Adidas Science Experiments This Month

Peter Bug

Adidas Science Experiments This Month:

Critical Animal and Media Studies Núria Almiron, Matthew Cole, Carrie P. Freeman, 2015-10-14 This book aims to put the speciesism debate and the treatment of non human animals on the agenda of critical media studies and to put media studies on the agenda of animal ethics researchers Contributors examine the convergence of media and animal ethics from theoretical philosophical discursive social constructionist and political economic perspectives The book is divided into three sections foundations representation and responsibility outlining the different disciplinary approaches application to media studies and covering how non human animals and the relationship between humans and non humans are represented by the mass media concluding with suggestions for how the media as a major producer of cultural norms and values related to non human animals and how we treat them might improve such representations

Fashion and Film Peter Bug, 2019-09-17 This book aims to explore various aspects of the use of moving images in fashion retail and fashion apparel companies in store or online The use of moving images is growing in numbers and in relevance for consumers Films can be used in various forms by fashion businesses in traditional media like cinema or TV and in modern forms like in social media or moving images in high street stores The book provides a data oriented analysis of the state of the art with certain future outlooks Additional areas of covering fashion in moving images such as fashion company identity films or fashion and music videos are covered in order to get a more complete analysis from a consumer influenced perspective

The Economist, 2008

Marketing Robert W. Palmatier, Andrew Crecelius, 2025-02-20 An introduction to marketing theory and practice based around Palmatier's acclaimed first principles this textbook provides a global perspective and an abundance of engaging case studies Palmatier's four principles all customers differ all customers change all competitors react all resources are limited provide a framework for understanding the diverse and idiosyncratic world of modern marketing Whether offline or digital B2C or B2B products or services domestic or international the same principles apply This textbook dives headfirst into marketing controversies Unique learning features Marketing Fail and Shades of Grey capture the messy reality of the business world and encourage students to reflect critically on both sides of a debate A focus on application means that a large share of the text is devoted to case studies featuring contemporary organisations such as Beyond Meat Zoom IKEA and the World Health Organization The perfect textbook for introductory modules on the essentials of marketing Marketing Based on First Principles provides a unique and dynamic approach allowing students to develop effective and flexible methods to deal with diverse and complex problems of marketing today
