**The Grants Register 2025** Palgrave Macmillan,2024-08-23 The Grants Register 2025 is the most authoritative and comprehensive guide available of postgraduate and professional funding worldwide It contains international coverage of grants in almost 60 countries both English and non English speaking information on subject areas level of study eligibility and value of awards and information on over 5 100 awards provided by over 1 300 awarding bodies Awarding bodies are arranged alphabetically with a full list of awards to allow for comprehensive reading The Register contains full contact details including telephone fax email and websites as well as details of application procedures and closing dates It is updated annually to ensure accurate information

**FROM IDEA TO IMPACT** Dr. Tejinder Kaur,Rishabh Kumar,2025-04-08 Welcome to From Idea to Impact A Student s Guide to Entrepreneurship a journey designed to inspire educate and empower the next generation of innovators and changemakers In today s fast paced and dynamic world entrepreneurship isn t starting a business it s about turning ideas into real world solutions driving change and creating impact This book is crafted to serve as a practical and insightful companion for students and aspiring entrepreneurs who dream of transforming their ideas into successful ventures It goes beyond theoretical concepts to offer real life case studies actionable strategies and proven frameworks that help bridge the gap between classroom knowledge and market realities From discovering your entrepreneurial mindset and identifying problems worth solving to building a viable business model and navigating challenges in funding marketing and growth this guide walks you through the entire startup journey It is designed to not only ignite your passion but also equip you with the tools needed to thrive in the ever evolving entrepreneurial ecosystem What makes this book special is the collaborative spirit behind it It brings together the voices of experienced mentors industry experts and enterprising students who have dared to dream and do Their shared experiences and wisdom create a rich and relatable resource that encourages learning through both inspiration and experience

Anti-Colonial Global Scholarship Sujata Patel, Maureen A. Eger,2025-11-27 Available open access digitally under CC BY NC ND licence This volume brings together key scholars from across the globe to explore anti colonial and anti imperial perspectives to help transform our ways of the looking at the world Collectively these chapters introduce new frameworks and methodologies that challenge the dominance of Western paradigms while highlighting the multiplicity of issues and

themes emerging from colonized countries past and present By rethinking the foundational assumptions of European history and society this book offers new frameworks to comprehend the past and future of social science and humanities while inspiring readers to approach knowledge about human societies through a truly global anti colonial lens     **Arguing for a General Framework for Mass Media Scholarship** W. James Potter,2008-12-11 Arguing for a General Framework for Mass Media Scholarship challenges scholars and students to consider and reconsider what we know about media and how we think about media As such the book provides an important framework for thinking about knowledge regardless of the discipline The text provides all of the necessary tools to move the field forward in a way that will increase the rigor of the work being done and augment the overall profile of the discipline Dana Mastro University of Arizona In this groundbreaking book W James Potter presents an innovative perspective to media scholars and students who are frustrated with the fragmentation of research findings across so many journals books and fields Arguing for a General Framework for Mass Media Scholarship presents a clear plan for a more efficient way to build knowledge about the mass media so that it can be better organized and made more useful Key Features Conducts an in depth analysis of mass media scholarship s four major facets of effects content audiences and organizations Presents a significant shift in conceptualizing media effects and ways research can be conducted to generate more useful knowledge about media influence Develops narrative line as a tool to guide analyses about how content decisions are made by producers Synthesizes a system of explanation about why audiences attend to certain messages and how individuals construct meaning from those messages Incorporates an analysis of mass media organizations to provide greater context of understanding messages and their effects on individuals and macro units in society The book will play an important role in providing structure to a broad fragmented discipline I believe it will at the very least create important dialogues about what we now know understand about areas of mass media and where we should move as a discipline This book is clearly a call to arms for mass media scholars to ratchet up the quality of research and what we know to see the interconnections within and among strands of scholarship and to move forward in a more efficient organized manner Professor Potter should be commended for this Roger Cooper Ohio University This book is that call to action that comes forward every few years to wake us up and challenge our ways of doing things not by being radical but via synthesis I ve been waiting for several years for a book like this Sahara Byrne Cornell University     **Legal Scholarship as a Source of Law** Fábio Perin Shecaira,2024-07-19 This book offers a philosophical analysis of the role played by legal scholarship in the written judicial decisions of different Western legal systems Based on a positivist and more specifically Hartian theory of law the book discusses the concept of a source of law and the possibility of including within that concept the writings of legal scholars It also discusses the concept of authority and the structure of authority based arguments such as those that judges often employ when referring to legal scholarship in their judgments     *Report* Marine Biological Laboratory (Woods Hole, Mass.),1889     **Developing Digital Scholarship** Alison Mackenzie,Lindsey Martin,2016-10-17

This book provides strategic insights drawn from librarians who are meeting the challenge of digital scholarship utilizing the latest technologies and creating new knowledge in partnership with researchers scholars colleagues and students The impact of digital on libraries has extended far beyond its transformation of content to the development of services the extension and enhancement of access to research and to teaching and learning systems As a result the fluidity of the digital environment can often be at odds with the more systematic approaches to development traditionally taken by academic libraries which has also led to a new generation of roles and shifting responsibilities with staff training and development often playing catch up One of the key challenges to emerge is how best to demonstrate expertise in digital scholarship which draws on the specialist technical knowledge of the profession and maintains and grows its relevance for staff students and researchers This edited collection spans a wide range of contrasting perspectives contexts insights and case studies which explore the relationships between digital scholarship contemporary academic libraries and professional practice The book demonstrates that there are opportunities to be bold remodel trial new approaches and reposition the library as a key partner in the process of digital scholarship Content covered includes the impact of digital scholarship on organizational strategies an insight into new services and roles partnerships and collaborations case studies exploring new technologies to support research and development new approaches to service delivery re visioning of space physical and virtual This is an essential guide for librarians and information professionals involved in digital scholarship and communication who wish to extend their awareness of emerging practices as well as library administrators and students studying library and information science

Examination essays for pupil teachers, scholarship and certificate students and the university local examinations, by T.W. Berry and J.H.J.
