Overthinking Carmen Betancur, 2020-03-27 Are you sick and tired of watching your life pass you by Pay close attention here because the life of your dreams is closer than you might think We've all been there life is overwhelming complicated confusing and yes within it all you still seemingly have all that a person should ever need to feel happy and fulfilled But for some reason you just don't feel this way There's an emptiness inside of you that you can't seem to escape and no matter what you do it just seems to keep getting worse The answer to a life of fulfillment gratitude and undeniable happiness protruding from every pore of your being is simply this you need to understand your mind In Overthinking you'll discover What are the 8 most common negative thought patterns and how to combat them The most straightforward guide to facing your emotional triggers and rewriting your thought process loops that is out there The first steps you should take to reduce the clutter in your mind Powerful tools for separating yourself from your mind How to make a smart plan and keep yourself on track with PACT 5 ways in which becoming your own best friend can lead to a calm life filled with optimism you deserve An idiotproof path to rebuilding self worth The most important things not to do when rewriting your brain saving you valuable time and energy and so much more Overthinking is the 1 guide to understanding your mind and your emotions so that you can navigate your life in any direction you want No more wondering if it's possible no more daydreaming of a future where things might get easier No more of this comparing yourself to others and feeling incomplete as a result It is yours for the taking if you would understand your mind and begin to actively take back control
