Winning At Retail Willard N. Ander, Neil Z. Stern, 2010-12-20 Praise for *Winning At Retail*: *Winning at Retail* offers the most effective strategies available for retailers. At McDonald's, the Quick EST model is crucial because being close and convenient to where our customers live, work, and shop helps us create maximum value. If you want to harness your company's strengths to become a leader in your category and stay in tune with what your customers want, this is the book for you. Jim Rand, Senior Vice President of Business Development, McDonald's Corporation. *Winning at Retail* provides a thoughtful approach to retail differentiation. Ander and Stern warn of the treacherous middle into which retailers too easily drift. They inspire us to avoid this peril through case studies of retailers who have assumed leadership through courageous choice. Robert L. Price, Senior Vice President and Chief Marketing Officer, Wawa. In a difficult retail environment, this book provides crucial guidance for staying on top of your competition by taking the customer seriously and leveraging your strengths to provide experiences that increase customer loyalty. Will Ander and Neil Stern elegantly argue that you can't always be the biggest, fastest, and trendiest place on the block, but it takes only one of these ESTs to be a category leader. Businesses big and small can benefit from the carefully distilled lessons in this book. Bernd Schmitt, Professor of Marketing, Columbia Business School, and author of *Customer Experience Management*.
