her her toothache was gone and she had slept and dreamt pleasantly of no pain Well that was how people began to think about the juice of the grape in its fermented form In the same way poetry talking about the wine of Shiraz going back more than 4000 years ago speaks about the importance of wine in the old Oriental legends Wine can be made from almost any vegetable or fruit yes I have heard of people making wine from vegetables too but that is rather an insult to the not so humble grape because this berry is best suited to give you enough of juice to make delicious sparkling wine which can either be champagne or can be ordinary table wine Also wine if not made from farm grown grapes ripen in the sun in their vineyards I consider to be sacrilege and really not worth appreciating or

savoring Mark Twain in his hilarious book *Innocents abroad* talks about enjoying the adventure of he and his friends raiding an Italian vineyard at night when they reach Italy Now that should have been quite an intoxicating experience *Why Am I So Anxious?* Tracey Marks,2022-08-16 A practical guide from respected therapist and popular YouTube star Dr Tracey Marks that will help readers recognize the common signs and symptoms of anxiety and anxiety related mood disorders and then help them develop coping skills using self guided solutions or help them decide on other treatment options Take control of your anxiety and take back your life Anxiety seems to be everywhere in today s world But how do you know if you re experiencing anxiety or something else And what can you do to fix it Renowned therapist and YouTube star Dr Tracey Marks is known for her friendly relatable style that helps followers of her YouTube channel recognize what s bothering them and then guides them to practical solutions that will help them manage their mental health issues In *Why Am I So Anxious* Dr Marks will help you understand many of the most common sources of anxiety help you identify what type of anxiety you may be experiencing and give you helpful insight on how you can self manage your anxiety before deciding if additional treatment options are the best choice You don t need to let anxiety control your life Here s what you ll find inside Detailed explanations for many of the most common anxiety disorders people struggle with in today s times all written in Dr Marks soothing and relatable style Tips for managing mild to moderate anxiety with recommendations that go beyond just therapy and medication and help eader decide what treatment option is best for them Helpful guidance for recognizing and preventing situations where anxiety may be triggered Simple exercises that will help readers recognize their symptoms and triggers so they can better manage their anxiety **Grandma's Natural Remedies and Ancient Herbal Recipes** John

Davidson,2013-05-15 *Grandma s Natural Remedies and Ancient Herbal Recipes* Table of Contents Introduction Grandma s Herbal Decoctions Cough Cold Cure Cramps and Joint Pain Banana diet Neem Remedy Lemon Remedy Fenugreek Cure Fenugreek Poultice Fenugreek Potato Recipe Tomato Tip Rheumatic Pain Massage oil for Rheumatism Basil Toothpaste for Keeping Your Teeth Healthy Constipation Remedy Gulqand Rose Jam How to Collect Wild Rose Petals When Is This Jam Normally Made Slow Sun Method Fungal Infections in Nails Eczema Honey and Onion Mix Hiccup Cure Conclusion Appendix Making Desi Ghee Author Bio Introduction Grandma was a great believer in natural remedies and cures She knew that herbs and other plant products were amazingly efficient and effective in getting rid of minor ailments which would be the lot and portion of her large family That is why she used all those nostrums infusions decoctions and other herbal products which had been passed on to her by her grandma and so on down the ages So here is another collection of grandma s natural remedies and ancient herbal recipes to keep you healthy as well as beautiful All these products are easily available right in your garden or in your kitchen Best of all they have no aftereffects and they have no side effects That is because all these products are completely hundred percent natural Why are so many people going back to natural remedies and ancient herbal recipes in the 21st century That is because they have found that chemical based drugs and medicines have a short term effect They may

also come accompanied with toxic effects and side effects So you are going to find yourself suffering from these long term aftereffects However that is definitely not the case when you are taking natural remedies which have been made with hundred percent natural products And that is what grandma did She gathered all the natural products available in her garden or easily available in the woods when she went rambling out gathering herbs and brought them home These were then used to cure a number of ailments Some of them seem rather drastic but you need to remember that grandma was more of an experimenter She knew that there was one product in these herbal combinations which did all the magic The rest were just filling

Grandma's Natural Remedies and Ancient Herbal Beauty Recipes Volume 1 John Davidson, 2013-05-15

Grandma's Natural Remedies and Ancient Herbal Beauty Recipes Table of Contents Introduction Monday's Child Is Fair of Face The Healing Power of Infused Oil Remedies for winter Chilblains Sciatica Stiff Joints Quit your Bellyachin Simple Perfumed Ointments Natural Cures For Summer Ailments Appendix Introduction A couple of years ago somebody asked me what made me so interested in herbal remedies and natural cures as well as natural beauty recipes That is when I told him that the wisdom of the ancients had not been garnered together and would be lost as the generations forgot about asking their old wise ancestors the Lore which they knew So I was seven years old when I decided to myself that I needed to know everything about what my grandmother had learned from her grandmother And I started writing those ancient natural remedies and beauty recipes down More than three decades later I started writing books on natural remedies and natural herbal recipes which I collected whenever I went around the countryside People used to go around looking at the places to visit I used to go around asking for the oldies of the village who would give me herbal remedies and recipes In around 30 years I collected thousands of these recipes which were and are still being used by villagers and townsfolk and which have been given to them down the ages And they work because all the ingredients are natural And also the genetic makeup of hard working people living in an unpolluted atmosphere helped in keeping them healthy So they did not have to go running to a doctor whenever they caught a sniffle They knew the easiest herbal tisane in which would put them straight in a couple of days Now I spent my childhood and youth in jungles as well as in remote areas in all corners of the compass where nobody believed in medicines and sometimes medical access for serious cases was able only through air lifting by a helicopter but everybody believed in the power of nature and her curative properties Also plenty of exercise a good and healthy diet and grandma's natural remedies kept us healthy and happy And the funny thing is that the only times we got sick with measles mumps and chickenpox was when we came down from the mountains to the cities and the towns during our annual vacations The moment we got back into the healthy atmosphere of the mountains with plenty of fresh air plenty of fruit and drink and plenty of opportunities to create lots of childish mischief and mayhem we were content and happy children again We never knew that there were medicines which you needed to pop to keep healthy Is not this the natural trend of the 21st century civilized person You have lost your faith in natural remedies to keep you healthy You would rather buy something expensive

which is being endorsed by your favorite star I am certain she never uses that medicine herself because it is made up of chemicals These chemicals are going to have a harmful after effect on your body The first thing you do when you wake up is take some vitamins with your breakfast After that you take some vitamins or pills to pep you up Then you take the medicines prescribed to you by a doctor Count the times you take some sort of medicine in the shape of a pill vitamin and drug throughout the day And then can you believe someone who has not been to see a doctor for the last 30 years There are plenty of octogenarians in our area who believe in natural remedies and good diets to keep them healthy They are all grandpas and grandmas They do not coddle themselves with pills and medicines

Grandma's Natural Remedies and Ancient Herbal Beauty Recipes Natural Remedies and Beauty Recipes From Your Kitchen And Garden Table of Contents Introduction Rules for Staying Healthy With My Views Opinions and Experience Remedies for Different Ailments Piles Hemorrhoids cream Constipation Flatulence What Is Black Salt Migraine Oh Those Pearlies Tooth and mouth care Loose gums Pyorrhea Ulcers in your mouth Drooling Excess salivation Toothache powder Sensitive teeth The Magic Of Face Masks How to Make Your Own Personalized Face Masks Masks for a dry skin Tomato mask What is Fuller's Earth Orange mask Masks for an oily skin Honey mask Cucumber mask Appendix How to make salty lassi to prevent dehydration in summer Mattha spicy lassi Recipe How to make jalebis dripping in sugar syrup How to make Desi Ghee clarified butter How to make Rose water Gulab Jal Conclusion Author Bio Introduction Somebody asked me once why I did not become a doctor and then join the Defense Services as a Doctor like the majority of my family members Here was I with an easily obtained Degree in Natural Sciences and all my knowledge garnered during a peripatetic childhood and youth about natural remedies ancient medicine and natural healing processes The medical or the engineering fields were the only options left for good students during the time I was at University And I give them my stock answer which I consider logical and sensible If I become a doctor I will be giving my patients chemical based medicine and I will just be curing their bodies On the other hand if I stick to my habit of learning more about natural remedies and ancient remedies I will be curing their bodies as well as fighting the disease from the root onwards My grandmother had learned about natural remedies and beauty recipes from her grandmother and this wisdom was passed down the ages from mother to daughter For millenniums every mother in every ancient civilization taught her daughters the rudimentary art of survival and staying beautiful and youthful with fruits vegetables spices and herbs This is now considered to be alternative medicine by doctors in the West But this was the medicine with which people survived through centuries and stayed healthy So if you believe in natural remedies and naturopathic treatments the cures are right around you But many of us would rather go to a doctor and get some expensive medicine The side effect of that medicine is going to be that some other part of our system is going to get affected After that we go back to the doctor again and get some medicine to treat that side effect That medicine produces another side effect

This is going to be your way of living for the rest of your life However if you eat natural medicines you are never going to suffer from any sort of side effects That is because natural products are more tuned to your body s systems and natural needs than chemical drugs are Say no to chemical drugs as far as possible For all those who have read Lloyd C Douglas Magnificent Obsession and liked it Mr Douglas had some more words spoken by another of his popular characters in Disputed Passage That doctor said something on the lines of it is not our duty to just cure the body We have to cure the mind and spirit too and heal them much to the disgust of doctor Tubby Forrester who considered every human to be a machine which needed to be put right and where did emotions and spirit and soul come into this curing process At the end of the story Dr Forrester had to accept the fact that human beings had to be treated by doctors who understood their psychological mental spiritual and emotional makeup Unfortunately this is not being done today because doctors are harried and have to see a number of patients till the end of a day
