Setting Priorities For Land Conservation:

Setting Priorities for Land Conservation National Research Council, Division on Earth and Life Studies, Commission on Life Sciences, Committee on Scientific and Technical Criteria for Federal Acquisition of Lands for Conservation, 1993-02-01 This book responds to a congressional request to evaluate criteria by which land is acquired under the Land and Water Conservation Fund. The committee reviews criteria and procedures by which four agencies acquire lands for conservation, examines the historic public policy and scientific bases of criteria, and compares them with nongovernmental organizations and assesses the effectiveness of the agencies in preserving natural resources while achieving agency objectives. **Setting Priorities for Land Conservation** National Research Council, Division on Earth and Life Studies, Commission on Life Sciences, Committee on Scientific and Technical Criteria for Federal Acquisition of Lands for Conservation, 1993-02-01 This book responds to a congressional request to evaluate criteria by which land is acquired under the Land and Water Conservation Fund. The committee reviews criteria and procedures by which four agencies acquire lands for conservation, examines the historic public policy and scientific bases of criteria, and compares them with nongovernmental organizations and assesses the effectiveness of the agencies in preserving natural resources while achieving agency objectives.

Committee on Appropriations, 1995 Downsizing Government and Setting Priorities of Federal Programs United States. Congress. House. Committee on Appropriations, 1995

Conservation Trusts Sally K. Fairfax, Darla Guenzler, 2001 In the wake of the Exxon Valdez oil spill, a conservation trust helped stabilize and regenerate the damaged area. When bird habitats along the Platte River were threatened by Grayrocks Dam, a similar trust came to their rescue. And if a family wants to protect its land for future generations, establishing a trust may be the best solution. For more than a century, bequests of land and funds for environmental protection have been common, but in recent decades, the trusts used to address conservation issues and resolve environmental disputes have diversified and grown significantly. This book examines a variety of conservation organizations built on or close to trust principles: some government creations, some private, some combinations of the two, to explain how conservation trusts are created and how they work. It explores strengths and weaknesses of the trust concept, considers the widespread use of land trusts, and presents case studies that both illustrate successes and give instructive examples of potential pitfalls. Drawing on cases from Maine to Hawaii, the authors examine the different kinds and configurations of trusts. They consider government trusts that blend federal, state, and local agencies into a single entity or that derive funding from outside legislative and executive channels; trusts established by government and private cooperation to share responsibility for jointly held and managed resources; and trusts established by private organizations and families. For each type, they explain why each is created, how it operates, and whether it has been proven effective. They also address the important issue of accountability and

consider when a trust is not the answer to a problem As more Americans reject federal control of land in favor of local determination land trusts have become the most popular tool for the preservation of land habitats and species And as the sharing of authority among public private and diverse government partners becomes more prevalent sound guidelines for establishing effective trusts are critical This book shows how the trust template provides an invaluable approach for future conservation efforts and is a primer for anyone involved in environmental management *Federal Register* ,1996-08-16

The National Biological Survey Act of 1993 United States. Congress. House. Committee on Merchant Marine and Fisheries. Subcommittee on Environment and Natural Resources,1993 **General Technical Report RM.** ,1993 *Water Quality Management Bulletin* ,1980 *Proceedings of the Nova Scotian Institute of Science* Nova Scotian Institute of Science,1997 **208 Bulletin** ,1977 **International Social Science Journal** ,2003 *Restoring Diversity* Donald A. Falk,Constance I. Millar,Margaret Olwell,1996 The reintroduction of rare and endangered species to their natural habitat is one of emerging tools of ecosystem management Yet despite hundreds of ongoing projects the biological underpinnings of such activity are poorly understood and important questions remain *Restoring Diversity* provides biological policy and regulatory foundations for successful restoration of rare plants Topics considered include the strategic and legal context for rare plant restoration the biology of restoration use and misuse of mitigation in rare plant conservation and case studies from across the United States *Restoring Diversity* presents model guidelines for the reintroduction of endangered plants guidelines that incorporate ideas contained in the book s chapters with the wide ranging experience of experts in the field It is a pathbreaking work that not only unifies concepts in the field of restoration but also fills significant technical and policy gaps and provides operational tools for successful restorations Regional Cooperation Among Local Land Trusts Travis Richard Olson,1998 **The Northeast's Changing Forest** Lloyd C. Irland,1999 In the first book to review the nature significance and policy issues of the Northeast s forests for a general audience Irland tells the story of the changing forests of the nine northeastern states He reviews their history from the first European settlements to the retreat of farming and forest regrowth in the 20th century *Seattle University Law Review* ,2004 *Proceedings* Nova Scotian Institute of Science,1989 *FAO Watershed Management Field Manual* Ted C. Sheng,1990 *At Risk* University College of the Cariboo,British Columbia. Ministry of Environment, Lands, and Parks,2000 **The Governance of Western Public Lands** Martin A. Nie,2008 Examines the conflict surrounding public land management revealing how problematic language in public land laws scarcity of resources and mistrust cloud the debates and offering a range of solutions to help move beyond the dysfunctional status quo management
