**Latest Trends in Engineering and Technology** Sajjan Singh, Sarabpreet Kaur, 2024-06-28 We are very pleased to introduce the proceedings of the International Conference on Latest Trends in Engineering and Technology ICLTET 2023. Papers were well presented in the conference in the fields of Artificial Intelligence, Machine Learning, IOT, Communication Networks, Mechanical Engineering, Civil Engineering, Nano Material Research, Business Management, and many more to arouse a high level of interest. The presented papers maintained the high promise suggested by the written abstracts and the program was chaired in a professional and efficient way by the session chair who were selected for their expertise in the subject. The number of delegates was also highly gratifying, showing the high level of interest in the subject. This Proceeding provides the permanent record of what was presented. They indicate the state of development at the time of writing of all aspects of this important topic and will be invaluable to all academicians and researchers in the field for that reason. Finally, it is appropriate that we record our thanks to our fellow members of the Technical Organizing Committee for encouraging participation from those areas. We are also indebted to those who served as session chair and reviewers without their support the conference could not have been the success that it was. We also acknowledge the authors themselves without whose expert input there would have been no conference. Their efforts made a great contribution to its success. **The**

**Virtue** James Macaulay, 1884 **Deer, the Star Catcher and Woman Bringer** Richard Arling Marshall, 2013-05-30 The story is of a young Chahta Choctaw boy's odyssey into manhood prior to the European discovery of the Americas. The young man Issi Deer lives at Nanih Wayia, the Chahta Mother Site, Winston County, Mississippi. Throughout the story, Issi shows a great deal of character as he nears adulthood, mixing the real world with the spirit world. In a cross-cultural way, the story is a kind of imaginary time travel where people lived quite differently from us yet were as human and as loving, having the same feelings and hopes but expressing and achieving them with different thoughts and actions. They are referred to as the Oklafihna, and the Chito, meaning the Great People. The Oklafihna are a village and community and a part of the greater collegium of peoples later known as the Chahta. Within the story are brief glimpses of the people, the geographic place, and the environment. The story is a fictional adventure placed primarily in Mississippi and the adjacent states. Comments on the ethnographic customs and descriptions of daily living and activities are based upon the written literature enhanced by the writer's personal interpretations of the Southeastern United States Indians and their archaeology and imagination. Many places referenced are actual though little known. Brief historical comment is made of places when important to the understanding of the story and place. The story hopefully builds a believably real and acceptable construct of Issi's time, place, and adventure mixed with the spirit world. Moderate use of Chahta words throughout the story lend authenticity. About the
