How to Be a Pickup Artist Kent Lamarc,2019-12-18 Many men have tried to spend time with me to learn what makes me special with women They can t see it because it s not obvious from how I behave or dress It s not even obvious by how I talk And this can be puzzling In other words I m basically impossible to copy So what makes women so attracted to me I m not well build and full of muscles I m not tall and blond I just don t have anything in me or in my behavior that can make me look like a potential threat to other men And yet they perceive me as one But they only perceive me as one once they see all the girls moving towards my side leaning on me and hooking on me Like a Ninja I am impossible to detect until the job is done And that I believe increases the level of mystery in what regards my personality and my social magnetism Now before all that happens there are certainly things I have in me and my capacity to observe that makes me fast and efficient at picking up the best women And in this book I will explain to you how you can develop the same type of qualities The qualities presented here emerge from a peculiar attitude to life one that emanates a vibe women can feel and are unable to resist And it s much more than what shows in confidence but you ll have to read more to find the big secrets that even most PUAs don t know

The Way of the Pickup Artist Iliyan Topchiev, 2023-03-31 Have you ever wondered what's behind the hood of a successful pickup What happens when you learn so many techniques but you actually want to be yourself Because everyone can cover themselves up but is that really the point Is it possible to be yourself and still be successful Yes it is possible Behind the real success with women there are not techniques but principles Deep principles that will be covered in this book And if you live by these principles you will be successful no matter what you are The book *The Way of the Pickup Artist* was born two years after the publication of my first book *The Art of Being Successful with Women* Looking back in time I found that there are quite a few things that could be added to cover the whole picture They are very often subtle and it is difficult to guess about them although they are all the time in front of you One has to devote years of his life to dating and meeting women in order to touch them But with this book I give it all to you ready made This is an upgrade over what you have learned so far a new level in the Game When you study the different methods for picking up girls you are bombarded with conflicting information from all sides Everyone has something new to teach you Sometimes you wonder where to start you feel confused Then this book is for you With it the contradictions end because it will teach you to see things in depth Because techniques are always superficial and contradictory but principles are eternal The book *The Way of the Pickup Artist* has useful things for everyone techniques fun material and even advices for good online game All this is supported by many field reports and stories Still I recommend reading *The Art of Being Successful With Women* first where things are better explained for beginners because this book is kind of a sequel This book aims to guide and inspire you to what you are about to walk Are you ready to take the path of the pickup artist Then it is in front of you
