identities Among the subjects discussed are the rendering of Arabic sacred texts in Sanskrit on Indian coins the adoption of Turko Persian dress by Buddhist rulers the work of Indian stone masons in Afghanistan and the incorporation of carvings from Hindu and Jain temples in early Indian mosques Objects of Translation draws upon contemporary theories of cosmopolitanism and globalization to argue for radically new approaches to the cultural geography of premodern South Asia and the Islamic world

Ruthless Compassion Robert N. Linrothe,1999 The historical development of Esoteric Buddhism in India is still known only in outline A few verifiably early texts do give some insight into the origin of the ideas which would later develop and spread to East and Southeast Asia and to Tibet However there is another kind of evidence which can be harnessed to the project of reconstructing the history of Esoteric Buddhist doctrines and practice This evidence consists of art objects mainly sculpture which survive in significant numbers from the 6th to the 13th century

The Valley of Kashmir Aparna Rao,2008 The Valley of Kashmir long famous around the world for its unparalleled natural scenic beauty also has a rich cultural heritage with religious tolerance and amity among people belonging to different religious faiths as its core The arrival of Islam in the late fourteenth century and its interaction with an ancient Shaiva tradition resulted in the emergence of a liberal version of the faith It was a turning point in Kashmir s history Popular culture grew rich with folk tale song dance and music and with what craftsman could weave stitch and shape with their nimble fingers When self rule came in 1947 it was overshadowed by armed intervention to secure the accession of the state of Jammu Kashmir to Pakistan The dispute over the issue is still unresolved Within the Valley years of opportunistic policies pursued by Delhi and corruption and misgovernance by Srinagar proved to be fertile soil for the eruption of a violent jihadi secessionist movement around 1980 that drove the Hindu minority into exile tore apart the composite culture and resulted in large scale loss of life and property There are signs visible today that the utter futility of the path of violence which engendered counter violence has dawned on some of its votaries These and other issues are addressed in this volume by a galaxy of scholars including Kashmiris from India France Germany the UK and the USA under the thoughtful editorship of Aparna Rao who sadly died before the work could be placed with a publisher Throughout the preparation of this volume Rao worked in consultation with Professor T N Madan The result is a book rich in information insights and interpretations that entitle it to stand alongside Walter Lawrence s classic work The Valley of Kashmir 1985 from which its title is borrowed
