**How Football Explains America** Sal Paolantonio, 2015-09 ESPN's Sal Paolantonio explores just how crucial football is to understanding the American psyche Using some of the most prominent voices in pro sports and cultural and media criticism *How Football Explains America* is a fascinating first of its kind journey through the making of America's most complex intriguing and popular game It tackles varying American themes from Manifest Destiny to fourth and one as it answers the age old question Why does America love football so much An unabashedly celebratory explanation of America's love affair with the game and the men who make it possible this work sheds light on how the pioneers and cowboys helped create a game that resembled their march across the continent It explores why rugby and soccer don't excite the American male like football does and how the game's rules are continually changing to enhance the dramatic action and create a better narrative It also investigates the eternal appeal of the heroic quarterback position the sport's rich military lineage and how the burgeoning medium of television identified and exploited the NFL's great characters It is a must read for anyone interested in more fully understanding not only the game but also the nation in which it thrives Updated throughout and with a new introduction this edition brings *How Football Explains America* to paperback for the first time      **Veblen's America**

original design for the Beetle through the Nazi era and up to the Beetle's ascendancy during the flower power 1960s. He explores the reasons for VW's downward spiral through the 1970s and 1980s, including the devastating management blunders that led to such failed efforts as the Rabbit Dasher Thing and Scirocco, and equally catastrophic marketing initiatives culminating in the notorious Fahrfeignugen series of ads. Finally drawing upon his unique access to company insiders, Kiley tells the story of how Volkswagen achieved its phenomenal comeback beginning in the late 1990s through a combination of visionary management, cutting edge product development, and brilliant marketing and advertising strategies.

David Kiley, Anne Arbor, MI, the Detroit Bureau Chief at USA Today, is a journalist with fifteen years of experience, ten of which have been devoted to covering the auto industry. He has written extensively for Adweek and Brandweek magazines. *F & S Index United States*, 1997. Trade Cases Commerce Clearing House, 1988.
