Sex And Dehumanization

Mildred W. Weil

Sex And Dehumanization:

Sex and Dehumanization D. Holbrook, 1972 **Sex and Dehumanization** David Holbrook, 2018-04-24 Never before published in the United States David Holbrook's study offers the sort of common sense all too uncommon in this area of study His essential premise is that sex has become converted from an instrument for the expression of happiness and affection into an end unto itself In the search for sexual liberation all that has been accomplished is the mechanization of sexuality and the destruction of the full range of emotions that nourish the human search for social and biological meaning *Sex and Dehumanization* is one of those rare books that will immediately strike the reader as part of the common wisdom that has somehow been lost in a search for the pleasure principle unhinged from other values and goals During the past quarter century Holbrook argues not only has the concept of sex become increasingly separated from the rest of existence but sex casualties have increased disastrously The spread of AIDS has brought an ominous and deadly manifestation of this thesis into the human equation yet at the same time the response to this menace has been nothing short of manic denial A similar picture emerges in less deadly forms Whatever statistics one examines whether those of sexual activity among young children abortion or sexual disease one finds a grim antidote to any hopes of progress in the sphere of human dealings with the sexual Holbrook locates many of the problems involved in this separation of sex and affection in the emergence of the idea that our lives are governed by impersonal forces beyond human control *Sex and Dehumanization* is in the great tradition of social history and psychiatric analysis Robert Nye writing in the Scotsman says that Holbrook's diagnosis of our unease should be attentively studied by all who really care about sex and love and the responsibility of freedom Gabriel Pearson in the Guardian echoes this sentiment adding that never has such a secular ethic been so firmly and urgently and usefully stated And John Rex sees the book as containing the germs of important and central moral discussion *Sex and Dehumanization in Art, Thought and Life in Our Time* David Holbrook, 1972 **The Prostitution of Sexuality** Kathleen Barry, 1995 Identifies the global conditions of sexual exploitation from sex industrialisation in developing countries to the normalisation of prostitution in the West It considers sexual exploitation a political condition that is the foundation of women's subordination **Dangerous Sex, Invisible Labor** Prabha Kotiswaran, 2011-07-05 Popular representations of third world sex workers as sex slaves and vectors of HIV have spawned abolitionist legal reforms that are harmful and ineffective and public health initiatives that provide only marginal protection of sex workers rights In this book Prabha Kotiswaran asks how we might understand sex workers demands that they be treated as workers She contemplates questions of redistribution through law within the sex industry by examining the political economies and legal ethnographies of two archetypical urban sex markets in India Kotiswaran conducted in depth fieldwork among sex workers in Sonagachi Kolkata's largest red light area and Tirupati a temple town in southern India Providing new insights into the lives of these women many of whom are demanding the respect and legal protection that other workers get Kotiswaran builds a persuasive theoretical case for

recognizing these women's sexual labor Moving beyond standard feminist discourse on prostitution she draws on a critical genealogy of materialist feminism for its sophisticated vocabulary of female reproductive and sexual labor and uses a legal realist approach to show why criminalization cannot succeed amid the informal social networks and economic structures of sex markets Based on this Kotiswaran assesses the law's redistributive potential by analyzing the possible economic consequences of partial decriminalization complete decriminalization and legalization She concludes with a theory of sex work from a postcolonial materialist feminist perspective

Dehumanizing Women Linda LeMoncheck, 1985-06 The book is designed to be of interest to women's studies students wishing an introduction to a specifically philosophical analysis of the problem of sex objectification as well as to philosophers interested in the contemporary moral issues of sexism and sex stereotyping

Sex and dehumanization in art, thought and life in our time David Holbrook, 1972

Sex and the New Morality Frederic C. Wood, 1968 Some limited and enlightened discussion of homosexuality p 134f Peter Thorslev

Good Sex Raymond A. Belliotti, 1993 Rules about sexuality written and unwritten have existed in every culture as have disagreements over what is and isn't acceptable Must morally permissible sex have only one function Must it be heterosexual Must it occur within the confines of the institution of marriage Must it be accompanied by requisite emotions such as love and intimacy

Sex and Sexuality Mildred W. Weil, 1990-02-16 Looking at sexuality openly and in the general social context of our culture and viewing the intra societal influences on the individual's perception of himself makes us aware of the pain individuals encounter because of sexual repression as well as the pain caused by overindulgence and obsessive concern This book is an attempt to establish this awareness by combining theory research results and analyses which permits us to look at the newer codes in relationship to non marital premarital extra marital and marital sexuality Although half the adult population no matter what their personal practice may be believes that sexual intercourse should take place only in the marriage relationship such statistics give us only a partial picture The issues which emerge are complex and dependent on individual circumstances differences found in the norms of varied groups and the vast array of changes present in society Theory research and issues in the area of sexuality are discussed within three conceptual frameworks the family society and the individual as independent systems

Loose Women, Lecherous Men Linda LeMoncheck, 1997-10-09 Linda LeMoncheck introduces a new way of thinking and talking about women's sexual pleasures preferences and desires Using the tools of contemporary analytic philosophy she discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women's sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women's sexuality across a broad political spectrum She argues that in order to capture the diversity and complexity of women's sexual experience women's sexuality must be examined from two equally compelling perspectives that of women's sexual oppression under conditions of individual and institutional male dominance and that of women's sexual liberation both in terms of each woman's pursuit of sexual agency and self definition and in terms of women's sexual

liberation as a class *Loose Women Lecherous Men* sheds crucial new light on such much debated topics as promiscuity adultery sexual deviance prostitution pornography sexual harassment and sexual violence against women Her book supports a dialogue that encourages both women and men to take up a feminist perspective in exploring the meaning and value of sexuality in their lives *Pornography, Sex, and Feminism* Alan Soble,2002-03 In this unabashed defense of pornography from a utilitarian hedonist perspective philosopher Alan Soble strongly rebuts both feminist and conservative critics Soble demonstrates that neither conservative nor feminist critics of pornography show much acquaintance with the genre they criticize This suggests that purely political motives underlie their critiques instead of reasoned objective arguments based on thorough empirical research Soble also faults critics of pornography for their failure of empathy they refuse to see pornographic images from the various perspectives of their viewers In approaching these images literally detractors promulgate the worst possible interpretation of pornography Further they do not do justice to the social and psychological research about pornography and its purported harms Conservatives and feminists manufacture their case against pornography and its consumers based on oversimplified interpretations of the images and a poor understanding of scientific studies This sardonic and well reasoned critique of feminist and conservative moral outrage over pornography is sure to be controversial *The Social Psychology of Gender* Laurie A. Rudman,Peter Glick,2021-07-29 Noted for its accessibility this text now revised and updated to reflect a decade of advances in the field examines how attitudes and beliefs about gender profoundly shape all aspects of daily life From the schoolyard to the workplace to dating sex and marriage men and women alike are pressured to conform to gender roles that limit their choices and impede equality The text uses real world examples to explore such compelling questions as where masculine and feminine stereotypes come from the often hidden ways in which male dominance is maintained and how challenging conventional romantic ideals can strengthen heterosexual relationships New to This Edition Chapter on the sexualization of women s bodies and resistance to it including MeToo Chapter on the harmful effects of real man ideology Numerous new examples drawn from current events Updated throughout with the latest theories research and findings *The Second Stage* Betty Friedan,1998 Betty Friedan argues that once past the initial stages of describing and working against political and economic injustices the women s movement should focus on working with men to remake private and public tasks and attitudes **Out from the Shadows** Sharon L. Crasnow,Anita M. Superson,2012-02-14 This collection draws together 18 mostly new papers on topics in standard areas of traditional analytical philosophy written from a feminist perspective It aims to bring out from the shadows traditional philosophy by challenging it in a constructive socially critical way that is essential for philosophy s fundamental goal of pursuing truth that matters **Love, Sex, and Sex Roles** Constantina Safilios-Rothschild,1977 **Bibliographic Guide to Psychology** New York Public Library. Research Libraries,1999 *Dehumanizing Women* Linda LeMoncheck,1985-06-28 The book is designed to be of interest to women s studies students wishing an introduction to a specifically philosophical analysis of the problem of

sex objectification as well as to philosophers interested in the contemporary moral issues of sexism and sex stereotyping

Sex and the Sanctity of Human Life William E. May, 1984 Theologian William May offers an engaging study of sex in particular the relationship between the natural and the spiritual dimension of human love and reproduction For those who question the common assumption of secular society about the body human sexuality courtship marriage family and children this book presents wise and beautiful insights into the human condition **Sex & Dehumanization** , Printbegr nsninger
Der kan printes kapitelvis
