Pre-Raphaelite Portraits Andrea Rose, 1981 Paintings and Drawings of the Pre-Raphaelites and Their Circle Fogg Art Museum, 1946 *The House of Fiction as the House of Life* Francesca Saggini, Anna Enrichetta Soccio, 2020-05-15 In recent years the interest in the house has grown irresistibly to the point that in many ways houses seem to be situated at the very core of the creative artistic and cultural domains of contemporaneity Their presence sprawls across the media from magazines to TV programmes and across the globe possibly because as repositories of the human houses have a long standing and profound connection not only with men and women but at a deeper level with the ways of representing man's world across its declinations of gender class and race Houses the perennial ubiquitous and silent background to our daily lives could many a tale unfold the tales of their inhabitants and in their relationships with others of the times they lived in of their configurations of the world as well as the visions and nightmares of the artists who created them This collection offers a comprehensive and transdisciplinary look at the paper houses of English Literature in the eighteenth and nineteenth century Among the configurations addressed the authors investigate the domestic spatialization of authority gendered houses narratives of household construction and deconstruction exotic mansions fin de siècle habitats haunted edifices and houses in detective and Gothic fiction *Arthur O'Shaughnessy, A Pre-Raphaelite Poet in the British Museum* Jordan Kistler, 2016-02-26 Arthur O'Shaughnessy's career as a natural historian in the British Museum and his consequent

preoccupation with the role of work in his life provides the context with which to reexamine his contributions to Victorian poetry O Shaughnessy's engagement with aestheticism socialism and Darwinian theory can be traced to his career as a Junior Assistant at the British Museum and his perception of the burden of having to earn a living outside of art Making use of extensive archival research Jordan Kistler demonstrates that far from being merely a minor poet O Shaughnessy was at the forefront of later Victorian avant garde poetry Her analyses of published and unpublished writings including correspondence poetic manuscripts and scientific notebooks demonstrate O Shaughnessy's importance to the cultural milieu of the 1870s particularly his contributions to English aestheticism his role in the importation of decadence from France and his unique position within contemporary debates on science and literature

Raphaelite Brotherhood in England as a reaction against what they saw as the stylistic pretenses and unworthy subject matter of the art of their day. They created an entirely new style of painting that looked back to the romance of medieval chivalry and also documented contemporary Victorian social themes. **The Pre-Raphaelites** Tate Gallery, 1984. In recent years there have been excellent one man exhibitions of the major Pre Raphaelite artists but no really comprehensive exhibition has ever been devoted to Pre Raphaelite painting as such. In mounting the present exhibition we have tried to bring together as many as possible of the essential works of the movement so as to give a more complete account than has been possible in the past. The strictly chronological arrangement we have adopted affords a unique opportunity to examine the changing affinities and divisions between the protagonists of Pre Raphaelitism as well as allowing us to reunite paintings by different artists which were first shown together in the exhibitions of the time.
