**Back Up** Liam Mannix, 2023-08-01 Back pain is the one of the world s greatest public health challenges It is the leading reason we visit the doctor the leading reason we take time off work the biggest cause of disability worldwide One in 10 people will develop chronic back pain And rates are growing A multi billion dollar industry exists that claims it can fix back pain by shrinking discs melting nerves cutting spines up and putting them back together Yet leading experts say that more often than not all this expensive medicine is making things worse Liam Mannix is one of the many who experience back pain and he takes this as a starting point for this compelling and urgent

work of investigative journalism A theory has emerged born from cutting edge neuroscience that claims back pain often has little to do with the back or the discs or the spine Instead back pain is all about the brain This new science offers new solutions including remarkably evidence that just by teaching people this theory of pain we can reduce it Forget everything you think you know about back pain This book will do your head in which is exactly what needs to happen That s where the answers lie Dr Norman Swan medical journalist and host of ABC Radio s Health Report Back pain is the leading cause of disability in Australia and this book argues that this need not be the case When the biggest predictor of chronic back pain is job satisfaction something is wrong with our anatomic mechanistic understanding of this common condition Back Up sets the record straight by confronting our current understanding of pain and chronic pain in particular Ian Harris Professor of Orthopaedic Surgery and co author of Surgery the Ultimate Placebo A surgeon cuts through the evidence Back Up is an important book for anyone with chronic pain to read It illustrates how too much medicine is significantly harming patients rather than helping them It should be a wake up call for health professionals and patients Sophie Scott Adjunct Associate Professor in Science Communication and former ABC national medical reporter This bold and engaging investigative book by Liam Mannix will have you questioning what you thought you knew about the back and how we experience and treat pain Aisha Dow health editor with The Age
