Sports Betting For Dummies Swain Scheps,2020-06-30 The sports gambling book you can bet on Sports betting combines America's national pastime sports with its national passion gambling In the U S more than a third of the population bets on at least one sporting event every year With the recent lifting of the federal ban on sports gambling states are pushing legislation to take advantage of the new potential source of revenue The best sports betting books are data driven statistically honest and offer ways to take action Sports Betting For Dummies will cover the basics as well as delving into more nuanced topics You'll find all the need to know information on types of bets statistics handicapping fundamentals and more Betting on football basketball baseball and other sports Betting on special events such as the Superbowl or the Olympics Money management Betting on the internet With handy tips tricks and tools Sports Betting For Dummies shows you how to place the right bet at the right time to get the right payoff *The NBA's Global Empire* Joshua K. Wright,2025-02-21 During the 1992 Summer Olympics in Barcelona the Dream Team a collective of the National Basketball Association's top talent led by Michael Jordan Magic Johnson Larry Bird and Charles Barkley shook up the world as they amazed spectators and opponents on their way to winning gold Their success introduced the world to the NBA's charismatic superstars and their artistic brand of basketball Over the next two decades youth outside of America dreamed of becoming the next Michael Jordan Kobe Bryant and LeBron James The NBA took advantage of its popularity in China by forming lucrative television and streaming deals and opening training academies By the 2022-23 NBA season there were 109 international players from 39 countries a Canadian franchise and a league in Africa Today's best players are Africans Canadians and Europeans like Nikola Jokic and Victor Wembanyama This book presents the history of the NBA's ascension to a billion dollar global empire analyzing the globalization of American sports since the end of the Cold War and the dawn of the millennium How essential is globalization for the NBA to thrive in the 21st century Do the benefits outweigh the geopolitical controversies associated with being a global brand Is globalization responsible for a decline in American born NBA players and declining domestic popularity These questions and others are answered in this first treatment of the NBA's global reach *Sports Marketing* Sam Fullerton,2024-05-15 Formerly published by Chicago Business Press now published by Sage Sports Marketing Fourth Edition guides students in gaining a better understanding of how to develop and implement marketing strategies and tactics within the sports marketing industry Author Sam Fullerton provides thorough coverage of this discipline's two broad perspectives the marketing of sports products and creating a sports platform as the foundation for the marketing of nonsports products **DK Essential Internet Guide** Brian Cooper,Annalisa Milner,Tim Worsley,2001-04-30 This book is an easy to follow guide to using your PC to explore the Internet with explanations of everything from modems and browsers to search engines and metatags *The Business of Sports* Dennis R. Howard,Brad R. Humphreys,2008-06-30 The sports industry is large visible and growing and it has a huge impact on society That's obvious to

die hard fans who not only watch sporting events but buy everything from balls to ties to paperweights with their favorite team's logo. But even sports haters can't escape the onslaught of professional sports. They are asked to chip in as taxpayers to build public stadiums and their children are like it or not exposed to events sponsored by alcohol and tobacco companies, not to mention the juvenile antics of star athletes. Businesses of course take a hit in productivity when the Olympics or World Series or Super Bowl or World Cup rolls around. Yet most of us love to watch and play. The Business of Sports takes on this endlessly fascinating behemoth of an industry to make sense of it all. Yes, sports is big business. How big? Estimates of total annual U.S. spending on sporting goods and services range from 250 to 560 billion a year, and spending related to organized sport alone has been estimated at 200 billion per year. And it's getting bigger, casting an ever larger shadow over the entire globe. The Business of Sports throws light on the subject by exploring the business and economic dynamics of the industry from a diverse array of perspectives that cover the industry's macroeconomic management and marketing/promotion issues. Volume 1, *Perspectives on the Sports Industry*, documents the current size, scope, and magnitude of the sports industry in the U.S. and abroad, including the U.K. and China. It also examines the importance of the world's most visible sporting events like the Olympics and the impact of sporting events broadcast around the world. Volume 2, *Economic Perspectives on Sport*, takes an in-depth look at the sports industry from an economic perspective. The volume delves into the inner workings of leagues and teams, covering economic issues from the design of sports leagues to franchise financial valuations to salary caps to labor relations. Volume 3, *Bridging Research and Practice*, fills the gap between scholarly research on sport and practitioners working in the industry. Topics include evaluating talent, maintaining managerial efficiency, analyzing statistical performance indices, and assessing the noneconomic benefits of professional sports. Business and sports are a potent mix of two of the strongest forces moving our society today. And as the stratospheric salaries of professional athletes indicate, the industry is going through major growth and change. To make sense of it all, it helps to understand the underlying economic principles driving the business decisions made daily by owners and managers in all corners of the world. The unique multivolume format of *The Business of Sports* allows sports nuts, journalists, business people, and students to explore the wide variety of issues that fuel the world's crazy passion for all things athletic. **Representing Professional Athletes and Teams**, 1993

The Management of Sport Bonnie L. Parkhouse, 2005. A text for junior and senior undergraduates and postgraduates students in sport management, addressing theoretical foundations and applications of the profession. Covers innovative topics including experiential learning, organizational theory, and group decision making, as well as traditional aspects such as contract law, facility management, sponsorship, and budgeting. Learning aids include key terms, summaries, review questions, case studies, and exercises. Annotation copyright by Book News Inc., Portland, OR. *Compendium of Professional Basketball* Robert Bradley, 1999. *Basketball in America* Bob Batchelor, 2005. A pioneering analysis of the history of basketball, its effect on popular culture from the 1970s until the present day. This book is aimed at sports fans, academics alike.
