Library, 1982 *Seventeenth-century Studies* Edmund Gosse, 1883 Literary Research and the British Renaissance and Early Modern Period Jennifer Bowers, Peggy Keeran, 2010-04-13 Recognizing that every literary era presents scholars with particular challenges this volume covers the best practices and describes important reference resources both print and electronic that can be used in conducting literary research of the British Renaissance and Early Modern period Although the primary emphasis is on literature produced in England the guide also covers literature

from Scotland Wales and Ireland This book addresses specific research characteristics integral to studying the period including a more inclusive canon and the predominance of Shakespeare a dual environment of print and manuscript production the challenges of reading early modern handwriting a lack of reviewing media the role of translations and researching non standardized genres among others Central to this volume and to literary research of the era are the equally valid approaches to studying this literature through the more traditional Renaissance lens or through the varying theoretical approaches falling under the rubric early modern Bowers and Keeran explore primary and secondary research resources of this era including general literary research guides union library catalogs print and online bibliographies scholarly journals manuscripts and archives microfilm and digitization projects 17th century periodicals contemporary reception translations and lexicons genres and electronic texts journals and Web resources A final chapter entitled Researching a Thorny Problem demonstrates how many of the research tools and strategies presented in the volume can be employed to explore a question that perhaps has no definitive answer Each chapter addresses how research methods and tools are best used to extract relevant information and compare and evaluate sources The strengths and weaknesses of core and specialized electronic and print research tools and standard search techniques are also examined making this book an invaluable guide to any scholar of the Renaissance and early modern era

RENAISSANCE and SEVENTEENTH - CENTURY STUDIES JOSEPH ANTHONY. MAZZEO, 2021-11-30 First published in 1964 Renaissance Seventeenth Century Studies contains essays which fall into two groups The first four are concerned with problems of metaphor and style and treat two important eras in literary history when these problems underwent critical re examination St Augustine marks the classical attempt to take account of biblical poetics while the two essays on the theory of the metaphysical style treat the attempt of seventeenth century critics to comprehend at the theoretical level the expansion of metaphysical possibilities that marked the metaphysical movement The second group of essays are in general concerned with Machiavelli and Machiavellism and Andrew Marvell However they are again essentially concerned with the way in which crucial metaphors and idea images serve as principles for organising experience both in Machiavelli's own writings and in that of work of Marvell which reflects his influence The final essay Cromwell as Davidic King weaves together Machiavellian and Augustinian strands as they are manifested in the works of a poet of wit the various light of whose mind responded harmoniously to the different currents of thought and taste these essays discuss This book will be an essential read for scholars and researchers of literature literary history political philosophy and philosophy in general
