**The Hidden Face of Feminist Ideology** Conrad Riker, Are you tired of misleading narratives about women's issues? Do you want to understand the female psyche without having to dig through layers of politically correct masking? This eye-opening book delves into the heart of feminist ideology, debunking the myths and revealing the true motives behind the movements that have captured the world's attention. In this groundbreaking exploration, author Conrad Riker uncovers the psychological drivers that lead women to embrace radical ideologies, including the Oedipus complex, penis envy, and the Electra complex. He also sheds light on the impact of father figures and the absence of a paternal figure in shaping women's psyche, revealing the hidden motivations that drive their actions. With discussions on rape fantasies, bondage, submission, and the concept of rape culture, Riker provides a comprehensive and unapologetic analysis of the darker corners of women's desires. The author critically examines the influence of critical theory, gender studies, and the woke movement on women's self-perception, revealing the dangerous dynamics that have shaped the relationships between men and women today. Finally, Riker offers practical advice on how to navigate the complex world of politically correct language, encouraging men to regain their freedom of expression while respecting women's boundaries. If you're ready to uncover the hidden face of feminist ideology, this book is a must-read. Get your copy today and discover the truth about the women's movement that has been hidden from view.

**Reproductive Rites** Sophie Saint Thomas, 2024-10-15 A provocative pop history that explores the witches and witch hunts in the untold story of abortion from the days of Socrates through the Salem Witch Trials and the 1980s Satanic Panic all the way to our fraught present. Not only fascinating and engaging but in our current post-Roe climate necessary with wit, humor, and verve that make it an unputdownable read for every feminist. Jennifer Wright, author of *Madame Restell: The Life, Death, and Resurrection of Old New York's Most Fabulous Fearless and Infamous Abortionist*. For millennia across cultures and continents, both providers and recipients of reproductive healthcare and abortions have been persecuted as witches, whether they actually practiced the craft or not. In this dauntless reassessment of that history, journalist Sophie Saint Thomas follows the tangled threads of witches and reproductive rights through the ages. Along the way, she maintains an intersectional eye toward the communities most affected by reproductive oppression, including Native Americans, enslaved Black women, and trans people, and offers a scathing look at the hypocrisy of anti-choice crusaders from eugenicists in the Church of Satan to an astrology following Republican First Lady. With heart, humor, and deeply researched insights, *Reproductive Rites* brings new context to the urgency of our ongoing fight.
